REGULAR MEETING OF THE CITY COUNCIL:

Austin, Texas, October 17, 1929.

The Council was called to order by the Mayor. Roll call showed the following members present: Mayor McFadden, Councilmen Mueller, Pannell, Reed, and Steck, 5; absent, none.

The Minutes of the last meeting were read and Councilman Pannell moved the adoption of same as read. Motion was seconded by Councilman Mueller and same prevailed by the following vote: Ayes, Mayor McFadden, Councilmen Mueller, Pannell, Reed, and Steck, 5; nays, none.

A committee from the Chamber of Commerce called upon the Council and urged that steps be taken as soon as possible towards the completion and acceptance of

the Dam and offered their services in every way possible. The Mayor thanked the Committee for their offer and assured them that the Council would be glad to accept their services should same be needed.

The Mayor laid before the Council the following reports of the Safety Committee upon the application of Adolph Kohn, which had been read at the last regular meeting and laid over:

"Austin, Texas, October 9, 1929.

Mr. Adam R. Johnson,
City Manager,
Austin, Texas.

Dear Sir:

We, the members of the Safety Committee, have considered the request of Adolph Kohn for permit to remodel a two story brick building at the southeast corner of Lavaca and Fourteenth Streets so that it may be used as a drive-in gasoline filling station and repair garage with wash and grease racks. The request has been presented too late to give the Safety Committee time to make a complete report but the Safety Committee expects to recommend the granting of a permit subject to the usual conditions and subject to the additional condition that the second floor of the building shall never be used as living quarters. If the Council recommends tentative approval of the site the Safety Committee will have detailed recommendations ready for the meeting of October 17th.

Yours truly,

J. E. Woody, Fire Chief;
Geo. F. Krueger, Fire Marshal;
Orin E. Metcalfe, City Engineer;
Tom Neal, Traffic Police Captain;
L. A. Palmer, City Plumbing Inspector.

"Austin, Texas, October 16, 1929.

Mr. Adam R. Johnson,
City Manager,
Austin, Texas.

Dear Sir:

We, your committee on the application of Adolph Kohn for permit to remodel and operate a two story building at the southeast corner of Lavaca and Fourteenth Streets so that it may be used as a drive-in gasoline filling station and repair garage with wash and grease racks, make the following report:

We, your committee, recommend that permit be granted subject to the following conditions:

- (1) That all buildings and equipment shall be placed inside of the property line, correct lines to be obtained before construction starts or equipment installed. Lines and grades to be obtained from the City Engineering Department for entrances and driveways, building plans to be approved by the City Building Inspector.
- (2) That ceiling of that portion of the building that extends over driveways shall be covered with metal. Supports for portion extended over driveway to be supported by brick or reinforced concrete pillars.
- (3) That gasoline storage tanks and pumps and equipment used in connection therewith shall be of an approved type and shall bear the label of the National Board of Fire Underwriters. All equipment to be installed in compliance with City and State Regulations governing such installations. All equipment to be inspected and approved before being placed in service.
- (4) That gasoline pumps and other equipment used in connection with the operation of a gasoline filling station shall be so located that cars receiving service therefrom will not in any way obstruct the sidewalk, street or alleyway. The pumps shall be at least ten (10) feet inside the property line and all equipment shall be not less than thirty (30) feet from adjoining residence, except his own residence.
- (5) That electric lights only shall be used for lighting purposes, and all electric wiring shall be done in compliance with regulations governing the wiring of gasoline filling stations, and shall be approved by the City Electrical Department.

That "NO SMOKING" signs shall be displayed at all times and no person shall be permitted to smoke or have any open flame on premises where gasoline is sold or stored.

(7) That there shall be kept in an accessible place at all times, a chemical fire extinguisher for emergency use.

(8) That all gasoline pumps, tanks, equipment and piping connected thereto shall be inspected and approved by the City Plumbing Inspector, and the mechanic employed by the applicant to install the gasoline equipment shall apply to Plumbing Inspector for a special permit and shall give Plumbing Inspector sufficient notice when ready for inspection.

(9) That the grades of the station shall be such that no waste oils or water or any floor washing water shall ever pass over the City sidewalk area and that all of said waste oils and water shall be concentrated into a combined grease and sand trap and shall be conducted from said sand trap to the nearest City storm sewer at the expense of the applicant.

(10) That a plan of the filling station hereto attached marked 2-B-188 shall be followed during construction and shall be considered a part of this resolution, said plan showing the proposed location of pumps, driveways and methods of draining away waste waters and oils.

(11) That all adjacent walks, ramps, gutters and curbs shall be constructed of concrete and all construction shall conform to the attached plan of the development, marked 2-B-188.

(12) That the applicant or the mechanic employed by the applicant to make the installation shall apply to the Inspector of Weights and Measures for inspection after the installation has been approved by the Plumbing Inspector.

(13) That before using said station the owner shall apply to the City Engineer for final inspection when he considers that he has complied with all of the requirements of the City.

J. E. Woody, Fire Chief;

Geo. F. Krueger, Fire Marshal;

Orin E. Metcalfe, City Engineer;

Tom Neal, Traffic Police Captain

L. A. Palmer, City Plumbing Inspector.

Approved:

Adam R. Johnson,
City Manager.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

That permission shall be granted to Adolph Kohn to reconstruct the building at the southeast corner of Fourteenth and Lavaca Streets and to operate same as a drive-in filling station and garage, subject to the foregoing conditions and the present and future rules and regulations and ordinances of the City of Austin, Texas, applying to or regulating gasoline filling stations, and said permission shall be held to be granted and accepted subject to all necessary reasonable and proper present and future regulations and ordinances of the City of Austin, Texas, in the enforcement of proper police, traffic and fire regulations, and the right of revocation is retained if, after hearing, it is found by the City Council that said Adolph Kohn has failed and refused, and will continue to fail and refuse to perform any such conditions, regulations and ordinances.

The above resolution was adopted by the following vote: Ayes, Mayor McFadden, Councilmen Mueller, Pannell, Reed, and Steck, 5; nays, none.

The Mayor laid before the Council the application of W. E. McCaleb to operate an open air second-hand automobile sales business at 302-4 West Fifth Street; also the following report of the Safety Committee upon same:

"Mr. Adam R. Johnson,
City Manager,
Austin, Texas.

Dear Sir:

We, the Safety Committee of the City of Austin, have considered the application of W. E. McCaleb to operate an open air second-hand automobile sales lot at 302-4 West Fifth Street and to also have a commercial drive across the sidewalk area at 302-4 West Fifth Street.

We, your Committee, recommend that permission be granted, subject to the following conditions:

That W. E. McCaleb agree in writing, in an instrument which will be subject to record in Travis County Deed Records, to construct concrete curbs, gutters, and new sidewalk in accordance with grades to be furnished by the City of Austin at some future date, and that he will construct said new concrete work at any time the City Council may specifically order same or not later than the time when the City may order Fifth Street pavement to be widened.

We recommend that W. E. McCaleb be permitted to cut the present curb and construct a gravel driveway over the sidewalk area leaving present concrete sidewalk undisturbed, but that he construct a temporary concrete return, thirty inches wide, adjacent to the present gutter line, which temporary concrete work will have to be lost at the time that paving is widened.

We recommend that this permit limit the use of the lot to that stated in his application and this report, and that at any time that any change of use is required, he submit a new request, that the applicant shall present a plan showing the location of temporary driveways which must be approved by the Safety Committee before the commencement of any construction or the change of any curbs.

J. E. Woody, Fire Chief;

Orin E. Metcalfe, City Engineer;

Tom Neal, Traffic Police Captain;

L. A. Palmer, City Plumbing Inspector.

Approved:

Adam R. Johnson,
City Manager.

Councilman Mueller moved that permit be granted to said W. E. McCaleb, subject to the above recommendations of the Safety Committee. Motion was seconded by Councilman Steck and same prevailed by the following vote: Ayes, Mayor McFadden, Councilmen Mueller, Pannell, Reed, and Steck, 5; nays, none.

Councilman Reed moved that in view of the facts as set forth in a communication from Judge Ed R. Kone of the Corporation Court, the fine imposed against M. K. Partridge in the Corporation Court on September 11th, 1929, Cause #27280, amounting to \$11.80, be remitted. Motion was seconded by Councilman Mueller and same prevailed by the following vote: Ayes, Mayor McFadden, Councilmen Mueller, Pannell, Reed, and Steck, 5; nays, none.

The Mayor laid before the Council the following report of the Safety Committee upon the application of Paul O. Simms Company, Agents, to erect a community center at Nineteenth and Lavaca Streets:

"Austin, Texas, October 5, 1929.

Mr. Adam R. Johnson,
City Manager,
Austin, Texas.

Dear Sir:

We, the members of the Safety Committee, have considered the request of Paul O. Simms Company, Agents for Ireland Graves, owner of the property on the north side of Nineteenth Street and on the east side of Whitis Avenue for a permit to have commercial driveways across Nineteenth Street and Whitis Avenue and for a permit to set curb back so as to widen Whitis Avenue.

We, your Committee, recommend that permission be granted subject to the following conditions:

(1) That all buildings and equipment shall be placed inside of the property line, correct lines to be obtained before construction starts, or equipment installed. Lines and grades to be obtained from the City Engineering Department for entrances and driveways, building plans to be approved by the City Building Inspector.

(2) That provision shall be made to take care of all water falling upon parking space and that said water shall be concentrated into concentration basins and carried from same to the nearest city storm sewer at the expense of the applicant.

(3) That the driveway shall be built in accordance with the accompanying plan marked 2-H-40 and that all walks, ramps, curbs and gutters shall be constructed of concrete.

We further recommend that permission be granted to widen Whitis Avenue in accordance with said plan 2-H-40, but that all of such widened area shall be paved with concrete of a quality equal to that specified in the standard paving specifications of the City of Austin.

That a combination curb and sidewalk must be constructed of concrete, offering a definite obstruction to any cars which might use any portion of said widened area of not less than six inches in vertical height.

CITY SAFETY COMMITTEE.
