WIC FY06 BUDGET AMENDMENT

Background

The Supplemental Nutrition Program for Women, Infants, and Children (WIC) is a preventative program that targets women and children below 185% of federal poverty level. The WIC Program provides nutrition education, breastfeeding support, and vouchers for nutritious foods to pregnant women, infants, and children up to age five.

The Austin/Travis County Health and Human Services Department (HHSD) WIC Program, through funding from the Texas Department of State Health Services, proposed special funding to finish out new lease space for our Parkfield WIC Clinic and Mom's Place Lactation Center. Participation at this clinic has grown 11% since October 2004 and continues to steadily increase each month. The additional space is a necessity to meet expansion needs in our agency.
