Fire

RECOMMENDATION FOR COUNCIL ACTION

Subject: Approve a resolution authorizing the City Manager to negotiate and execute the Second Supplement to Agreement Concerning Creation of Southwest Travis County Municipal Utility District No. 1 ("Second Supplement") enabling Shady Hollow Municipal Utility District ("District") to issue bonds in an amount not to exceed $3,500,000 in order to finance the purchase and improvement of land specifically for the construction of a Fire/EMS Station ("Station").

Amount and Source of Funding: The City is not responsible for payment of District bond debt service until annexation of the District.

Fiscal Note: A fiscal note is not required.

For More Information: Raul Calderon, Assistant City Attorney 974-2173; Bart Jennings, 972-0118; Denise Avery, 972-0104

Boards and Commission Action: Recommended by Water and Wastewater Commission.

Shady Hollow Municipal Utility District ("District") was created in December 1980, under the name Southwest Travis County Municipal Utility District No. 1, and is located in southwest Travis County. District representatives have obtained voter approval from District residents to authorize District revenue bond funding for the purchase of a site and the construction of a Fire / EMS station ("Station"). Approval of the Second Supplement provides the City of Austin's ("Austin") consent for the District to issue up to $3,500,000 in bonds to finance the Station at a site approved by the Austin Fire Department. Austin will not be responsible for debt service payments on the bonds until full purpose annexation of the District occurs.

Travis County Emergency Services District No. 5 ("ESD 5") provides fire protection service for the District and ESD 5 is expected to lease the Station from the District and continue to provide fire protection service to the District and surrounding areas. If Austin determines that Standard of Coverage response times for nearby areas require improvement after completion of the Station, a lease arrangement under the terms of the Second Supplement will allow Austin to jointly occupy the Station and make pro rata lease payments to the District. The lease terms between the District and ESD 5 that provide fire protection service to the District and surrounding areas are subject to approval by Austin and the lease may be terminated, without penalty to Austin, upon six months notice twelve years after the execution date of the Second Supplement. The lease shall not require Austin to compensate the ESD upon Austin's annexation of ESD territory for any ESD costs related to the Station.

The proposed site for the Station and the Station improvements will be required to meet standard Austin Fire Department and Austin-Travis County Emergency Medical Services design and engineering specifications for joint Fire / EMS stations. The Station design shall include four vehicle bays and living quarters capacity for 10 personnel. The Austin Land Development Code, including requirements for inspections, shall apply to the design and construction of the Station, and the Station design shall comply with all requirements of Articles 11 and 12 of Chapter 25-8 of the City Code.
RESOLUTION NO.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Manager is authorized to negotiate and execute the Second Supplement to Agreement Concerning Creation of Southwest Travis County Municipal Utility District No. 1 ("Second Supplement") enabling Shady Hollow Municipal Utility District ("District") to issue bonds in an amount not to exceed $3,500,000 in order to finance the purchase and improvement of land specifically for the construction of a Fire / EMS Station ("Station").

ADOPTED: __________, 2006

ATTEST: ________________________________________________

Shirley A. Gentry
City Clerk

L:\CL\WOCIAL\council2006-22-2006Shady Hollow MUD draft resolution
