

# Late on RENT?

*Due to COVID-19, tenants have an opportunity to pay back rent due on or before August 24, to avoid eviction. Tenants are still obligated to pay rent.*

If a tenant fails to pay rent, landlords must provide a proposed notice of eviction **60 days** before providing a Notice to Vacate.

A tenant has the opportunity to **pay in full** overdue rent, fees, or other charges associated with their lease in those 60 days.

Need help with paying rent?
