

Yuliya Lanina
Mrs. Humpty Dumpty

Location: Elisabet Ney Museum

District: 9

Duration: October 1 - November 31, 2016

Materials: recycled polystyrene, steel, urethane, acrylic paint.

Description: A female Humpty Dumpty with stereotypical gender attributes: a skirt, lace, red shoes, and accessories and a solar-charged music mechanism that is activated by a motion sensor, playing original music by Yevgeniy Sharlat. The legs will be activated by steel coil springs to create a bouncy effect for the upper body.

Concept: The cute plump girl version of Humpty Dumpty is intended to bring joy, amusement, and a sense of wonder. It will also challenge the way we perceive gender and body image.
