A committee from the Negro Citizens' Council again appeared before the City Council in regard to a public library for the Negroes. Mary E. Branch, President of Tillotson College, read a report of a mass meeting of colored citizens held for the purpose of considering the plans suggested by the City Council for securing said library at its meeting of the 16th instant.

Owing to a misunderstanding on the part of the committee of the proposals made by the City Council at said meeting, the committee agreed to take the matter before their citizens again for consideration of the proposal of the City Council that they accept the temporary structure now being used as a library for the white citizens, the City to purchase a site to be selected by the Negroes, have said building moved thereto, remodel same on the outside with either stucco or brick veneer, and equip and maintain same as a library for the Negroes, rather than delay the matter until such future time as the City has funds available for the erection of a permanent structure.

Mrs. Chas. Stephensson, President of the Library Commission, was also present and assured the committee of the desire of the Library Commission to procure the best library possible for the Negroes and urged that they accept the temporary building to be converted into a library for them rather than wait until the time when funds can be obtained for the building of a larger and more permanent structure.

A committee from the University Baptist Church, composed of Judge O. S. Lattimore and T. H. Barrow, appeared before the Council in the matter of exempting from taxation the property known as Lot 19, Block 1, Outlot 14, Division "D", heretofore deeded by Miss Sellie Cook to said Church for a parsonage, but which is being used and occupied by the said Miss Cook as a home during her lifetime, and asked that the taxes against said property for the years 1926 to 1932, inclusive, be remitted on the grounds that said property is designated as a parsonage and therefore under the law is exempt from taxation. The matter was referred to the City Attorney for a legal opinion.
