Parking Rates for City Facilities

The City manager may set a rate\* for public use of a City parking facility in an amount not to exceed:

\$10.00	per vehicle in/out for evening rates	\$10.00	per vehicle in/out for evening rates
\$25.00	per day for day- time rates	\$25.00	per day for day- time rates
\$300.00	per month for day-time contract parking rates	\$300.00	per month for day-time contract parking rates

\*The rate must be commercially reasonable with respect to the location of the facility and comparable business practices in the vicinity of the facility; provided, however that a parking rate may be waived or modified by the city manager:

- (1) To avoid financial hardship to a member of the public in an emergency situation, enhance public convenience, safety, or improve efficiency of a parking facility;
- (2) To comply with the terms of a parking contract authorized by the city council;
- (3) To facilitate public access to city officials and meetings; or
- (4) To reduce street congestion during significant public events attracting large numbers of people at a venue in the vicinity of a parking facility.

Note: These authorized parking charges apply to City parking facilities unless a fee for a specific event or location is otherwise prescribed in this fee schedule or other ordinance.
