EXHIBIT D

FY 2007 Financial Formulas and EMS Fee

Contractuals Multiplier for FY 2007 The contractuals multiplier for FY 2007 shall be based on the total number of EMS ground stations located within Travis County outside of the City limits as a percentage of the total number of EMS ground stations located within Travis County both within and outside the City limits. The percentage will be based upon stations with operating funds as of October 1, 2006 all of which are listed in Exhibit A-1. For purposes of these calculations the parties agree that the Harris Branch station, located at 11205 Harris Branch Parkway, will be considered as a station located within Travis County outside the City limits. The parties also agree that *STAR Flight* facilities will not be included in this multiplier calculation. A single peak load unit is also included in these calculations and is counted as a 0.5 City EMS Unit for the FY 2007 EMS Fee. A peak load unit is a roving ambulance used on an as-needed basis in the busiest areas. Such a unit is not assigned to a specific station. Based on this formula, the Contractuals Multiplier for FY 2007 shall be 26.23%. The following line items from the FY 2006 Approved EMS General Fund Budget will be excluded from the total contractuals cost (i.e. County will pay 0% of the following line items which are expenditures related to City EMS stations)

Based on this formula, the Commodities Multiplier for FY 2007 shall be 14.72%.

Expense Refund Multipliers for FY 2007 The expense refund multipliers for FY 2007 shall be based on the same formula used for the FY 2007 Personnel multiplier. The multiplier shall be applied to all expense refunds. The Expense Refunds Multiplier for FY 2007 shall be 26.23%.

Capital Costs for FY 2007 Capital costs will be reviewed annually and funded as needed through the annual budget negotiations between the City and County. For FY 2007 the parties agree that the City will not make any capital purchases on behalf of Travis County. In addition to those assets listed in Exhibit B-1, County agrees to purchase and own 2 replacement ambulances and 2 command vehicles during FY 2007 in accordance with the terms in Sections 5.1.1, 5.1.3 and 5.1.4 of this Agreement. Any such amendments to the FY 2007 Approved Budget for the City of Austin's EMS General Fund will result in a corresponding adjustment to the FY 2007 EMS Fee, using the formula stated in D.3 above.

D.5 True Up for FY 2007 EMS Fee Payments Made by County.

Since the FY 2007 EMS Fee is based upon budgeted costs for FY 2007, the annual true-up will be performed by the City following the end of each term. The annual true-up of total City of Austin EMS Department costs will be available by December 31, 2007 through the Close 2 report prepared annually by the City of Austin Controller's Office. The true-up will follow the true-up formula outlined in D.6 below. A portion of any savings attributable to the City of Austin EMS Department will be refunded by the City of Austin to Travis County by January 31, 2008 using the FY 2007 cost multipliers set forth below in Section D.6. Travis County will receive from the City of Austin that portion of the total City of Austin EMS Department savings that result from applying the FY 2007 multiplier to the total FY 2007 actual savings for the City of Austin EMS Department.

D.6 FY 2007 EMS Fee True-Up Formula

- Personnel savings for ground services will be reimbursed to County at Personnel Multiplier rate set forth in D.3. Personnel savings will include all expense refunds received by EMS that are attributable to personnel costs.

D 7 Quarterly Expenditure Reports and Estimates

In accordance with Section 9.8 of this Agreement, the City will submit quarterly reports to the County that projects what, if any, annual savings will look like for the entire department. The City will also apply an estimate of the true-up formula to these quarterly projections. The parties acknowledge that these are only estimates and the City will not be able to determine if there are actual savings and the amount of any such savings until after the applicable term.

D 8 County Ground Patient Revenue

All revenue collected by the City for ground patients treated in Suburban County will be paid to Travis County in accordance with the terms set forth in Section 4.8 of this Agreement.

D 9. Budget and New Station Planning for FY 2008

By no later than February 1, 2007, each party shall provide the other party with the most currently available estimates of all projected major costs related to the Agreement for FY 2008. These preliminary estimates shall include as many known major costs as possible, including estimates of compensation increases and assets that are scheduled for replacement. All new FTE's that are anticipated to be requested for FY 2008 should also be included in these estimates as early as possible. Each party shall continue to provide the other party with regular budget projection updates for FY 2008, as well as cost projections for FY 2009 and FY 2010 to facilitate the budget planning process. Subsequent budget updates for FY 2008 should also be included in the quarterly expenditure reports that the City provides to the County.

Such budget updates shall include all plans by either party for the opening of any new stations within the EMS System. Plans for new stations should include input from the other party before proposed budgets for new stations are submitted.

If a peak load unit is added in FY 2008, it shall be counted in the Personnel Contractuals and Expense Refund multipliers as a 0.5 City EMS Unit for the requested FY 2008 budget, since peak load units operate 12 hours per day. A peak load unit is a moving ambulance used on an as-needed basis in the busiest areas. Such a unit is not assigned to a specific station.

EMS has no plans to staff stations with a full-time unit in FY 2007 in Hays or Williamson Counties or any other areas outside Travis County; therefore, no funding is included in the FY 2007 Approved Budget for the EMS Department to operate from such a station, and no funding is included in the FY 2007 EMS Ground Fee to operate from such a station.
