The 2006 Miscellaneous Streets Slurry Seal Project Rebid will provide preventive maintenance in the form of application of an emulsified asphalt slurry seal on selected cul-de-sacs within the City of Austin. Crack sealing and minor surface patching is included in the contract as required to prepare street surfaces for the application of the slurry seal.

Bid documents were distributed to two general contractors. Bids were opened June 1, 2006. Viking Construction Inc. submitted the lower of two bids received:

Viking Construction, Inc., Georgetown, TX \$461,142.74 Ballou Construction Co., Inc., Salina, KA \$486,799.40

The contract allows 50 working days for completion of this project.

The contractor's choice of work methodology provides for six areas of subcontracting opportunities: crack sealing and hot mix surface replacement; hauling aggregate, supply of asphalt emulsion, supply of aggregate, supply of cement, and supply of pavement markers.

Participation goals stated in the solicitation were 5.55% MBE; 5.70% WBE. Total participation estimated on base bid amount of \$461,142.74:
