Flu shots are priority for those who are uninsured. If you are insured, visit [VaccineFinder.org](https://vaccinefinder.org) to find a location near you offering flu shots.

Fight the Flu

Everyone six months of age and older should get a flu shot every year. In addition to your annual flu shot, you can keep yourself and your family healthy with these simple steps:

Wash your hands
often

Cough and sneeze
into your elbow or
tissue

Avoid touching your
nose, mouth, and
eyes

Avoid others who
are sick

Stay home if you
are sick

Clean and disinfect
surfaces and
objects

Wear a mask and
social distance in public
