REVISED

MBE/WBE This contract was awarded in compliance with Chapter 2-9B of the City Code (Minority-Owned and Women-Owned Business Enterprise Procurement Program), 15 80% MBE and 13 50% WBE sub-consultant participation to date

Prior Council Action 08/23/01, General Architectural Rotation List in the amount of \$4,500,000 was approved, 12/04/2003, an Amendment in the amount of \$900,000.00 for a total of \$5,400,000 was approved

On August 23, 2001, nine firms were selected for the 2001-2003 General Architectural Services Rotation List with a total authorization in the amount of \$4,500,000. A subsequent amendment, increasing the total authorization in the amount of \$900,000, was approved December 04, 2003, for a total of \$5,400,000. This Rotation List was established to provide professional architectural services for the City of Austin to achieve its facility design and construction objectives. To date, there have been 69 projects of varying scopes assigned to the nine firms for a total contract expenditure of approximately \$4,850,048.29.

This Request for Council Action is requesting the approval of an additional \$800,000 in authorization under the 2001-2003 General Architectural Rotation List. This requested authorization is expected to enable the Rotation List firms to complete the remaining services and maintain required project continuity for approved and ongoing architectural projects. It is intended that no new projects will be authorized for the balance of this rotation list. Currently, there exists a separate General Architectural Services Rotation List which was issued in the fall of 2003 and which continues to provide for all new requests for General Architecture Rotation List Services.
