Introduction

The City of Austin Economic Development Department (EDD) Cultural Arts Division serves to encourage, develop and facilitate an enriched environment of artistic, creative and cultural activity in the City of Austin and its Extra Territorial Jurisdiction (ETJ). As a component of many services and activities, the Cultural Arts Division manages funding programs to provide financial support to organizations and individuals for specific contracted services through a competitive application and review process.

These guidelines contain requisite information and forms to help qualified organizations and individuals interested in applying for funding in the Community Initiatives program, an auxiliary component of the City’s Cultural Arts Funding Programs. Contracted services supported through the Cultural Arts Funding Programs take place within the City of Austin’s fiscal year, October 1st through September 30th annually.

The Cultural Arts Funding Programs support projects and activities in all disciplines that provide quality arts and cultural programming to the Austin community and its Extra Territorial Jurisdiction (ETJ). The purpose is to reinforce the artistic and cultural industry representing an important component of the economy of Austin and to celebrate and promote Austin as an exciting, vibrant and diverse cultural destination for visitors and tourists throughout the world.

All applicants are required to read the guidelines and application instructions for details of program eligibility, requirements and evaluation criteria prior to beginning the application process. The FY 21 Community Initiatives Guidelines are adopted by the Austin Arts Commission in an effort to streamline the application/review process and to maintain accountability and integrity of the allocation of public funds. Cultural Funding staff actively review and evaluate all aspects of this program and its processes, incorporating revisions in this publication annually. Program guidelines are reviewed periodically throughout the year; any changes adopted by the Austin Arts Commission will be distributed by Cultural Arts Division staff.
City of Austin Vision and Goals

City of Austin Mission
The mission of the City of Austin is to be the most livable city in the country where all residents participate in its opportunities, its vibrancy and its richness of culture and diversity.

City of Austin Vision
The City of Austin envisions a culturally vibrant city where:

- Arts, culture and creativity are an integral component of a vibrant community and a thriving economy;
- Artists, cultural and creative organizations across all disciplines have the opportunity to engage in meaningful work and provide a robust selection of activities to a wide audience including residents, visitors and tourists; and
- A creative environment cultivates and attracts a diverse workforce and businesses that value the arts, culture and creativity.

The City of Austin, as a matter of policy, is committed to providing financial support to organizations and individuals who represent, strengthen and contribute to the arts, cultural and creative industries in Austin. Arts, culture and creativity are recognized as a vital contributor to the City’s economic infrastructure and a crucial component in the development of Austin’s unique identity. Our rich and diverse cultural resources create not only enhanced quality of life for our citizens, but are also key factors in promoting Austin as a destination city to tourists and visitors worldwide. To that end, direct support of events and activities related to the improvement, application and broad accessibility and marketing of the arts are the guiding principles for the investment of these funds.
**Goals for Allocation of Funds**

1. **Support arts, culture and creativity as an integral component of a vibrant community and a thriving economy:**
   - Contribute to cultural tourism development
   - Foster sustainable growth and development of the creative community
   - Build and diversify audiences through research and marketing strategies
   - Attract the workforce and businesses that value a creative community

2. **Preserve the unique character of Austin while encouraging artistic and cultural excellence and innovation:**
   - Provide opportunities for active participation in Austin’s cultural life
   - Increase and diversify the production of arts and cultural activities
   - Enhance the presentation of emerging and established culturally diverse arts organizations
   - Encourage partnerships and creative collaborations within the community

3. **Support artists and arts organizations of all disciplines as they engage in meaningful work:**
   - Encourage excellence, innovation and collaboration in the creation and presentation of artistic and cultural work
   - Support artists and organizations in developing new programs and activities
   - Promote the value of arts, culture and creativity

**Source of Program Funds**

The City of Austin invests in the arts by allocating a portion of Hotel Occupancy Tax (HOT) to eligible applicants who meet established program criteria and are recommended for funding as a result of an application and peer panel review process. Per state law, revenue from the municipal Hotel Occupancy Tax may be used only to promote tourism and the convention and hotel industry. [Texas Tax Code, Chapter 351.101. Use of Tax Revenue]

As per Austin City Code Chapter 11-2-7(B)(3), the City allocates one point zero five (1.05) of every seven (7) cents of the municipal allocation of Hotel Occupancy Tax revenue to the Cultural Arts Fund to support arts and cultural organizations, as permitted by the Texas Tax Code, and may be used for the following related to arts and cultural activity:
The encouragement, promotion, improvement and application of the arts, including instrumental and vocal music, dance, drama, folk art, creative writing, architecture, design and allied fields, painting, sculpture, photography, graphic and craft arts, motion pictures, radio, television, tape and sound recording, and other arts related to the presentation, performance, execution and exhibition of these major art forms.

**Guidelines at a Glance**

Community Initiatives funding is available to arts groups, non-arts groups and individual artists that produce or present arts activities and are not already receiving funding through the Cultural Arts Division’s Core Funding or Cultural Heritage Festivals programs. The Community Initiatives Program provides support for smaller community arts projects and activities that may develop throughout the year. The purpose of the Community Initiatives Program is to support public arts and cultural programming that celebrates Austin’s culture of creativity and to encourage collaboration, innovation, accessibility and cultural tourism.

The Community Initiatives Funding Program actively seeks to provide members of historically underrepresented communities, which can include identities such as Black or African-American, Arab-American, Asian-American, Hispanic or LatinX, Pacific Islander, Indigenous Nations, LGBTQIA, or a person with a disability, with equitable access to funding opportunities. Applicants who are members of historically underrepresented communities are encouraged to apply.

For Fiscal Sponsors

A Fiscal Sponsor is a nonprofit corporation with 501(c) status who applies for financial support on behalf of another organization or individual in order to enable the latter to receive the benefits of tax-exempt status. There are several forms which fiscal sponsorship can take, but in every case, the fiscal sponsor takes responsibility for external parties that the funding will be utilized for tax exempt, charitable purposes as defined in the Internal Revenue Code.
Fiscal Sponsors must

- have a paid Executive Director,
- have an active volunteer Board of Directors that meets at least three times a year, and
- have been in existence for:

  - at least five (5) years and have at least a $35,000 annual operating budget as evidenced by the most recently completed IRS Form 990.

Failure to comply with fiduciary responsibilities, contract compliance, and/or contract management requirements may result in loss of eligibility to serve as a sponsoring organization. Examples of failing to meet sponsorship requirements include but are not limited to turning in late and/or incomplete applications, pre-contract materials, contracts, and/or final reports as well as failure to review materials for completeness and accuracy prior to submitting to CAD staff.

Additional Requirements for Sponsored Projects and Fiscal Sponsors

Nonprofit 501(c) organizations applying on behalf of unincorporated/incorporated groups or individual artists as the fiduciary agency assume the legal responsibilities of the sponsored project to meet all contractual obligations. The City of Austin will enter into a Cultural Services Agreement with the fiscal sponsor who is then responsible for all administration, financial management and reporting associated with the completion of the project. The sponsoring organization may charge up to a 10% sponsorship fee for serving as an umbrella in all applicable programs. A sponsored project’s event must be an independent project, separate from the general activities of the sponsoring organization. Applications for a sponsored project may not be for an extension of an organization’s regular programs and/or services, nor may a sponsored project’s project be utilized to fund activities, events or services presented or provided by the sponsoring organization. Applicable professional services provided by service organizations may be considered as eligible expenses.

See Appendix 5 for a current list of Fiscal Sponsors.
Proposed Project Requirements for Eligible Applicants

Proposed projects must

- be open and advertised to Austin residents, visitors and tourists, and be consistent with the promotion and enhancement of the City of Austin as a cultural destination, and
- occur in Austin or its ETJ.
- Proposed events are not required to be free; admission may be charged.

Public Art Projects – Artists and organizations proposing to do public art projects, which are defined as permanent or temporary visual art installations in locations that are visible and accessible to the public, must obtain permission from the property owner prior to submitting a Community Initiatives application.

Privately Owned Property – If a project is on private property the applicant must obtain a formal letter of support from the owner allowing the applicant to install the proposed artwork. This letter must be included with the application. Without the property owner’s written consent, the application cannot be reviewed.

The Arts Commission must approve the donation prior to entering into the contract and in no case later than 7/30/21. To arrange the Arts Commission review, and to complete the Art Work Donation and Loan application please contact Frank Wick with the Art in Public Places Program of the Cultural Arts Division at Frank.Wick@AustinTexas.gov or (512) 974-2576.

A funding award does not guarantee approval of Artwork Donation/Loan application by the City of Austin for the proposed artwork.
Funding Requests

Maximum request of $3,000

Funding is dependent upon the operating budget size of the applicant. Application proposed project budget must be specific to the application’s proposed activities. Applicants may not receive Community Initiative Funding for more than FIVE (5) consecutive or non-consecutive years.

NEW! NO Matching Requirements in FY21

Expanding ADA Accessibility

The Arts Commission seeks to support applicants who wish to broaden audiences. To that end the Accessibility Funding Priority Program was established to provide additional funding to help defer the costs of offering special programming for audiences with disabilities. Applicants who wish to provide access to all audiences by providing sign language interpretation, assisted listening devices, closed captioning or other services may be eligible for up to $500 of unmatched funding to cover the costs of providing accessibility services for their audiences.

For FY 21, the Arts Commission has set aside $8,000 to support Community Initiatives applicants seeking to broaden access or accommodate audiences with disabilities. The four top scoring applicants who indicate that they will provide expanded ADA access during their proposed event will be provided up to $500 in additional support for expenses related to expanding accessibility at their proposed events. Applicants will not request these funds, as they will be awarded based on the ADA Accessibility expenses listed in their budget and their response to Question 17 in Section III Application Questions.

A resource guide can be found at https://atxgo.vsatx.org/ada-toolkit/. Refer to the “Access Resources in Central Texas” PDF to find local vendors who provide accessibility services.

Funding Cycles

The Community Initiatives Program has an annual funding cycle corresponding to the City of Austin’s fiscal year (October 1 through September 30). Applications are accepted on a quarterly basis. Only one application per organization/individual may be funded per fiscal year. Participation in this program is not guaranteed, nor is there a commitment to fund this program at previous or current levels. Funding awards allocated from this program may not be used toward activities funded by any other City of Austin departments/contracts or other cultural funding programs within the fiscal year.

Application Evaluation

Cultural Arts Division Staff will review applications based on eligibility requirements and the scoring rubric.

Applications that meet the requirements as outlined in these guidelines, and who receive the highest score will be forwarded to the Arts Commission for final review and approval of funding award.

The Evaluation Criteria is based on the Strategic Outcomes of the City of Austin’s Strategic Direction 2023 and the Arts Commissions Four Pillars, a lens through which the Arts Commission views all Cultural Arts Division Programs. These are the Four Pillars established by the Arts Commission:

- Cultivate Leadership – develop current and emerging leaders
- Ensure and Encourage Equity – reflect the growing diverse population of Austin
- Foster Collaboration – contribute to Austin’s robust arts eco-system
- Inspire Evolution – achieve advancement through innovation and resiliency

The rubric is set up to allow Cultural Funding Program staff to objectively score each application based on the Arts Commission’s funding priorities as listed below. Awards will be based on the funds available and will be awarded to the applicants with the highest scores each quarter.

Cultural Arts Community Initiatives Program Guidelines
The scoring system is set up to highlight the funding priorities of the Arts Commission. The rubric is not structured for an applicant to receive all 24 points, and we anticipate that there will be very few, if any, who will actually score all 24 points.

An applicant is not required to include all of the funding priorities in their proposed activity. If your proposed project does not include one or more of these priorities you may consider adding a component to your proposed project to meet that priority but **IT IS NOT REQUIRED** that you do so. The example activities provided below are not comprehensive and should not be considered the only way that one can meet the listed funding priorities.

Appendix 4: Planning for Cultural Tourism

The expenditures of the Hotel Occupancy Tax revenue are intended to cultivate and promote cultural tourism. For the arts, cultural tourism can provide an opportunity for greater earned income. Cultural tourism programs are the catalyst for new audiences and dollars, helping artists and arts organizations to grow stronger in these days of declining federal grants and increased competition for dollars at foundation and corporate levels. For tourism, arts and culture are the expressions of a community’s heart and soul. Together they form an image that sets the city apart and creates anticipation and excitement for the traveler (Americans for the Arts, MONOGRAPHS; January 2007).

Cultural tourism will be a concerted focus for the Cultural Arts Division in the coming years in an effort to grow and expand the visibility of Austin’s unique and talented arts community. The city recognizes and relies on all of the amazing marketing and programmatic successes already being achieved by cultural contractors. In addition, the Cultural Arts Division will be exploring collective and strategic opportunities to promote Austin’s arts and cultural offerings. In an effort to maximize the benefits of a collective marketing approach as a way to extend the visibility of your organization, you are asked to initiate one of the following action items during the planning and implementation of your annual program or projects.

- Link your website to www.VisitAustin.com and post all non-city-funded events and projects to Visit Austin.
- Note nearby lodging facilities through promotional materials and/or website related to a program.
- Partner with an area hotel for a block of rooms for visiting artists or for out of town audience members and promote the negotiated lodging rate in marketing materials.
- Invite front-line staff of the hospitality industry to attend an event as a guest and to encourage them to become a spokesperson for your organization or project.
- Drop program/project collateral materials to Austin Convention and Visitors Bureau and/or to travel centers.
- Coordinate collective marketing with similar or comparable organizations or projects by advertising in a statewide, national or international publication.
- Become a member of Travel Industry Association of America (TIA).
• Plan for an effective social media outreach strategy for tourism-related audience development

In addition to its direct economic impact, tourism can improve quality of life and build community. When the arts and tourism communities’ work together to highlight the unique character of a place, they can harness market forces to educate and entertain visitors, preserve cultural assets, and engender community pride in its heritage and way of life.
