**Subject:** Case# C14-05-0179 Indefinite postponement request

# Z-21

1-12-06

Dear Sherri,

Due to the environmental restrictions outlined in Mike Lyday's memo, the property owner wishes to investigate his development options before deciding when and how to proceed with his rezoning application. Therefore we are requesting an indefinite postponement of case# C14-05-0179. Because this is our first postponement request, I am assuming that you can notify the neighbors that it will be granted, so that they are not required to attend the council hearing. Please contact me if any further discussions are necessary regarding this postponement request.

Thank you,  
Jim Wittliff
