

MINUTES OF THE CITY COUNCIL

CITY OF AUSTIN, TEXAS

Regular Meeting

April 22, 1948

10:50 A.M.

Council Chamber, City Hall

The meeting was called to order, with Mayor Miller presiding.

Roll call

Present : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry - 5

Absent : None

Present also: Guiton Morgan, City Manager; J. E. Motheral, Director of Public Works; Trueman E. O'Quinn, City Attorney; and R. D. Thorp, Chief of Police.

The reading of the Minutes was dispensed with.

A group of citizens living in the vicinity of 42nd and Red River Streets, H. C. Nelle, spokesman, came before the Council and protested the erection of hutments in the 4200 block of Red River Street, declaring that same are being built of scrap lumber and are the type that will depreciate the residential value of their property. The Council took the matter under advisement for an inspection on the ground, and to see what the City can do in the matter.

Pursuant to published notice thereof, the public hearing on the application of Lewis R. Fisher to amend the Zoning Ordinance in the following particulars:

To amend the USE designation of the following described property so as to change the same from "A" Residence District to "B-1" Residence District:

Lots 11 to 19, Block 2; Lots 1 to 17, Block 3;
and Lots 1 to 7, Block 4, of Carrington Subdivision, in the City of Austin, Travis County, Texas, located between West 19th and West 22nd Streets from a point 160 feet west of Cliff Street to the alley east of David Street,

was duly opened.

The following appeared and plead for the change, substantially as follows:

Lewis R. Fisher, proponent, and his attorney, Jerome Sneed, who declared that the property on the north, the south, and the east is zoned as "B-1" Residence District, and on the west there is a natural barrier or cliff; that the change is being asked for to permit the erection of multiple apartments; that a majority of the property owners in the area favor the change; that the objectors to the change built there before the Zoning Ordinance was passed and are connected with the University of Texas, and having bought prior to the Zoning Ordinance should not complain now that the zoning should not be changed to take care of the needs of the University; that there is a crying need in that area for multiple housing units from the standpoint of the University; and asked that the change be granted on the basis that a majority of the people in the area favor it, that it will serve the needs of the University; and that there is a natural barrier on the west that will stop encroachment in that direction.

Letters from Miss Fannie Cherry, William Maxwell, Mrs. Jeff Reese, and Mrs. Chas. Granger favoring the change were received.

The following appeared in opposition to the change, substantially as follows:

R. B. Robbins, by proxy, stated that he was opposed to the change.

J. C. Hinsley, attorney for Dr. Oliver N. Radkey, 1208 West 22nd Street, who also owns houses at 1206 and 1208 West 22nd Street, declared that this property is primarily residential and has been for many years; that statistics show that the enrollment of students at the University is on the decline and therefore the need for housing is not so great; that there has been no substantial change in the character of the neighborhood since a similar zoning change was denied on the property at 1909 Cliff Street about a year ago; that there are a number of old-time residents who bought property there because it was residential, many of whom are University professors who need a quiet place for study.

Mrs. Donald Stevens declared that this area is predominantly single family dwellings and if changed to "B-1" Residence there is only one vacant lot that could adapt itself to apartment use, the remaining buildings would have to be temporary structures in a residential area; that she is vitally against the change and sees no need for the entire neighborhood to be sacrificed for this one house; and that the people immediately concerned in the area and surrounding it on the west and the north are against the change.

G. M. Howell and a number of other property owners opposed the change, declaring that the property is eight or nine blocks from the University and there is no transportation for the students going back and forth, and from this standpoint the change is not practicable.

Written protests from Mari Goff, Donald P. Stevens, Miss Kathleen Howell, Mrs. Eileen O'Reilly Howell and G. M. Howell, and a petition by twenty-six property owners opposing the change were received.

All property owners or other interested persons having been given an opportunity to be heard, Councilman Thornberry moved that decision on the

matter be deferred in order that the Council may make an inspection of the property. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Nees : None

Pursuant to published notice thereof, the public hearing on the application of A. C. Cade, Lessee, to amend the Zoning Ordinance in the following particulars:

To amend the USE designation of the following described property so as to change the same from "C" Commercial District to "C-1" Commercial District:

Lots 7, 8, and 9, and a part of Lot 10, Block 27,
Division E, being located at the southwest corner
of 19th and San Antonio Streets, in the City of
Austin, Travis County, Texas,

was duly opened.

The following appeared and plead for the change, substantially as follows:

Morin M. Scott, one of the lessors of the property, declared that the change was being asked for in order to sell beer with food in his restaurant, this being necessary in order to meet competition from other eating establishments in the vicinity.

The following appeared and spoke in opposition to the change, substantially as follows:

Mrs. Mitchell stated that she objected to the change as their home is next door.

Mrs. Rufus B. Wright stated that she was opposed to the change as there was too much noise now, and if beer were put in there it would be unbearable.

Mr. R. C. Ammann stated that he was opposed to the change, not especially because of beer.

Mrs. Jack O. Hays and Mrs. Frank Lee opposed the change on the grounds that it would increase the noise and disturbance there.

Mrs. L. H. Hightower and Mrs. J. L. Fomby each objected to the change on account of their student houses, declaring that it was not conducive to the welfare of such students.

Mrs. Lawrence Stevenson, representing the Council of Church Women, opposed the change, stating that she had talked with Dean Nowotny of the University of Texas and he was definitely against it. She stated further that she lived in that neighborhood and opposed it on that account.

All property owners or other interested persons having been given an opportunity to be heard, Council took the matter under advisement for

for further study.

Pursuant to published notice, the public hearing on the application of W. A. Driscoll and W. D. Moritz to amend the Zoning Ordinance in the following particulars:

To amend the USE designation of the following described property so as to change the same from "A" Residence District to "C" Commercial District:

Lots 1, 2, 3, 4, 5, 6, and 7, Block 6, Lee's Hill Subdivision, being a triangular tract located between Alice Avenue and Bellvue Avenue south of West 42nd Street in the City of Austin, Travis County, Texas,

was duly opened.

The following appeared and plead for the change:

W. D. Moritz, proponent, declared that there was no reason why the property should not be changed to "C" Commercial as all the property above it is commercially zoned.

A written communication from John F. Stanford, 1107 West 42nd Street, approving the change, was received.

The following opposition to the change was submitted:

A petition signed by twenty-four property owners and residents of Lees Hill Subdivision opposing the change was received.

All property owners or other interested persons having been given an opportunity to be heard, the Council took the matter under advisement for an inspection of the property, and to find out what deed restrictions there are prohibiting the use of the property for commercial purposes.

Pursuant to published notice, the public hearing on the application of Father Francis R. Weber for the Holy Cross Church to amend the Zoning Ordinance in the following particulars:

To amend the USE designation of the following described property so as to change the same from "A" Residence District to "B" Residence District:

A 14-acre tract of land out of Outlot 48, Division "B", located in the 2600 block of East 19th Street, in the City of Austin, Travis County, Texas,

was duly opened.

No one appeared to protest the change.

Thereupon Councilman Thornberry moved that the action of the Board of Adjustment be sustained and the change be granted, and the City Attorney

be instructed to prepare the ordinance. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Noes : None

Pursuant to published notice thereof, the public hearing on the application of S. R. Fulmore, Agent for various property owners, to amend the Zoning Ordinance in the following particulars:

To amend the USE designation of the following described property so as to change the same from "A" Residence District to "C" Commercial District:

Lots 8, 9, 10, and 11, Block A; Lots 1 and 2, Block B; Lots 1, 2, 3, 4, 17, 18, 19, and 20, Block C; Lots 1 and 3, Block D; Lots 1, 2, and 3, Block I; Lots 1, 2, 3, 4 and 5, Block H; Lots 1, 2, 3, 4, and 5, Block G; Lot 1, Block F, all being in Plaza Place and located on the east and west sides of Shirley Avenue from south of Brentwood Street to Raymond and Canon Streets in the City of Austin, Travis County, Texas.

was duly opened.

S. R. Fulmore plead for the change on the grounds that about a year and a half ago the City Plan Commission recommended zoning all property on the Dallas Highway from Alta Courts east as commercial, and in August, 1946, the north end of Shirley Avenue was zoned as commercial; that there is only one residence there now, owned by Paul O. Simms, and he is in favor of the change.

The following appeared in opposition to the change, substantially as follows:

A. B. Beddow, representing the Austin Development Company and several of the property owners and residents in this Addition to whom he sold lots, opposed the change, declaring that at the time the Addition was planned and taken into the City, a commercial area was provided for on the original plat and restrictions were put in the deeds limiting the other lots to residential use only; that there is no need for extending the commercial zone in that area at the present time for the benefit of one party.

Chas. Herring, attorney for Mrs. Claude T. Johnson, stated that if this change is granted, his client wants her property changed also.

All property owners or other interested persons having been given an opportunity to be heard, the Council took the matter under advisement for an inspection of the property.

The Council set Monday, April 26, at 2:30 P. M., as the date for hearing tax appeals, and directed that the first ten appellants on the list be notified to be present at that time.

L. C. Hausman came before the Council and submitted an offer to sell the City his property on East Avenue for right-of-way for a consideration of \$7,548.00, this price to include the land only, the owner to keep the improvements and move them off the ground at his expense, but said price was not to include the triangle for the overpass, which the owner wanted to reserve; however, if sold to the City the price would be \$218.00 additional. It was the sense of the Council that the offer be accepted, with the understanding that the triangle be included at an additional cost of \$218.00, the City agreeing to turn it back to the owner if not needed for the overpass at the price paid for it. The matter was then referred to the City Manager to have the necessary papers prepared.

The application of Ted Wendlandt, Agent for Jay H. Brown, for a change in zoning, from "A" Residence District to "C" Commercial District, of the south 9 feet of Lot 81 and all of Lots 82 to 86, inclusive, Oakwood, Outlots 72 and 75, Division "D", was received. Councilman Bartholomew moved that the matter be referred to the Board of Adjustment for consideration and recommendation. The motion carried by the following vote:
