MR. GEORGE SANDLIN, with C. D. WILSON and D. L. WELCH, appeared before the Council asking that it consider the postponement of the Austin Housing Authority's building program; that since the time it first came up, there have been regulations by the Government curtailing the construction of private homes. He stated more curtailment in building was yet to come and he urged the Council to consider the postponement of the building program. MR. W. H. BULLARD, First Austin Investment Corporation, stated that private building was being held up also because of lack of pipes, etc., and their program was practically out. He asked also that the Austin Housing Program be slowed down or completely stopped; as the Housing program was only to apply to supplying homes when private enterprise could not, and that the Housing program should be suspended until the time its functions were needed. MR. FRED MORSE stated he was in favor of clearing the slums, but did not feel that the government should step in. He stated that with world conditions as they are and defense spending as necessary as it is, he could not see spending this money in competition with private enterprise. Mr. Morse felt this housing program should be postponed until conditions warrant such a program. MR. W. E. BIGGS, President of Austin Home Builders' Association, stated his group felt the same way about the program. MR. JOE HILL pointed out certain provisions of the resolution adopted by the Council on April 27, 1950, whereby when the 520 units were built, 520 slums would

be cleared. He stated the Council by adoption of this resolution was duty bound to suspend the action of the Housing Authority until the contract with the citizens was carried out. MR. HERMAN JONES spoke stating the Housing Act of 1949 took care of the situation with regard to war conditions or economic conditions; and if it were determined not to be in the interest of public welfare and contrary to the war effort, the program would not go on. He invited citizens to attend the Board meetings of the Austin Housing Authority. MAYOR PRO-TEM DRAKE thanked the group for coming up and stated the Council would discuss this further.

Later in the meeting, in a brief discussion, the Council indicated it would like to have a meeting with the Housing Authority, and also see just how far the contract with the Housing Authority extended. The City Attorney was instructed to check into this.

In the discussion of the Housing Building Program, Mayor Glass entered the Council Room, and at this point took the chair.

Councilman Johnson moved that the City Council go on record as favoring the three major projects which the Mayor had suggested as first to be considered: water, sewer, and the bridge. Other members of the Council stated they would like to study over the whole program. Councilman Johnson then withdrew his motion.

Councilman Long made inquiry about the report on the box houses in the 3600 block of East 17th Street, which had been called to the Council's attention the previous week. The City Manager reported that he had inspected them personally and they were better houses than most box-houses; they were being wired, and were to have bathrooms installed; and they are to be painted and will meet the City requirements. Councilman Long asked if they were spaced correctly on the area or if they were crowded. The City Manager stated they were correctly spaced. Councilman Long asked if the building code could be rushed up. The City Manager stated the Building Code Committee was working on this; and it was a major job and took a lot of detailed work.

Councilman MacCorkle offered the following resolution and moved its adoption:

(RESOLUTION)

WHEREAS, on or about the 13th day of March, 1930, Augusta L. Wende and husband, John C. Wende, and Emma L. Otto conveyed to the City of Austin a certain tract of land containing 9,946 square feet, same being out of and a part of Lots 1 and 2 of Block 13 of the Original City of Austin, Travis County, Texas, which conveyance is recorded in Book 450 at pages 55 and 56 of the Deed Records of Travis County, Texas; and

WHEREAS, the description in said deed was defective; Now, Therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That the City Manager be and he is hereby authorized to execute and accept that certain instrument correcting the description of the above mentioned tract to be executed by Augusta L. Wende and Husband, John C. Wende, and W. Trenckmann, Guardian of the Estate of Emma L. Otto, to the City of Austin.

The motion, seconded by Councilman Long, carried by the following vote:

Ayes: Councilmen Drake, Johnson, Long, MacCorkle, Mayor Glass
Noes: None

The question of the Thanksgiving Holidays was brought up for consideration of the Council. It was stated the Retail Merchants had set the 30th as the official Thanksgiving, but that some stores were to be closed both days. Councilman Johnson moved that the City not observe the 23rd, but observe November 30th, 1950, as the official Thanksgiving Day, and be closed on that day. The motion, seconded by Councilman Drake, carried by the following vote:

Ayes: Councilmen Drake, Johnson, Long, MacCorkle, Mayor Glass
Noes: None

The City Manager submitted the question of pay for the Election judges and clerks who served in the Special Election on November 6, 1950. Councilman MacCorkle moved that the State and County procedure be followed, and the City pay in accordance with the State statutes. The motion, seconded by Councilman Drake, carried by the following vote:

Ayes: Councilmen Drake, Johnson, Long, MacCorkle, Mayor Glass
Noes: None

M. L. COOPER appeared in protest, as he didn't want the sale of liquor in the neighborhood. Councilman Drake, noting this was a spot zone, but noting another application in this neighborhood which would extend the "C-1" zoning, moved that the recommendation of the Zoning Board be upheld, and the requested change granted, and the City Attorney be instructed to draw up the necessary ordinance. The motion, seconded by Councilman Long, carried by the following vote:

Councilman MacCorkle moved that the recommendation of the Zoning Board of Adjustment be upheld, and the requested change be granted and that the City Attorney be instructed to draw up the necessary ordinance. RECOMMENDED "B-1" by
the Zoning Board of
Adjustment

MR. R. B. THRASHER, represented opposition to this change, and stated the property on Longview Street held deed restrictions as to where it could not be used as the applicants desired. He felt the two applications should not be considered together. He expressed opposition to the construction of a Fraternity House, and even an apartment house, as Longview Street is so narrow, it could not take care of additional traffic or parking spaces. MR. FRANK DAMUS, Attorney for Mrs. Burrows, pointed out that the area surrounding this location was either "B" or "B-1", and the property would not be good now for "A" Residential, as everything around was "B" or "B-1". MRS. RATCHFORD appeared in her behalf, stating the Council had zoned the other property and in turn had helped to make her property practically "B-1" in nature without changing it. MRS. F. R. HAILE, MR. JOSEPH JAMES, MARGARETE CRAIG, MR. C. SIMPSON and others appeared in protest. The Council decided to postpone action on this request and go inspect the property in person, and make its decision the following week.

REV. J. T. THOMAS

806 East 13th Street

From "B" Residence
To "C" Commercial
NOT RECOMMENDED by the
Zoning Board of Adjust-
ment.

Rev. J. T. Thomas appeared in his own behalf, stating he had a temporary permit at this location to sell groceries; and he left the city for a few months and lost his permit. It was brought out that the Zoning Board had been requested not to grant any more temporary permits. Councilman Drake moved that the recommendation of the Zoning Board be upheld and the requested change not granted. The motion, seconded by Councilman MacCorkle, carried by the following vote:

Ayes: Councilmen Drake, Johnson, Long, MacCorkle, Mayor Glass
Noes: None

MISS MAE MATTHEWS, 1808 West 6th Street, appeared before the Council, complaining of the whistling of the train at the underpass at West 6th. She stated they were switching cars all hours of the night. COUNCILMAN DRAKE stated he was checking into this matter, and he would see what he could work out with the Railroad Company.

Councilman Long submitted the following proposition on a paving policy, which she wanted the Council to study and the City Manager to check and report back to the Council. She stated it would be well to have a policy set out before the City went into the spending of the bond money. The proposed policy is as follows:

A PROPOSED PAVING POLICY FOR THE CITY OF AUSTIN TO GOVERN NEW PAVING
EXPENDITURES UNDER THE 1950 BOND PROGRAM

1. Continuation of the assessment-type paving program, with the City paying 20% of the cost of paving, plus 100% of the cost of intersections, and with property-owners to continue to be responsible for curbs and gutters.
2. Reduction of interest rate to 4% (now 5%), with the City investing its pension reserves in paying notes and permitting paving payments to be made monthly on water and light bills.
3. Administrative costs of paving contracts to be reduced by having City personnel, assisted by neighborhood civic clubs, get all the papers signed.
4. Adoption of three grades of paving:
 - a. Residential -- light permanent paving.
 - b. Light business -- Approximating the present all-over grade.
 - c. Thoroughfare or heavy commercial.
5. Standard width of streets for which property-owners will be responsible to be 30 feet in residential areas and 50 feet in commercial or industrial. When the City feels that a residential or commercial street should be made a thoroughfare of 50 or 60 feet, the added cost for that added width should be borne by all the taxpayers of the City, through 100% City payment from bond funds.
6. Requirement that sub-dividers, as a part of their application for approval of their subdivisions, agree to pave the streets to standards set in Proposal 4, with the City Manager designating which streets are to be (a), (b) or (c)-type paving, and with the City sharing on thoroughfares.
7. Levelling and smoothing of all railroad crossings in the City, with total costs to be assessed against the railroads as provided in the City charter.
8. The next assessment program to include the filling of all gaps or skips in existing permanent paving, at 100% assessment, if possible, since City has already paid its share of the costs of these streets, and so have adjoining property-owners.
9. Permit property-owners to choose 3,5,7 or 10-year pay-out periods on paving notes.
10. Preparation of a folder outlining clearly the City paving policy as adopted by the Council and the procedure for getting streets paved. Folder to be distributed to all residents with water and light bills, so all will have an equal chance to get their streets improved.
11. Working out, after a study by school and traffic officials, a sidewalk assessment program on the routes to all Austin schools which do not now have sidewalks in their areas, and permitting payment for the sidewalks under the same terms as provided for paving.

A discussion was held on this question, particularly to the financing of the paving program. It was stated the banks were checking to see if they could work out something on a revolving fund plan. Other plans were suggested, such as paying on a refundable contract basis. The discussion was brief, and the matter was to be studied and discussed at a later date.

The Council received a report from the City Manager that the following applications for change of zoning had been referred to the Zoning Board of Adjustment for consideration and recommendation:
