AISD-SPONSORED TEMPORARY FOOD EVENT PERMIT APPLICATION

AISD EVENT INFORMATION

Name of Event: _____

Campus: _____
School Name Address City State Zip

Dates(s) of Event (must be consecutive days): _____
Start Date End Date

Hours of Operation (for each day): _____

*The food booth(s) shall be set-up and ready for an inspection at the hours listed under Hours of Operation for each day.

Total # Food Booths (vendors): _____ Event Fee Exempt? YES – (AISD Sponsored event fee exemption)

CONTACT (EVENT ORGANIZER) INFORMATION

Name of Organization: _____ School-group Nonprofit-school support

Name of Contact Person (Authorized Representative of Organization): _____
First Name Last Name

Contact Person's Mailing Address: _____
Address City State Zip

Phone Number: (_____) _____ E-mail Address: _____

Driver's License Number & State: _____ Date of Birth: _____

ATTACH A CLEAR COPY OF A VALID GOVERNMENT ISSUED PHOTO ID FOR THE EVENT ORGANIZER

APPLICATION SUBMISSION

Submit pages 1, 2, 3 & 4 (multiple submissions of pages 3 and 4 may be required) of this application with a clear copy of a valid government issued photo ID to AISD Office of Food Services 3 weeks prior to the event.

PERMIT COMPLETION & PICK-UP

- 1.) After AISD approves the sponsorship, they will submit the completed application to this Health Department, who will notify the applicant when the permit has been processed and is ready to be picked-up at Health's walk-in location.
- 2.) Walk-in Location: 1520 Rutherford Lane, southeast entrance of Building 1.
- 3.) Permits must be picked up at Health's office (no mailing or faxing of permits).
- 4.) Permits must be posted onsite at all operating times during the event to avoid legal charges (Lost/missing permits are invalid).

This form must be filled out completely. **INCOMPLETE FORMS WILL NOT RECEIVE PERMITS.** Submission of this form does not guarantee that a permit will be granted. Permit approval is based upon compliance with State and Local Health requirements. **IT IS THE RESPONSIBILITY OF THE EVENT ORGANIZER (NOT THE INDIVIDUAL VENDOR) TO OBTAIN TEMPORARY FOOD PERMITS FOR EACH VENDOR AT THE EVENT.** Please see the Temporary Food Event Permitting FAQs (page 10) for information relating to permit and food handling requirements. Note: The Temporary Food Event Permit approval process is separate from the Building Use approval process. **GRANT OF A TEMPORARY FOOD EVENT PERMIT DOES NOT MEAN THAT THE APPLICANT'S APPLICATION FOR USE OF THE SCHOOL FACILITY HAS BEEN APPROVED.**

By signing this form, I attest that all information contained herein is true and correct to the best of my knowledge and belief. I acknowledge that any permit applied for is subject to all provisions of the orders and ordinances of Travis County or Austin or the municipality under which the permit is granted, all provisions of the statutes and rules adopted under the statutes of the State of Texas governing food service establishments, retail food stores, mobile food units and roadside food vendors, and to all provisions of the policies adopted by the Austin Independent School District.

SIGNATURE OF EVENT ORGANIZER (APPLICANT)

DATE

By signing this application, the applicant acknowledges that the permit being applied for is subject to Local/State Codes under which it is granted. Completing this application does not guarantee that a permit will be issued by this Department.

- Incomplete applications will delay or prevent permitting.
- No food establishment/event may operate without an approved permit issued by this Department.
- "Rain-out" delays may be granted if notification is received within 24 hours after cancellation.
- An individual may only apply for four (4) temporary events per year.
- Permits are address-specific and non-transferable and must be picked up at Health's office (no mailing or faxing of permits).
- The event organizer (***not the individual booth operator***) is responsible for obtaining Temporary Food Permits for each booth at the event.

DEFINITIONS

Temporary Food Service Establishment is defined as service of food at a location for no more than 14 consecutive days in conjunction with an organized event or celebration.

Booth (serving area) is defined as a stall or partitioned stand used to present, prepare, or provide food to the general public.

Potentially Hazardous Food (PHF) requires temperature control to limit foodborne pathogens & toxin production. Some PHF examples are meats, dairy, cooked vegetables, sliced melons, cooked beans, cooked rice and cooked pastas.

REMEMBER: DANGER ZONE FOR PHF IS BETWEEN 41 °F AND 135 °F.

RESPONSIBLE PARTIES (WITH FOOD TRAINING VERIFICATION)

At least 2 individuals must be present at the event at all times and must be the contact people for the City if the City determines that a health code violation is occurring at the event. Please list the names of at least 2 individuals who attended the required training, as well as the date of their training. At least 1 of the individuals must be the Organization’s Authorized Responsible Party submitting this application. If an individual needs to obtain certification and cannot attend one of the training opportunities offered each semester, training can be accessed online at www.statefoodsafety.com/food-handler/texas/austin-city.

- 1. Name of Responsible Party: _____ Date of Training: _____
Contact phone number during event: _____
- 2. Name of Responsible Party: _____ Date of Training: _____
Contact phone number during event: _____

FOOD AND BEVERAGE BOOTH INFORMATION

Please **PRINT** and use additional sheets if necessary

Example: Name of booth: _____ *Austin A+ Booster Club*
Type of foods/beverages to be served: _____ *chili pie, popcorn, cut vegetables, drinks*

- 1. Name of booth: _____
Type of foods/beverages to be served: _____
- 2. Name of booth: _____
Type of foods/beverages to be served: _____
- 3. Name of booth: _____
Type of foods/beverages to be served: _____
- 4. Name of booth: _____
Type of foods/beverages to be served: _____
- 5. Name of booth: _____
Type of foods/beverages to be served: _____
- 6. Name of booth: _____
Type of foods/beverages to be served: _____
- 7. Name of booth: _____
Type of foods/beverages to be served: _____
- 8. Name of booth: _____
Type of foods/beverages to be served: _____
- 9. Name of booth: _____
Type of foods/beverages to be served: _____
- 10. Name of booth: _____
Type of foods/beverages to be served: _____

TEMPORARY FOOD EVENT RESPONSIBLE PARTY IDENTIFICATION
NO HOME-PREPARED FOODS ALLOWED

This page is required to be signed and submitted by each booth operator that is a separate entity from the other booth operators. Please **PRINT** and use additional sheets if necessary.

I, _____, am the operator of the temporary food service booth named:
Print Your Name

_____ providing food at the following temporary event named:
Booth's Name from Page 3

_____ on this date, _____
Temporary Event Name from Page 1 Date(s) this booth is at the Event

Type of food/beverages to be served: _____

The food will be obtained from the following approved sources (check all that apply):

- I operate from/own a permitted food facility (such as a restaurant).

Food Facility Name: _____

Facility Address: _____
Address City State Zip

- I will purchase or receive donated food from a permitted food facility (such as a grocery store or restaurant) on the day of the event and bring the food directly to the event. **I will maintain my food receipts or letter of donation onsite at the event in case the inspector needs to verify food source.**

Food Facility Name: _____

Facility Address: _____
Address City State Zip

Phone Number: (_____) _____

I hereby certify that I have received the guidelines for temporary food service requirements provided by the Austin/Travis County Health and Human Services Department, AISD, and the Event Coordinator.

I understand that, as a condition of my operation at this event, I am responsible to insure that these guidelines are strictly adhered to at all times. I will conform to these guidelines and insure that all individuals involved in this operation conform to these guidelines. Failure to do so may result in the immediate suspension of my operation at this event and may result in a complaint being filed against me in the Municipal Court of the City of Austin for a violation of these guidelines and the Code of the City of Austin. I understand that such a complaint might result in a fine of up to \$2,000 on conviction.

Signature: _____ **Printed Name:** _____

Driver's License Number & State: _____ **Date of Birth:** _____

CRITICAL REQUIREMENTS

These are the requirements for temporary food service in Austin and Travis County based on the Texas Food Establishment Rules and have been adopted by the City of Austin and Travis County.

These are the requirements for Austin Independent School District Temporary Food Service Public Events.

****Violation of a critical requirement shall result in an immediate closure, condemnation of food products and/or legal charges. All Health Closures are in instantaneous effect until the critical items are corrected and verified by an authorized representative of this Department.**

If serving an Highly Susceptible Population (children 0 - 9 years old), then ABSOLUTELY NO RAW OR PARTIALLY-COOKED MEATS (including EGGS), NO UNPASTEURIZED JUICES, AND NO RAW MILK OR RAW MILK PRODUCTS

- 1. Keep potentially hazardous foods colder than 41 °F or hotter than 135 °F at all times.** Heat hot food to 165 °F and maintain at >135 °F. Any portion of a potentially hazardous food held between 41 °F and 135 °F is in the DANGER ZONE.
- 2. Provide IMMEDIATE access to hand washing for food handlers, including:** hand soap, paper towels, container of water with a “free-flowing” spigot and a wastewater catch bucket. *ONLY after washing hands may gloves, tongs, or a hand-sanitizer be used to handle ready to eat foods.* A catch bucket must collect the wastewater for proper disposal.
- 3. Provide WASH, RINSE, SANITIZE setup for ware-washing.** The first basin is for washing and has soap and water only. The middle basin is for rinsing and has only clean water. The third basin is for soaking utensils in a sanitizing solution of 50-100ppm chlorine as tested by chlorine test strips. ***Remember the proper sequence: WASH, RINSE & SANITIZE!***
- 4. Use “active” temperature control equipment.** Holding hot food in an insulated container with NO active source of heat is NOT allowed. *Sterno is not permitted for outdoor events, unless properly hooded to prevent wind effects.* Active refrigeration will be required for multiple day events. Drained ice may be used for short term holding of cold food.
- 5. Monitor food temperatures** with a chef-style metal stem-type thermometer. Thermometers should have a range of 0 °F-220 °F. Thermometers should be cleaned and sanitized between uses.
- 6. Use only cutting boards, utensils, equipment, food preparation and serving surfaces that are smooth, durable, easily cleanable, and non-absorbent.** Wash food contact surfaces every 4 hours (or immediately when contaminated).
- 7. Separate raw and ready to eat foods. Don't cross-contaminate.** Use different sets of utensils and prep surfaces.
- 8. Test sanitizer with chlorine test paper.** Bleach = 50-100 ppm. Test papers can be found at restaurant supply stores.
- 9. Use spray bottles of sanitizing solution** and paper towels to frequently wipe counters and to spot clean equipment.
- 10. Store EDIBLE ice for drinks or consumption in the original bag** inside an ice chest during service. Ice bags shall be punctured underneath to allow drainage and open on the top to allow dispensing using a scoop with handles. Consumers shall not dispense their own ice for drinks. Ice used to keep food cold cannot be used for consumption or drinks.
- 11. Protect all foods, utensils and paper goods from exposure to dirt, animals, and insects.** Best practice is to cover or wrap all items. Store foods 6 inches or more above the ground. *Avoid handling the inside of cups, lids, or food containers.*
- 12. Provide only disposable or single-use utensils, plates, cups, knives, forks, spoons, etc. to consumers.** Unless using an on-site commercial-grade dishwasher with running hot & cold water, sanitization cycle & that drains into a sanitary sewer.
- 13. Provide only condiments that are individually packaged or dispensed from an *approved* covered container.** Spoon-in-jar setups are not allowed due to the likelihood of cross contamination between plates.
- 14. Collect drainage water** from ice bins, ice chests, beverage dispensers, hand & utensil washing for disposal. Ensure all wastewater enters a sanitary sewer. Drainage on the ground may become a source of pollution & contamination.
- 15. Provide covered garbage containers with plastic liners.** Covers help to prevent insect transmission of pathogens.

16. Provide floor covering that will eliminate dust and be easily cleaned. Flooring must be in cooking, serving, food preparation, and washing areas. Approved examples include concrete, asphalt, plywood, linoleum, clean cardboard, etc.

17. Provide overhead covering above food preparation, serving, and washing areas to protect from hazards (like birds).

Frequently Asked Questions (FAQ):

- ✓ **What is a temporary food event?** Any public gathering where food is offered for consumption for no more than 14 days. An example of a public gathering means that it has any one of these scenarios: 1) walkup participation, 2) any advertisement (including social media) OR 3) tickets are sold.
- ✓ **Do I need to get a permit?** It depends: **Yes** a permit must be obtained if you meet the definition of a temporary event above and offer either open or potentially hazardous foods. **No** permit is needed if using: **1)** only the school cafeteria & staff, or **2)** a Mobile Vendor (*with a valid Austin/Travis County Health and Human Services Department permit*) that serves all food directly from their vehicle or **3)** only serving sealed commercially-prepackaged non-potentially hazardous foods (like wrapped candy, sealed microwave popcorn, individual bags of chips, or bottled drinks).
- ✓ **How do I get a permit?** Complete this AISD-sponsored Temporary Food Event Permit Application and follow the instructions. Contact your campus Food Services Manager to plan food and sanitation as far in advance as possible.
- ✓ **What needs to be planned beforehand with the AISD Food Services Manager?** Plans for Event must include a method for compliance with food safety laws including **1)** access to toilet facilities for everyone, **2)** a separate (non-restroom) water supply for handwashing station refills, **3)** trash services, wastewater & grease disposal facilities and method to collect dirty water from booths to the sanitary sewer, **4)** electrical supply to booths for temperature equipment, **5)** identification of potentially hazardous foods served at event to be listed on page 3 under corresponding booth name.
- ✓ **What is a Booth (Vendor)?** Also thought of as a temporary kitchen or serving area. Traditionally, a 10'x10' tent with floor covering or other ground dust control. Almost every booth will require a temporary hand wash setup.
- ✓ **Who is the Event Organizer and what's their job?** The individual **in charge of the whole event**, typically a voluntary contact person for a school-related organization. Responsible for **1)** making sure that all the food vendors at the event are invited and permitted, **2)** this application submission, **3)** distributing this information to all vendors and collecting the completed "Responsibility page" (page 4) from each separate booth vendor, which must be included with the completed application and **4)** for providing & ensuring **posting of the permit at each required booth at the event.**
- ✓ **Who is the Food Booth Operator?** The individual **in charge of the food**, typically restaurant staff or voluntary food servers with a school-related organization. Responsible for **1)** following the Texas Food Establishment Rules, **2)** the booth setup, **3)** providing a safe and consumable product that has been properly handled.
- ✓ **How do I know if it is a Permitted Facility (page 4)?** Contact the facility or ATCHHSD to verify current status. Many recently permitted facilities are listed at: <http://www.austintexas.gov/department/restaurant-inspection-scores>

HINTS:

- **Serve only foods requiring minimum preparation** such as seasoning or cooking. All cutting, slicing, or chopping should be done in a permitted facility beforehand (note: NEVER AT HOME!)
- **Pre-portion food into small leak-proof containers.** Then immerse these containers/bags in ice to keep food cold for short term. If the food bag leaks, then the food may become contaminated by the ice water. If the food is too well protected, then it may not get cold enough to avoid the DANGER ZONE.
- **Sanitizer for Warewashing:** suggested recipe = 1 1/2 *teaspoons* bleach per gallon of clean water
- **Don't skip the soap.** Hand sanitizer alone doesn't stop Norovirus.
- **Dispose of everything properly.** *Don't contaminate our groundwater or "feed the wildlife"!*
