RECITALS

A. Landowner is the current owner of approximately 2,428 acres, more or less, as described on Exhibit A-1 (the "Property"). A portion of the Property consisting of approximately 782.70 acres, as described on Exhibit B-1 (the "District 1 Property"), lies within both the City of Buda's ("Buda") and the City's extraterritorial jurisdictions ("ETJ"). Landowner has obtained the consent of Buda for creation of a district to be known as Winfield Municipal Utility District No. 1 ("District 1") over the portion of the District 1 Property in Buda's ETJ. The balance of the Property lies solely within City's ETJ and consists of approximately 1,645.110 acres which will be within the initial boundaries of District 2 (236.30 acres as shown on Exhibit B-2), District 3 (740.310 acres as shown on Exhibit B-3) and District

4 (668.50 acres as shown on Exhibit B-4), such additional tracts being referred to hereafter, respectively, as the "District 2 Property", the "District 3 Property" and the "District 4 Property").

B. Districts 1, 2, 3 and 4 will be created either by special act of the Texas Legislature or by order of the Texas Commission on Environmental Quality (the "Commission") and will operate pursuant to Chapters 49 and 54, Texas Water Code, and the regulations promulgated thereunder.

C. The purpose of this Agreement is to set forth the terms under which the City will consent to creation of Districts 1, 2, 3 and 4 and the inclusion of the Property within Districts 1, 2, 3 and 4 as provided by Sec. 42.042, Texas Local Government Code, and Sec. 54.016, Texas Water Code. The purpose of this Agreement is to also set forth certain agreements pursuant to Section 212.172, Local Government Code, regarding development of the land within the portions of the Property in Austin's extraterritorial jurisdiction.

D. The City understands that Landowner has entered into an agreement to purchase an additional 362.110 acres of property described by metes and bounds in Exhibit A-2 (the "Additional Property"). The Additional Property is located within Buda's ETJ and Buda has consented to the inclusion of the Additional Property within the boundaries of District 1. The City hereby consents to the inclusion of the Additional Property within the boundaries of District 1.

E. Landowner agrees to request in writing that the City release a portion of the Property as described in Exhibit C (the "Release Property") from the City's ETJ. Landowner agrees to contemporaneously request in writing that Buda add the Release Property to Buda's ETJ.

F. The parties acknowledge and agree that one of the Districts 1, 3 or 4, but in no event District 2, may be the "Master District" to coordinate the provision of water, sanitary sewer, drainage and other services and facilities to itself and the three other proposed districts through its authority to issue bonds, design and construct District and Regional Facilities, and make operational and managerial decisions as may be more specified in a contract between the Master District and the "Other Districts," Districts 1, 2, 3 and 4, as appropriate, being hereafter sometimes collectively referred to as the "Other Districts" for purposes of their relationship to the Master District. In no event shall District 2 assume any debt or obligations for any of Districts 1, 3 or 4, including any such District acting as the Master District.

G. The City and the Landowner desire to set forth in writing the agreed terms for the City's consent to the creation of Districts 1, 2, 3 and 4 and the inclusion of the Property within the boundaries of District 1, District 2, District 3 and District 4 as set forth hereafter.

H. These Recitals are hereby found to be true and correct and are hereby incorporated into and made a part of this Agreement.

For and in consideration of the premises and the mutual agreements, covenants and conditions hereinafter set forth, the parties hereto hereby contract and agree as follows, to wit:

ARTICLE I

CONSENT TO CREATION AND REORGANIZATION OF DISTRICT BOUNDARIES

The City consents to creation of each of Districts 1, 2, 3 and 4 over the boundaries, respectively, described earlier as the District 1 Property, the District 2 Property, the District 3 Property and the District 4 Property. However, the Landowner and the City agree that, prior to the issuance of bonds by any of the Districts, the Districts may annex and de-annex portions of the Property and the Additional Property as necessary or appropriate so that the boundaries of each of Districts 1, 2, 3 and 4 are, respectively, as shown by metes and bounds descriptions in Exhibits D-1, D-2, D-3 and D-4 (the "Ultimate District Boundaries"). The City hereby consents to such annexations and de-annexations of portions of the Property and the Additional Property as necessary or appropriate so that the resulting boundaries of each of Districts 1, 2, 3 and 4 are shown by metes and bounds descriptions in Exhibits D-1, D-2, D-3 and D-4. Notwithstanding the foregoing, however, the City further consents to Districts 1, 3 and 4 further annexing and de-annexing any portions of the Property and the Additional Property to reconfigure their respective boundaries as they may desire so long as the ultimate boundaries of District 2 remain as described in Exhibit D-2. Landowner and the Districts agree to finalize all of the Districts' boundaries within ninety (90) days after creation of the Districts by the Commission and provide the City a copy of the final metes and bounds and an accompanying map depicting such boundaries within three (3) business days after such boundaries are finalized. A map depicting the Ultimate District Boundaries is attached as Exhibit D-5.

ARTICLE II

STRATEGIC PARTNERSHIP AGREEMENT

Within thirty (30) days after finalizing District 2's boundaries as provided in Article I, Landowner agrees to file a written petition requesting that the City annex for limited purposes that portion of the Property as shown on Exhibit D-2 (the "Limited Purpose Annexation Property") in accordance with the terms set forth in that separate draft agreement between District 2 and the City entitled "Strategic Partnership Agreement" (the "Strategic Partnership Agreement") attached hereto as Exhibit E. The Limited Purpose Annexation Land currently lies within both the District 1 Property, the District 2 Property and the District 3 Property but, as agreed above in Article I, the parties contemplate that Districts 1, 2 and 3, after their creation, shall annex and/or deannex portions of the Limited Purpose Annexation Land so that it is entirely within the Ultimate District Boundaries of only District 2 at the time of execution of the Strategic Partnership Agreement by the City and District 2.

ARTICLE III
ISSUANCE OF BONDS BY DISTRICTS

A. Districts 1, 3 and 4 may issue bonds and refunding bonds as permitted by law and any applicable regulations relating to such Districts and/or as contemplated by the "Master District Contract" as hereafter defined.

B. District 2 agrees that it shall issue bonds and refunding bonds only for the purposes and in the manner provided by applicable law and regulations and as permitted herein. For each proposed issue of bonds by District 2, District 2 shall submit to the City, in accordance with the City's regulations governing same, a request for the City's approval of the bonds, including, without limitation, copies of the engineering report provided to the Commission, the draft bond resolution and the draft preliminary official statement for the bonds. All bonds and refunding bonds of District 2 shall be subject to review and approval by the City Council of the City prior to the issuance thereof. Such approval shall not be unreasonably withheld or delayed and may be withheld only (i) if either Landowner or District 2 is in material breach of this Agreement or the Strategic Partnership Agreement or (ii) as otherwise permitted by law. District 2, after its creation, may issue District bonds for the financing, acquisition or construction of water, sanitary sewer and drainage facilities, services, contract rights and other property or rights for the benefit of District 2 and for refunding of same to the extent and as permitted by laws and regulations applicable to District 2.

C. Any of Districts 1, 3 or 4 may, by agreement of any two or more of such Districts, elect to become the "Master District" for the Districts and issue Master District bonds for the purposes of providing regional water, sanitary sewer and drainage facilities and services, contract rights and other property or rights for the Master District for the benefit of the Master District and any of Districts 1, 3 and 4 and may also issue Master District refunding bonds. In that regard, the parties contemplate that the Master District may enter into agreements with the Other Districts (the "Master District Contract") providing for the construction or acquisition of "Regional Facilities" (meaning facilities that serve more than one of the Districts) by the Master District and for the construction of "Internal Facilities" (meaning facilities that are located within and serve only one of the districts) by each of Districts 1, 2, 3 and 4. In addition, regardless of whether the Master District Contract is entered into, the City hereby consents to the issuance of bonds by each of Districts 1, 2, 3 and 4 for each District's pro rata share (based on relative shares of reserved capacity) of the cost of Regional Facilities and the issuance of bonds by each of Districts 1, 2, 3 and 4 for each District's Internal Facilities. Subject to prior review and approval of any Master District Contract and amendments thereto by the City, the City may further agree in the future to allow the Master District to issue Master District Bonds to be paid by the pledge in the Master District Contract of taxes levied by District 2 pursuant to the Master District Contract for District 2's share of the Regional Facilities in lieu of District 2 issuing its own bonds for such purpose.

D. Unless otherwise approved in writing by the Director of the City's Department of Financial and Administrative Services, or its successor department:

(1) District 2 shall not issue bonds to acquire, construct or pay the Landowner for park land or park facilities;

(2) the bonds of District 2 shall provide for principal and interest payments that are generally levelized across the period of amortization of the bonds except for an initial period not to exceed twenty-four (24) months after issuance of any series of bonds where District 2 may utilize capitalized interest to defer principal retirement;

(3) all new bond issues of District 2 shall have an optional redemption date beginning approximately ten years after issuance of the series of bonds being issued;

(4) the term of refunding bonds of District 2 shall not exceed the original term of the refunded bonds;

(5) a proposed issue of refunding bonds of District 2 shall meet the requirements of the City's approved financial policies in effect at the time of the refunding; and

(6) the proceeds of District 2's bonds may be used for any lawful purpose; provided, however, in regard to District 2 Internal Facilities and the cost of Regional Facilities that are water mains (less than or equal to twenty-four (24) inches in diameter), wastewater mains, lift stations, force mains, and associated appurtenances located within District 2 (collectively known as the "Article III. D. (6) Facilities"), such proceeds shall not be used to reimburse any developer in the District 2 more than seventy percent of the cost of such Facilities.

ARTICLE IV

CONSTRUCTION AND ACQUISITION OF DISTRICT 2 FACILITIES

The Master District shall construct, own, operate and maintain the Regional Facilities subject to the terms of the Master District Contract. Landowner may serve as the project manager for the construction or acquisition of all Regional Facilities and Internal Facilities (collectively, the "Facilities"). Landowner, the Master District or District 2 shall cause to be designed and constructed or acquired Facilities within or for District 2 in accordance with the plans prepared by the engineer for Landowner, the Master District or District 2, and approved as hereinafter provided. Construction or acquisition of any of the Facilities within or for District 2 shall not commence unless the plans and specifications therefore (the "Plans and Specifications") have been approved by all governmental entities having jurisdiction. All Article III. D. (6) Facilities shall be designed and constructed to meet the City's design criteria and standards in effect at the time of submission of the proposed Plans and Specifications. If the proposed Plans and Specifications are resubmitted or amended, then the Plans and Specifications for such Article III. D. (6) Facilities shall be designed and constructed to accord with the City's design criteria and standards in effect at the time of such resubmission or amendment. District 2 may contract with other districts, cities, counties, water supply corporations, river authorities or other entities for the acquisition of undivided interests in facilities or contract rights in facilities or capacity therein for the provision of water, sanitary sewer and drainage services or facilities to the District 2 Ultimate Boundaries, and in such event, such undivided interests or contract rights shall be

considered as the Regional Facilities for District 2. District 2 agrees to pay all applicable City fees including but not limited to development fees, permit fees, inspection fees and engineering plan review fees. All water and wastewater connections within District 2 shall be inspected by District 2 for compliance with the requirements of the Uniform Plumbing Code or its successor regulations and the City's local amendments thereto, the City's Utilities Criteria Manual specifications and standards promulgated by the Austin Water Utility, any applicable City ordinances, and the requirements of the Commission. If the City provides written notice to District 2 that the City chooses not to inspect a particular phase or portion of construction of Article III. D. (6) Facilities, then: (i) the City shall not charge District 2 inspection fees for those Facilities not inspected by the City; and (ii) District 2 agrees to provide thirty (30) days prior written notice to the City of pre-construction meetings and the final acceptance inspection of those Facilities in order for the City to attend those meetings at the City's cost if the City desires. The District shall also cause to be provided to the Austin Water Utility a letter from a registered professional engineer in the State of Texas, with his seal affixed thereto, within thirty (30) days after completion of construction of each water and wastewater construction project within District 2 certifying that the project complies with all applicable City codes and the City's Utilities Criteria Manual, specifications and standards.

ARTICLE V

OPERATION AND MAINTENANCE OF FACILITIES

Each District may operate and maintain the Internal Facilities serving it. The Master District may operate and maintain the Regional Facilities serving itself, the Other Districts or District 2. Any District may contract in any manner allowed by law for the operation and maintenance of same.

ARTICLE VI

AREA OF, AND LIMITATIONS ON, SERVICE

Unless the prior approval of the City Council of the City is obtained, District 2 shall not: (1) construct, acquire or install Facilities to serve areas outside Districts 1, 2, 3 and 4; (2) sell or deliver water or sanitary sewer service or other District 2 services to areas outside District 2; (3) annex any additional lands to District 2; or (4) deannex any land from District 2. Notwithstanding the foregoing, however, District 1, 2, 3 and 4 may take any actions necessary or appropriate to annex or deannex parts of the Limited Purpose Annexation Land and other parts of the Property and the Additional Property into and from their respective boundaries so as to place all of, and only, the Limited Purpose Annexation Land within the boundaries of District 2 and so as to reconfigure the boundaries of Districts 1, 3 and 4 over the remainder of the Property and the Additional Property as provided above.

ARTICLE VII
ANNEXATION OF DISTRICT 2 BY THE CITY

A. The parties hereto acknowledge and agree that the Limited Purpose Annexation Property lies, and will continue to lie, wholly within the ETJ of the City; is not bordered by another city, town, or village; and is not currently anticipated to be scheduled for annexation by the City in accordance with any annexation plan of the City. The parties further acknowledge that the creation of District 2, and the City's consent thereto, are for the purpose of promoting the orderly development and extension of City services to the Limited Purpose Annexation Property.

B. In furtherance of the purposes of this Agreement, District 2 and Landowner, and their respective successors and assigns, covenant and agree to the extent allowed by law that, except upon written consent of the City Council of the City or as otherwise set forth in Subsection C. below they will not: (1) seek or support any effort to incorporate any of the Limited Purpose Annexation Property, or any part thereof or seek to include the Limited Purpose Annexation Property in any other form of special district other than District 2; or (2) sign, join in, associate with or direct to be signed any petition seeking to incorporate any of the Limited Purpose Annexation Property or to include any of the Limited Purpose Annexation Property within the boundaries of any other city or any other incorporated entity or special district other than District 2. C. Notwithstanding anything to the contrary in Subsection B above, Landowner agrees (i) to petition for limited purpose annexation of the Limited Purpose Annexation Property into the City within thirty (30) days after execution of the Strategic Partnership Agreement by District 2 and the City and (ii) to petition the City for release of the Release Property from the City's ETJ and to petition Buda for addition of the Release Property to Buda's ETJ within thirty (30) days after the effective date of this Agreement. If (i) Landowner does not file the petition for limited purpose annexation of the Limited Purpose Annexation Property by the City within thirty (30) days after execution of the Strategic Partnership Agreement by District 2 and the City or (ii) Landowner does not file the petition with the City for release of the Release Property from the City's ETJ and the petition with Buda for addition of the Release Property to Buda's ETJ within thirty (30) days after the effective date of this Agreement, then the City may terminate this Agreement and revoke its consent to issuance of any bonds by District 1, District 2, District 3 and District 4 by giving Landowner and, if applicable, District 1, District 2, District 3 and District 4 ten (10) days prior written notice of termination.

C. Full purpose annexation and dissolution of District 2 shall be governed by the provisions of the Strategic Partnership Agreement.

ARTICLE VIII
LAND AND EASEMENT COSTS FOR INTERNAL FACILITIES

Land, easements, and rights-of-way needed for Article III. D. (6) Facilities shall be dedicated to District 2 by Landowner, its successors or assigns without reimbursement. Land, easements and rights-of-way needed for all other Facilities shall be subject to reimbursement as allowed by the rules of the Commission.

ARTICLE IX
LAND USE AND DEVELOPMENT

A. The parties agree that the Land Plan attached hereto as Exhibit F ("Land Plan") and incorporated herein for all purposes including notations thereon, as the same may be amended from time to time with the concurrence of a majority of the City Council of the City and Landowner, its successors and assigns, is the agreed plan for development of the Limited Purpose Annexation Property. The densities and land use reflected on the Land Plan are not guaranteed levels of development, but rather levels subject to changes thereof necessitated by compliance with the requirements of applicable laws, ordinances and regulations. Landowner shall apply for zoning for the Limited Purpose Annexation Property pursuant to the Land Plan not later than one year after the limited purpose annexation of the Limited Purpose Annexation Property as provided herein and in the Strategic Partnership Agreement. In that connection, Landowner agrees to discuss possible mixed uses in some portions of the Limited Purpose Annexation Property. No site development permit shall be issued for an area within the Limited Purpose Annexation Property until that area is zoned by the City.

B. The City agrees to zone the Limited Purpose Annexation Property within a reasonable period of time after the receipt of a complete application for zoning for the Limited Purpose Annexation Property. Landowner shall at its cost provide to the City a field note description of each tract as delineated in the Land Plan and shall pay the costs of notification required by law and all applicable fees for zoning. The City Manager intends to recommend that the City Council zone all tracts as shown on the Land Plan. Notwithstanding any language to the contrary in this Agreement, nothing in this Agreement shall be construed to prohibit Landowner from filing applications to rezone property zoned by the City in accordance with the City's Zoning Ordinance; nor shall any provision of this Agreement, including all exhibits attached hereto, be construed to prohibit the exercise by the City Council of its police power authority under its Charter and the laws of the State of Texas. As the City approves zoning of the entirety of the Limited Purpose Annexation Property, the zoning shall supersede and replace the approved use in the Land Plan and the Land Plan shall be of no further force and effect thereafter.

C. Landowner agrees to dedicate, at no cost, to the City a one and one-half acre tract of developable land located generally in the area shown on Exhibit F hereto to be used as a fire and EMS station site. The City's Fire Department may require Landowner to relocate this site at any time prior to final approval of zoning by the City for the site. At any time after final zoning of the site, the City's Fire Department and the Landowner may mutually agree on a new location of the site within District 2. The dedication shall be made no later than the date of the dedication of any adjacent roadway.

D. Landowner agrees that development of the Property shall conform to any applicable provisions of the City's, or the City of Buda's water quality protection ordinances as the same are in effect from time to time, and that Landowner will not bring any claim of a taking based on the amount of impervious cover allowed for development, if impervious cover limitations do not reduce allowable impervious cover below the most restrictive amount allowed

under water quality ordinances in effect in areas of the Onion Creek watershed downstream from the area within District 2. Landowner further agrees that if, in the future, the authority of the City or the City of Buda to adopt such ordinances is repealed or limited such that the current ordinances of the City or the City of Buda are stricter than the allowable provisions of any future ordinance, then development of the Property will conform to the applicable ordinances now in effect unless the City with jurisdiction otherwise agrees.

E. The parties further agree that neither this Agreement nor the City's approval of the Land Plan shall be construed to be approval of any "permit" as defined by Sec. 245.001, Texas Local Government Code; and, further, that the final use classification shall be determined through zoning approved by the City Council.

ARTICLE X **JOINT CONTRACTING**

Subject to the other terms of this Agreement, District 2 is specifically authorized to contract with any other water district, municipality, water supply corporation, county or other entity for the construction, operation, and maintenance for any water, sanitary sewer and drainage facilities to serve District 2, or any other facilities which are within the powers of District 2 to construct, operate or maintain to serve District 2. District 2 will provide the City copies of such joint contracts within thirty (30) days after execution of same.

ARTICLE XI **EDWARDS AQUIFER GROUNDWATER USE**

A. In regard to the use of groundwater from the Barton Springs Segment of the Edwards Aquifer, Landowner and Districts 1, 2, 3 and 4 agree not to:

(i) utilize water from new wells drilled into Barton Springs-Edwards Aquifer after the date of this Agreement;

(ii) utilize water from existing wells in the Barton Springs-Edwards Aquifer produced under the authority of additional, increased pumping authorizations after the date of this Agreement; and

(iii) apply for, or request another person or entity to apply for, or seek or support, either directly or indirectly, an amendment of an existing pumping authorization for the purpose of increasing groundwater pumpage from wells located within the Barton Springs Segment of the Edwards Aquifer.

B. The foregoing shall not prevent the Landowners and Districts 1, 2, 3 and 4, however, from utilizing water from existing wells in the Barton Springs Segment of the Edwards Aquifer but only if it is provided to Districts 1, 2, 3 and 4 as part of a supply with water from another source or sources and so long as Districts 1, 2, 3 and 4 have obtained and pay for the use

of an amount, by the supplier, of water from the portion of the supply which is not part of the Barton Springs Segment of the Edwards-Aquifer which water is sufficient in volume and quantity to meet all the needs of Districts 1, 2, 3 and 4 as those needs exist from time to time.

C. Each of Landowner and Districts 1, 2, 3, and 4, as appropriate, agrees to provide a true copy of all contracts entered into by it for water from another source or sources within ten (10) business days from the date of execution of each such contract. Each of Districts 1, 2, 3, and 4 and the Landowner, as appropriate, agree to ensure that all contracts for water obtained from such other source or sources provide for the accurate and continuous metering of the total volume of water delivered to any of Districts 1, 2, 3, and 4 or Landowner, as appropriate, from such other source or sources by the installation of metering equipment meeting the standards of the American Water Works Association, and for the proper reading, inspection and maintenance of such meters. Any of the Districts 1, 2, 3 or 4 or Landowner, as appropriate, entering into such agreements shall use commercially reasonable efforts to try to obtain a right in the agreement to inspect, calibrate and read such metering devices periodically at reasonable times. Any of Districts 1, 2, 3 or 4 or Landowner, as appropriate, receiving water from such another source agrees to provide to the City, within thirty (30) days after receipt by the District or Landowner, copies of invoices from any such supplier showing the monthly readings of meters measuring the amount of water supplied to such District or Landowner. In addition, in the event such other source or sources of water mix groundwater from the Barton Springs Segment of the Edwards Aquifer with water from a source other than the Barton Springs Segment of the Edwards Aquifer, then each of Districts 1, 2, 3 and 4 or Landowner, as appropriate, shall use commercially reasonable efforts to provide the City with accurate and up-to-date information concerning the location of all Barton Springs/Edwards Aquifer wells from which groundwater is pumped and mixed to produce such other source or sources of water and the pumpage permit under which each such well is operated.

D. A failure or refusal by the Landowner, or Districts 1, 2, 3 or 4, as appropriate, to abide by the requirements of this Article shall constitute an event of default under this Agreement and, upon the occurrence of same, the City may immediately initiate the default procedures set forth in this Agreement. If a default remains uncured after the City's exhaustion of the default procedures set forth below, or if emergency conditions exist presenting an imminent danger of irreparable harm, the City may file suit in a court of competent jurisdiction for the redress of such violation(s). If the court determines that the Landowner, or Districts, 1, 2, 3, or 4, as appropriate, is in violation of the requirements of this Article, the Landowner, and Districts, 1, 2, 3 and 4, as appropriate, agree to commence immediately, at its sole cost and expense, the design and construction of a connection to a reliable source of water from a source other than the Barton Springs Segment of the Edwards Aquifer sufficient in quality and volume to meet the needs of such District or Landowner, as appropriate.

ARTICLE XII **SEVERABILITY**

The provisions of this Agreement are severable and, in the event any word, phrase, clause, sentence, paragraph, section or other provision of this Agreement, or the application

thereof to any person or circumstance, shall ever be held or determined to be invalid, illegal or unenforceable for any reason, the remainder of this Agreement shall remain in full force and effect and the application thereof to any other person or circumstance shall not be affected thereby.

ARTICLE XIII **ASSIGNMENT OF AGREEMENT**

Landowner, its successors and assigns, may from time to time, transfer, convey or assign all or any part of its rights and obligations under this Agreement with respect to all or any part of the Property and the Additional Property in conjunction with the sale of an undeveloped parcel. Upon approval by the City of the assignment, which approval shall not be unreasonably withheld or delayed, and provided that the assignee or assignees assume the liabilities, responsibilities and obligations of the assignor under this Agreement, the party assigning its rights and obligations under this Agreement shall be released from the liabilities, responsibilities and obligations hereof to the extent of the land involved in such assignment or assignments, or to the extent otherwise approved by the City. Neither District 2 nor the City shall assign this Agreement without written consent of each of the other parties hereto; provided, however, the City may assign all or any part of its rights under this Agreement to the City of Buda by giving written notice of such assignment to the other parties to this Agreement. It is specifically intended that this Agreement and all terms, conditions and covenants herein shall survive a transfer, conveyance or assignment occasioned by the exercise of foreclosure of lien rights by a creditor or a party hereto, whether judicial or non-judicial.

ARTICLE XIV **TERM OF AGREEMENT**

This Agreement shall be effective from the date of execution hereof by the City, District 2 and Landowner, and shall continue in effect until District 2 is annexed and dissolved by the City.

ARTICLE XV **BENEFITS OF AGREEMENT**

This Agreement is for the benefit of the City, Districts 1, 2, 3 and 4; and Landowner, their successors and assigns, and shall not be construed to confer any benefit on any other party except as expressly provided herein.

ARTICLE XVI
DISTRICT 2 AUDIT AND BUDGET

On an annual basis, District 2 shall file a copy of its annual audit and a copy of its proposed budget for the following year showing expenses, income and revenue, with the City Clerk, Director of Finance and the City Manager of the City.

ARTICLE XVII
POST-ANNEXATION SURCHARGE IN DISTRICT 2

A. Agreement for Post-Annexation Surcharge. After annexation of District 2 and the dissolution thereof by the City, the City may charge and collect a special surcharge for the purpose of wholly or partially compensating the City for the assumption of the obligations of District 2, as provided in Texas Water Code, Sec. 54.016(h).

B. Calculation of Surcharge. The surcharge shall be calculated pursuant to the criteria and formula set forth in Exhibit G attached hereto and incorporated by reference as if set forth herein verbatim.

C. Collection of Surcharge. The surcharge may be charged and collected by the City in addition to the City's normal water and sewer rates to customers within the boundaries of the dissolved District 2 area until the bonded indebtedness of District 2 has been retired or for a period of thirty (30) years after the date of annexation, whichever occurs last, but in no case for a period longer than necessary to wholly compensate the City for all of the principal, interest and costs incurred by the City as a consequence of its assumption of such bonded indebtedness of District 2.

D. It is understood and acknowledged that the formula and criteria set forth on Exhibit G base such charge upon compensation of only a portion of the obligations to be assumed by the City. The City shall have the right to recalculate the amount of the surcharge so that such surcharge would compensate the City for additional obligations outstanding obligations of the District. If the variables used to calculate the surcharge should change, the City may recalculate the surcharge accordingly and such recalculated surcharge may be charged and collected as provided herein.

E. The City and District 2 agree that the District 2 shall receive a credit against total district debt used in the surcharge calculation only for District 2 funds transferred to the City at annexation and identified for debt service on bonds issued for construction, land and easement costs of District 2 Internal Facilities. No other credits are allowed.

F. The provisions of this Article shall be disclosed at closing to each purchaser of land within District 2 in accordance with the procedure described in Texas Water Code, Sec. 54.016(h)(4).

ARTICLE XVII
**PORTIONS OF AGREEMENT TO CONSTITUTE COVENANT RUNNING WITH THE
LAND COMPRISING THE DISTRICTS**

A. The terms of Articles II, VII, XI and XVII of this Agreement shall constitute a covenant running with the lands comprising the Districts and shall be binding on all owners of property in the Districts and the Facilities. After the effective date hereof, a memorandum of this Agreement, in form and substance satisfactory to the parties hereto, shall be recorded, at the City's cost, in the Official Public Records of Travis County, Texas, and Hays County, Texas.

B. Nothing in this Agreement is intended to impose obligations on individual owners of individual platted single family, duplex, townhouse or attached single-family residential lots, except as otherwise specifically provided herein. Purchasers of undeveloped or developed but unimproved lots shall be required at the time of purchase to sign a statement acknowledging and agreeing to abide by the provisions of Articles II, VII, XI and XVII of this Agreement.

ARTICLE XIX
DEFAULT AND ENFORCEMENT OF AGREEMENT

A. If one party (the "Claimant") believes that another party (the "Defaulting Party") is in default of any provision of this Agreement, the Claimant will give written notice to the Defaulting Party with copy to all other parties, specifying the event of default and extending the Defaulting Party thirty (30)-days to cure the default or, if the curative action cannot reasonably be completed within thirty (30) days, a reasonable period of time to commence the curative action and thereafter to diligently pursue the curative action to completion. Except in the case of an emergency, this curative period for notice and opportunity to cure must pass before the Claimant may initiate any remedies available to the Claimant due to an alleged default. The Claimant must mitigate any direct or consequential damages arising from any default to the extent reasonably possible under the circumstances.

B. The parties agree that they will use good faith and reasonable efforts to resolve any dispute by agreement, including engaging in mediation or other non-binding alternative dispute resolution methods before initiating any lawsuit to enforce their respective rights under this Agreement. If the default is not cured within the curative period, or if curative action is not commenced or diligently pursued in the case of curative action that cannot reasonably be completed in the curative period, the Claimant may pursue all remedies, at law or in equity, that it deems appropriate to redress such default.

Nothing herein shall be construed as a waiver or limitation of a party's right to seek emergency relief if the party reasonably believes emergency conditions to exist warranting the immediate pursuit of temporary injunctive relief nor a waiver of any of the remedies available to a party under the laws of the State of Texas.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be executed by its undersigned duly authorized representative in multiple copies, each of equal dignity, on the date or dates indicated below.

The following calculation is intended to allow the City to collect from the district's utility customers upon annexation of the district, sufficient funds for payment of debt service remaining on certain facilities financed with district bonds. The facilities to which the surcharge applies are described at Article III D. 6 of this agreement.

FORMULA FOR SURCHARGE CALCULATION:

$$1) \quad A = \frac{P \cdot I}{1 - (1 + I)^{-n}}$$

$$2) \quad \frac{A}{12 \times \text{ESFCs}} = \text{Monthly Surcharge per ESFC}$$

A = Total annual surcharge to be collected from MUD customers

P = Total bond principal outstanding for bonded facilities to which the surcharge applies, including the pro rata share of non construction costs, see note a.

I = Average annual effective interest rate on the outstanding bonds

n = Number of years remaining in debt retirement period

ESFCs = Total number of equivalent single family customers connected to the district utility system, adjusted as required by note b.

a. P may be reduced by the amount of district funds identified for debt service on bonded facilities to which the surcharge applies if the funds are made available to the City at annexation. No other credits or reductions to P are allowed.

b. If full build out of the district has not been achieved at the time of annexation, the number of ESFCs used in the surcharge calculation should be adjusted in order to estimate a levelized district surcharge that will yield a surcharge revenue stream equal to the present value of the applicable district debt. The adjusted ESFCs may be calculated using an expected annual growth rate to discount the expected total ESFCs, similar to a present value calculation.
