FAMILY SAFE & FUN

The Austin CommUNITY Fest Wellness Clinic and Kindness Give-away has partnered with area physicians, churches, city organizations and non-profits to provide free physicals, immunizations for those who provide their shot records and school supplies for the Austin community's teens and school-aged children. We are also offering HIV testing, glucose testing and free eye exams as part of the Wellness Clinic.

For volunteer opportunities and more information, please contact Sherwynn Patton via email spatton@gmz.org or call 512.297.3198.
