

# Senior Spring Fling Adoption Event

Showcasing our Senior Pets

March 23, 2013 ❖ 11:00 a.m. to 4:00 p.m.

*Put a spring in your step by adopting a pet.*

## Why is adopting a senior pet a good choice?

- They are housetrained/litter box trained!
- They don't chew your household things!
- They often know commands!
- They adjust to your energy level.
- They enjoy easy livin'!
- What you see is what you get!
- Any pet reduces stress in people.
- It's a very rewarding experience!

**Animals five years old and older are available at no cost.** They are ready to go home with you. Spay/neuter, all vaccinations, microchip, and a collar too. Dogs and cats adopted under this program will receive a special take-home package to make your first few days carefree! If you aren't ready to adopt, we are always looking for good **foster** homes.

Over 30 five-year-old and older dogs and cats have been waiting in the shelter for loving homes for more than 45 days! Many sizes and breeds are available.

## VOLUNTEER

Not in a position to adopt a pet, but love animals and want to help? Then volunteering may be right for you. We offer many indoor and outdoor opportunities, with as little or as much time as you would like to contribute.

Check out our website, [austintexas.gov/departments/volunteer-animal-services-office](http://austintexas.gov/departments/volunteer-animal-services-office).

Stop in and visit us.  
Refreshments!

7201 Levander Loop

Austin Animal Center services over 23,000 animals per year as a no-kill open intake facility. No-kill is considered a 90% live outcome. Although we strive to save them all, up to 10% are not able to be rehomed.
