City Manager Johnson was authorized by the Council to employ a draftsman temporarily for the Sewer Department.

City Manager Johnson stated to the Council that he advised Dr. Harper that he felt the Council would be willing to make the extension of sewer line as originally agreed upon by the old Council at 50¢ per foot for the main line and 35¢ for laterals, provided he would put the money up in advance. Dr. Harper was not agreeable to this proposition, as he claimed that the old Council had agreed to make the extension, payable when the work was completed.
