"Austin, Texas, April 25, 1929.

Hon. Mayor and City Council,

Gentlemen:

We, your committee, on the application of Southland Ice Company asking permission to install a gasoline pump and underground tank for company use only at 901 Red River Street, make the following report:

We, the committee, recommend that this permission be granted for company use only subject to the following conditions:

1. That all buildings and equipment shall be placed inside of the property line, correct lines to be obtained before construction starts, or equipment installed. Lines and grades to be obtained from the City Engineering Department for entrances and driveways, building plans to be approved by the City Building Inspector.
2. That ceiling of that portion of the building that extends over driveways shall be covered with metal. Supports for portion extended over driveway to be supported by brick or reinforced concrete pillars.
3. That gasoline storage tanks and pumps and equipment used in connection therewith shall be of an approved type, and shall bear the label of the National Board of Fire Underwriters. All equipment to be installed in compliance with City and State regulations governing such installations. All equipment to be inspected and approved before being placed in service.
4. That gasoline pumps and other equipment used in connection with the operation of a gasoline filling station shall be so located that cars receiving service therefrom will not in any manner obstruct the sidewalk, street or alleyway. The pumps shall be at least ten feet inside the property line.

5. That electric lights only shall be used for lighting purposes, and all electric wiring shall be done in compliance with regulations governing the wiring of gasoline filling stations, and shall be approved by the City Electrical Department.

6. That "NO SMOKING" signs shall be displayed at all times, and no person shall be permitted to smoke or have any open flame on premises where gasoline is sold or stored.

7. That there shall be kept in an accessible place at all times a chemical fire extinguisher for emergency use.

8. That all gasoline pumps, tanks, equipment and piping connected thereto shall be inspected and approved by the City Plumbing Inspector and that the property owner shall apply for a permit to the City Plumbing Inspector for instructions before proceeding with his work.

9. That permission shall be granted subject to the above conditions and the present and future rules and regulations and ordinances of the City of Austin, Texas, applying to or regulating gasoline filling stations, and said permission shall be held to be granted and accepted subject to all necessary, reasonable and proper, present and future regulations and ordinances of the City of Austin, Texas, in the enforcement of proper police, traffic and fire regulations; and the right of revocation is retained if, after hearing, it is found by the City Council that the said Southland Ice Company at 901 Red River Street has failed and refused, and will continue to fail and refuse to perform any such conditions, regulations and ordinances.
