The following report of the Board of Adjustment was received:

"ZONING BOARD OF ADJUSTMENT
AUSTIN, TEXAS
ZONING CHANGE RECOMMENDATIONS

Applicant : D. Milicia, owner, and Calvin C. Riggs and W. P. Whited,
Lessees.

I. Referred to the Board by the City Council on: April 15, 1948

II. Property affected:

Lot 11, Pace Addition, Outlot 12, Division #0#, being known as
2713 East 5th Street

III. To be changed

From: "D" Industrial District

To : "C-1" Commercial District

IV. Considered by the Board on : April 26, 1948

V. Parties appearing:

For : Calvin C. Riggs

Against: Robt. B. Thrasher, representing various property owners.

VI. Action of the Board: Change not recommended

For the following reasons:

1. Several previous requests for zoning changes on this lot and property across the street have been considered by both the Board of Adjustment and the City Council and were denied for the following reasons:

Opposition from property owners in this area has been expressed at each hearing.

The property in this neighborhood is zoned for industrial purposes and the proposed change would place a more restricted district in the center of an industrial area adjacent to the railroad tracks and in a section of the City where industrial development is encouraged and shown on the master plan of the City.

Small, isolated zones for limited use by only one individual should not be established since they would be difficult to regulate and police.

2. The Board still feels that it is unwise to make this change for the same reasons and that the sale of beer, wine and liquors should be confined to the zones in which it is now permitted.

(Sgd) H. F. Kuehne
Chairman.

Councilman Glass moved that a public hearing on the above change be called for Thursday, May 20, 1948, at 11:00 A. M. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Noes : None

The following report of the Board of Adjustment was received:

"ZONING BOARD OF ADJUSTMENT
AUSTIN, TEXAS
ZONING CHANGE RECOMMENDATION .

Applicant: Mr. and Mrs. Walter F. Kuehne

- I. Referred to the Board by the City Council on : April 15, 1948

- II. Property affected:

Lots 1 and 2, Block 141, of the Original City of Austin, being located at the northeast corner of East 11th and Sabin Streets

- III. To be changed

From : "B" Residence District and First Height and Area District

To : "C" Commercial District and First Height and Area District

- IV. Considered by the Board on : April 26, 1948.

- V. Parties appearing:

For : Mrs. Walter F. Kuehne

Against:None

- VI. Action of the Board: Change recommended to include Lots 1 and 2, Block 141, also Lots 5 and 6, Block 118, and also Lots 3 and 4

of this block, and Lots 3 and 4 of Block 140, all of the Original City.

For the following reasons:

1. This application is for a change of zoning on two lots which are located south of property owned by the Samuel Huston College and occupied by a science hall and being used temporarily as a trailer housing project for students across 11th Street from the former Bickler School which is now being used as offices by the Austin School Board, and also across 11th Street from a non-conforming commercial building at the southwest corner of the intersection. The property across Sabine Street is covered with sub-standard Negro and Mexican dwellings which virtually create a slum condition.
2. The applicant affirms that the property requested to be changed is no longer desirable for residential purposes because of these surrounding conditions and is asking for a commercial zone.
3. Since this application was filed, Mrs. Porfiria M. Velasquez, Louis Silberstein, Mrs. Mary Stephens, Mrs. Julius Alexander, and Henry Wendlandt for the A. T. Quisenberry Estate, have either joined the appellant and asked that their property be included in the change or have expressed themselves as having no objection to being included.
4. The Board deemed that it would be advisable to change all of the property on the north side of East 11th Street between the present commercial zone along Red River Street and East Avenue and that on the south side between the commercial zone and Sabine Street to a "C" Commercial District because of changing conditions in this section of the City and because of development on adjacent property.

(Sgd) H. F. Kuehne
Chairman.

Councilman Thornberry moved that a public hearing on the above change be called for Thursday, MAY 20, 1948, at 11:00 A. M. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Noes : None

The following report of the Board of Adjustment was received:

*ZONING BOARD OF ADJUSTMENT
AUSTIN, TEXAS
ZONING CHANGE RECOMMENDATION .

Applicant: A. F. White, by his attorney, Robt. B. Thrasher

- I. Referred to the Board by the City Council on : April 15, 1948
- II. Property affected:

Lots 14, 15, and 16, Block M, of Bouldin Addition, being located at the northwest corner of West Mary and South 4th Streets, and locally known as 900-902 West Mary Street.

III. To be changed

From : "A" Residence District

To : "C" Commercial District

IV. Considered by the Board on : April 26, 1948

V. Parties appearing:

For : Robt. B. Thrasher and A. F. White

Against: None

VI. Action of the Board: Change not recommended

For the following reasons:

1. The property requested to be changed includes one lot on which a change of zoning was requested in July of 1945 and which was denied. The applicant stated that he proposes to erect commercial buildings on the corner lot, but has no immediate plans for the other two lots, which were included to prevent the classification of spot zoning, and that he does not intend to change the status of development on the west lot which now has two residences located thereon.
2. There is a designated Community Center at the four corners of the intersection of West Mary and South 5th Streets, there being three lots between the commercial zone in this block and the lots requested to be changed which would remain in a residential zone.
3. This application is not in response to any general public demand for additional business property in this area and a large portion of the present Community Center is still undeveloped for commercial uses, and this change would create a spot zone which would not be in conformity with any comprehensive plan, but only for the purpose of permitting commercial development on a portion of that property requested to be changed.
4. The Board deemed that inasmuch as the present community center has not developed and there is ample commercial property available for meeting the needs of this section of the City which should first be developed and if greater demand for commercial establishments occurs in the future, could be extended as a logical zoning procedure.

(Sgd) H. F. Kuehne
Chairman.

Councilman Thornberry moved that a public hearing on the foregoing change in zoning be called for Thursday, May 20, 1948, at 11:00 A. M. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and Councilman Thornberry

Noes : None

The following report of the Board of Adjustment was received:

"ZONING BOARD OF ADJUSTMENT
AUSTIN, TEXAS
ZONING CHANGE RECOMMENDATION .

Applicant : C. R. Sears

I. Referred to the Board by the City Council on : April 15, 1948

II. Property affected:

The west 109 feet of Lot 7, Block 12, Westfield A, being located on the south side of Windsor Road west of Sharon Lane.

III. To be changed

From : "A" Residence District

To : "B-1" Residence District

IV. Considered by the Board on : April 26, 1948

V. Parties appearing:

For : C. R. Sears

Against: Mr. and Mrs. B. M. Steiner, Henry B. Cain, Geo. W. Estaver, Jr., John F. Teer, Harry L. Kent, Jr., O. H. Howard, and Mrs. Ruth C. Scott.

VI. Action of the Board: Change not recommended.

For the following reasons:

1. This application is for a change of zoning on one lot in the center of a block which is zoned and developed for "A" Residence purposes, for the reason that the applicant wishes to erect a four-unit apartment house on the property, affirming that he has sufficient area to permit two duplex residences which would be more expensive to erect than the apartment house.
2. Vigorous opposition to this change was expressed by adjacent property owners who have developed their property as homes and do not want apartment houses in the neighborhood, on the grounds

that this type of use would lower the value of their property for homes and that since most apartment houses are maintained by an owner who does not live on the premises, the property is not maintained in keeping with other development and that the occupants of apartment houses are more or less transient and not permanent tenants.

3. The Board deemed that to grant this change would be creating a spot zone in an "A" Residence District, developed for that purpose in order to benefit one property owner financially and not in response to any public demand for a "B-1" Residence zone, as shown by the opposition expressed, and further deemed that this area is not a desirable or proper location for a "B-1" Residence District since this entire area is "A" Residence and is so being developed, with the exception of the Community Center at the intersection of Windsor Road and Exposition Boulevard, and that the changing of a single parcel of property would be contrary to all zoning principles and declared policy of the City Council expressed in the Ordinance that this area should be "A" Residence District and its use and values stabilized for the public good and protection of the many citizens who have built homes in this area.

(Sgd) H. F. Kuehne
Chairman.

Councilman Glass moved that a public hearing on the above change in zoning be called for Thursday, May 20, 1948, at 11:00 A. M. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Noes : None

Giles for change in zoning, from "A" Residence District to "C" Commercial District, of property located on the west side of Airport Boulevard from Manor Road north to 38 $\frac{1}{2}$ Street, was received. Councilman Johnson moved that the matter be referred to the Board of Adjustment for consideration and recommendation. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Noes : None

The application of Richard G. Avent for change in zoning, from "A" Residence District to "B" Residence District, of Outlot 15, Division "E", Unplatted, was received. Councilman Johnson moved that the matter be referred to the Board of Adjustment for consideration and recommendation. The motion carried by the following vote:

Ayes : Councilmen Bartholomew, Glass, Johnson, Mayor Miller, and
Councilman Thornberry

Noes : None

The following report of the Board of Adjustment was received:

" April 28, 1948

Honorable Mayor and City Council
Austin, Texas

Gentlemen:

On August 17, 1945, the Board of Adjustment submitted to the City Council a recommendation for the establishment of a larger industrial area in the eastern section of the City along the railroad tracks with a map attached to the recommendation showing the area recommended to be changed, to which recommendation and map reference is herein made. Since this recommendation was made, several small changes in the classification of this property have been made spasmodically and new industries have been located in this area and beyond the City limits between the Airport Boulevard and the eastern City limits.

In view of the present movement for bringing desirable industry into Austin as contemplated by the Austin Area Economic Development Foundation, the Board of Adjustment again wishes to urge upon the City Council to re-zone the area shown on the attached map as "D" Industrial District so that ample space will be available for any new industries which desire to locate in the City of Austin, and it would be not less than paradoxical if the Austin Area Economic Development Foundation would persuade industries to locate here and then the industries would find no suitable area for developing their enterprises. The piecemeal changing of property is not desirable or conducive for industry to locate here due to the embarrassing delays involved in determining whether any site selected by them as suitable can be used for their particular activity. Complaints have been voiced over this procedure, and if the Council approves the policy of bringing desirable high-class industry into this City it certainly should make land available in the area which is most logical for it where railroad facilities already exist without subjecting prospective investors to the irksome and time-consuming procedure of having individual lots or parcels of land made available.

The Board trusts that the Council will give this serious consideration and by definite means assist the sponsors of the Economic Foundation to encourage the development of this area for industrial uses.

Respectfully submitted,

BOARD OF ADJUSTMENT

By (Sgd) H. F. Kuehne
Chairman
