The matter was referred to the

Director of Public Works for such inspection as may be necessary.

The following report of the Board of Adjustment was received:

"ZONING BOARD OF ADJUSTMENT
AUSTIN, TEXAS
ZONING CHANGE RECOMMENDATION

Applicant: Mrs. Geo. R. Felter

- I. Referred to the Board by the City Council on : February 5, 1948
- II. Property affected:

104'x125' tract out of Lot 6, being located at the southwest corner of Waterston and Charlotte Streets.
- III. To be changed

From : "A" Residence District

To : "B" Residence District
- IV. Considered by the Board on : February 17, 1948, and February 24, 1948.
- V. Parties appearing:

For : Mrs. Geo. R. Felter

Against:None
- VI. Action of the Board: Change not recommended.

For the following reasons:

1. This property is a small tract, 104'x125', at the southwest corner of Waterston and Charlotte Streets, on which the applicant has constructed three separate dwelling units, and on which she is asking for a change to "B" Residence District to permit an additional two-unit garage apartment instead of one unit as now permitted.
2. Two of the existing dwellings now face Charlotte Street and the third fronts on Waterston Street, which is only 15 feet in width, and the proposed dwelling would be on the rear of the property with an easement connection to a street.
3. The Board deemed, after thorough investigation and study, that to grant this change would be creating a spot zone in this block for the sole purpose of permitting the applicant to crowd the property beyond that permitted under the existing zoning, and that since Charlotte Street is only 15 feet wide, and technically an alley, with two additional lots on the

above property being adjacent to this street, it would add to the traffic congestion and hazards to increase the traffic thereon by additional dwelling units on this property with access thereto, and further deemed that the applicant would not be penalized in denying the change since a single-family unit could be constructed under the present regulations for which access can be provided to Waterston Street, which is a normal street.

(Sgd) H. F. Kuehne
Chairman. "
