Unduplicated Clients for the 5-County TGA by ZIP Code for GY 2011-12

Travis, Williamson, Bastrop, Caldwell, and Hays Counties

March 1, 2011 to February 29, 2012

Part A/MAI Combined and All Funding Sources

Compiled by: Cynthia Gail Manor, B.A., Data Manager, Austin TGA, (512) 972-5076 ~ cynthia.manor@austintexas.gov

Source: Client level data downloaded from ARIES on 5/25/12 and 6/1/12, as analyzed in SPSS and Microsoft Access (PC utilization database 2012 dated 5/25/12)

READ ME: Clients can have different enrollment dates at different agencies. For the purposes of this report, clients are considered "new" for GY 2011-12 if their earliest agency enrollment date in ARIES is between 3/1/11 and 2/29/12; otherwise the client is considered a "continuing" client.

Although County and ZIP code information is taken off of client intake forms, ARIES does not appear to auto-populate the County field based on the ZIP code entered or otherwise provide the user applicable County choices for the ZIP code they enter. If there are any ZIP codes listed on this report that are not within the 5-county area, this could explain why.
