Project Summary Form

1) Project Name Leona & Concho Rehabs	2) Project Type 100% Affordable	3) New Construction or Rehabilitation? Rehabilitation
4) Location Description (Acreage, side of street, distance from intersection) Three standard size single family properties in the Rosewood neighborhood		5) Mobility Bond Corridor
6) Census Tract 8.04	7) Council District District 1	8) Elementary School BLACKSHEAR EL
9) Affordability Period 40 years		
10) Type of Structure Single Family	11) Occupied? Yes	12) How will funds be used? Construction Only

13) Summary of Rental Units by MFI Level

Income Level	Efficiency	One Bedroom	Two Bedroom	Three Bedroom Unit	Four (+) Bedroom	Total
Up to 20% MFI						0
Up to 30% MFI			1			1
Up to 40% MFI						0
Up to 50% MFI				2		2
Up to 60% MFI						0
Up to 80% MFI						0
Up to 120% MFI						0
No Restrictions						0
Total Units	0	0	1	2	0	3

14) Summary of Units for Sale at MFI Level

Income Level	Efficiency	One	Two Bedroom	Three	Four (+)	Total
Up to 60% MFI						0
Up to 80% MFI						0
Up to 120% MFI						0
No Restrictions						0
Total Units	0	0	0	0	0	0

15) Initiatives and Priorities (of the Affordable Units)

Initiative	# of Units	Initiative	# of Units
Accessible Units for Mobility Impairments	2	Continuum of Care Units	
Accessible Units for Sensory Impairments	2		

Use the City of Austin GIS Map to Answer the questions below

- 16) Is the property within 1/2 mile of an Imagine Austin Center or Corridor? Yes
- 17) Is the property within 1/4 mile of a High-Frequency Transit Stop? No
- 18) Is the property within 3/4 mile of Transit Service? Yes
- 19) The property has Healthy Food Access? Yes

20) Estimated Sources and Uses of funds

Sources		Uses	
Debt	126,625	Acquisition	
Third Party Equity		Off-Site	
Grant		Site Work

15 Year Rental Housing Operating Pro Forma (RHDA)

The pro forma should be based on the operating income and expense information for the base year (first year of stabilized occupancy using today's best estimates of market rents, restricted rents, rental income and expenses), and principal and interest debt service. The Department uses an annual growth rate of 2% for income and 3% for expenses. Written explanation for any deviations from these growth rates or for assumptions other than straight-line growth made during the proforma period should be attached to this exhibit.

Blackshear Leona & Concho Rehabs
1130 Leona St., 1132 Leona St., 1107 Concho St.
Blackshear Neighborhood Development Corporation

1 | Blackshear Neighborhood Development Corporation

a. Introduction

The Blackshear Neighborhood Development Corporation is a 501(c)3 nonprofit organization that has been working together to ensure everyone has a safe, affordable place to call home for over 35 years. BNDC envisions a community where everyone can live independently in affordable safe and sustainable homes, with access to resources in their community. BNDC develops and manages affordable, safe and sustainable homes for people in need, families, seniors, and persons with disabilities, with a focus on the most vulnerable. BNDC ensures residents have access to resources to help them live independently and delivers housing that provides long-term benefits to residents and neighborhoods alike.

The Blackshear neighborhood, like many others in East Austin, has been impacted by displacement pressure for decades. The Blackshear Neighborhood Development Corporation was established in 1983 to build low to moderate-income homes for seniors, single parents, and families. BNDC got off to a slow start in its early years, but is now an active develop in the community that has built and renovated over 50 homes in East Austin for low-income households. The majority of the funding for these activities over the years have come from the Austin Housing Finance Corporation. A rent-to-own program was started in the early 1990's with the help of AHFC. At this time there are 12 rental properties in operation and 4 mortgage properties.

b. Certificate of Status

Please see Attachment A for Certificate of Status from the Texas Secretary of State.

c. Applicant Capacity

Please see Attachment B for Cynthia Mathis-Gaines' full resume.

Cynthia Mathis-Gaines has been the Executive Director of BNDC since 2011 and has worked for the organization since 2009. In her role as both Executive Director and Property Manager for BNDC, Ms. Mathis-Gaines has provided direction and coordination for daily management of BNDC's housing units as well as managed consultants to engage in new development and renovations on BNDC's properties. Ms. Mathis-Gaines has been essential in establishing systems designed to support the goal of maximizing rental income and maintaining organizational assets over her tenure in addition to the daily management of the organization. She has experience managing multiple funding sources for projects including AHF funds and is familiar with managing projects of all scales.

d. Statement of Confidence

The entire applicant team is engaged in local affordable housing development. A Statement of Confidence is not required for this project.

e. Financial Capacity

Please refer to the following financial documents attached:

- *Attachment C: Federal IRS certification granting non-profit tax-exempt status*
- *Attachment D: 2017 Certified financial audit*
- *Attachment E: Board resolution approving the proposed project and authorizing the request for funding*

Recent project examples:

2112 E 8th Street, Austin, Texas 78702

Project Purpose: The 2014 Single Family Home was completed in 2016 in partnership with SafePlace to house a family who experienced domestic violence.

Site and Development: BNDC endeavored to meet a portion of the rental housing need with the construction of a new rental housing unit at 2112 E. 8th Street. Blackshear NDC already owned the property. The new unit is a three-bedroom, 2-bath home that may house up to four to five family members. The amenities include a dishwasher, garbage disposal, washer/dryer, and a comfortable floor plan.

Development Timeline: Predevelopment activity began in 2014 and ended with successful completion of all financial arrangements with AHFC and Amplify Credit Union, with the completion of 2112 E. 8th Street. This home has remained 100% occupied since 2016.

Income Sources: Income sources for the project include funding from AHFC and a construction loan with Amplify Credit Union. Note that due to the low rental rate and cash flow for the unit, the monthly payment on this loan is \$337.00.

1126 Chicon Street, Austin, Texas 78702

Site and Development (2018-2019): Under the project management of Cynthia Mathis-Gaines, BNDC is working with architect Ponaciano Morales, structural and civil engineer Sang Lee, and builder A Vision General Contractors to complete design on a new two story duplex with two 3-bedroom, 2.5 bathroom units. BNDC relocated an existing pier and beam house to build the new duplex on the site.

Development timeline: Predevelopment activity began in 2018 with expected completion in June 2019.

Blackshear Leona & Concho Rehabs
1130 Leona St., 1132 Leona St., 1107 Concho St.
Blackshear Neighborhood Development Corporation

Income Sources: The entire project was financed through Amplify Credit Union.

Blackshear Neighborhood Development Corporation

4 | Project Proposal

a. Project Description

BNDC seeks to renovate three existing single-family homes to address normal wear and tear issues typical for 30+ year old rental housing. All three of the homes were developed by BNDC in the 1980s (1130 and 1132 Leona in 1989 and 1107 Concho in 1985) and operated as affordable rental housing since their completion. The homes range from two bedrooms to three bedrooms and are currently occupied by renters at or below 50% MFI. Once renovations on the three homes are complete the previous tenants will have the option to return to their units.

The scope of work includes adding central air and replacing the roof for both Leona properties. The interior finishes and millwork will be replaced at all three properties in order to provide a safe and accessible home environment. The total project cost is \$251,625 and includes the cost of construction, contingency, Phase 1 Environmental Review, and soft costs associated with the project. BNDC requests \$125,000 total (approximately \$41,666 per unit) to go towards the cost of construction. BNDC is in the process of financing the remaining amount, \$126,625 through Amplify Credit Union, a financial institution BNDC has a long track record with.

The renovation of these three existing family-friendly homes is in alignment with the Central East Austin Neighborhood Plan, which seeks to “maintain and preserve the integrity of current residential districts” as well as to “create housing that is affordable, accessible, and attractive to a diverse range of people.” These properties are identified as continuing it’s single-family use in the Future Land Use map and meets both desires to maintain the residential character and provide housing opportunity for diverse households in the neighborhood.

b. Market Assessment

Please see Attachment G for full Neighborhood Scout Market Report

The median monthly rent in this neighborhood for a 3-bedroom unit is \$2,208, making it severely out of reach for households at the 50% MFI range this project proposes to serve. The housing stock throughout the neighborhood is primarily multi-bedroom single-family and is primarily renter-occupied, similar to the housing product this project seeks to put back into use. The median household income in the neighborhood is \$38,711, indicating that most residents in the neighborhood are housing-cost burdened.

BNDC owns 12 active rental units in the neighborhood and maintains an ongoing waiting list of income-qualified households. The neighborhood has access to high quality elementary and middle schools with 48% of children in the neighborhood living in poverty.

Blackshear Leona & Concho Rehabs
1130 Leona St., 1132 Leona St., 1107 Concho St.
Blackshear Neighborhood Development Corporation

Neighborhood residents spend less than 30 minutes commuting to work. The race and ethnic make up of the neighborhoods includes primarily Hispanic or Latino and white households with Spanish and English being the primarily languages spoken.

Bringing these three homes up to current housing standards and improving their accessibility would provide very much needed family and age-friendly housing to low-income residents seeking access to education, transportation, services, and jobs nearby.

c. City of Austin Good Neighbor Policy

Project is not required to participate in the City of Austin Good Neighbor Policy.

d. S.M.A.R.T. Housing

Project is not required to participate in S.M.A.R.T. Housing.

e. Memorandum of Understanding (MOU) with the Ending Community Homelessness Coalition (ECHO)

Project does not include CoC units and is not required to have an MOU with ECHO.

f. General Services

The applicant does not provide resident services.

Austin, TX 78702

Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably be expected to be a publicly supported organization described in section 509(a)(2).

Accordingly, you will be treated as a publicly supported organization, and not as a private foundation, during an advance ruling period. This advance ruling period begins on the date of your inception and ends on the date shown above.

Within 90 days after the end of your advance ruling period, you must submit to us information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, you will be classified as a section 509(a)(1) or 509(a)(2) organization as long as you continue to meet the requirements of the applicable support test. If you do not meet the public support requirements during the advance ruling period, you will be classified as a private foundation for future periods. Also, if you are classified as a private foundation, you will be treated as a private foundation from the date of your inception for purposes of sections 507(d) and 4940.

Grantors and donors may rely on the determination that you are not a private foundation until 90 days after the end of your advance ruling period. If you submit the required information within the 90 days, grantors and donors may continue to rely on the advance determination until the Service makes a final determination of your foundation status. However, if notice that you will no longer be treated as a section 509(a)(2) organization is published in the Internal Revenue Bulletin, grantors and donors may not rely on this determination after the date of such publication. Also, a grantor or donor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section 509(a)(2) status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section 509(a)(2) organization.

1100 Commerce St., Dallas, Texas 75242

Letter 1045(DO) (6-77)

TJB

If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status and foundation status. Also, you should inform us of all changes in your name or address.

Generally, you are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. If you have paid FICA taxes without filing the waiver, you should call us. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment, or other Federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

You are required to file Form 990, Return of Organization Exempt from Income Tax, only if your gross receipts each year are normally more than \$10,000.* If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, when a return is filed late, unless there is reasonable cause for the delay.

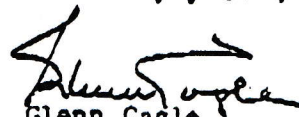

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter, we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Because this letter could help resolve any questions about your exempt status and foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown in the heading of this letter.

Sincerely yours,

Glenn Cagle
District Director

*For tax years ending on and after December 31, 1982, organizations whose gross receipts are not normally more than \$25,000 are excused from filing Form 990. For guidance in determining if your gross receipts are "normally" not more than the \$25,000 limit, see the instructions for the Form 990.

Beginning January 1, 1984, unless specifically excepted, you must pay taxes under the Federal Insurance Contributions Act (social security taxes) for each employee who is paid \$100 or more in a calendar year.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Partners of Blackshear Neighborhood Development Corporation:

Report on the Financial Statements

We have audited the accompanying financial statements of Blackshear Neighborhood Development Corporation (a nonprofit organization), which comprise the statements of financial position as of September 30, 2017 and 2016, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

(Continued on next page)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Blackshear Neighborhood Development Corporation as of September 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Blackshear Neighborhood Development Corporation

Notes to Financial Statements

September 30, 2017 and 2016

NOTE A – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Blackshear Neighborhood Development Corporation (the Organization) is a not-for-profit Organization organized on July 7, 1983 for the purpose of development, construction, and rehabilitation of housing for low and moderate-income persons and neighborhood improvement, revitalization, and preservation activities. The Organization owns and services various mortgages receivable, secured by interests in real property; interest there-from is derived as a source of revenues. The organization also rents real property to qualified low-income tenants. The activities of the Organization are presented by their functional allocation and are all allocated to program activities. The Organization has not directed resources toward fundraising or significant administrative activities.

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: (1) unrestricted net assets, (2) temporarily restricted net assets and (3) permanently restricted net assets. Additionally, the Organization is required to present a statement of cash flows.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fiscal Year-End

The Organization utilizes a fiscal year end of September 30 to report its financial position and results of operations and cash flows.

Cash and Cash Equivalents

Holdings of highly-liquid investments with maturities of three months or less when purchased are considered to be cash equivalents. The carrying amount reported in the statements of financial position for cash and cash equivalents approximates its fair value. The Organization, at times, maintains cash balances in excess of the federally insured limits. No losses in connection with these balances have occurred as of September 30, 2017 and 2016, respectfully.

Contributed Services

During the years ended September 30, 2017 and 2016, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization but these services do not meet the criteria for recognition as contributed services.

Blackshear Neighborhood Development Corporation

Notes to Financial Statements

September 30, 2017 and 2016

NOTE A – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Property and Equipment & Construction in Progress

Property and equipment are recorded at historical cost. Depreciation is computed based on the useful lives of the assets using the straight-line method. Betterments and large repairs that significantly extend the life of assets are capitalized. Repairs, maintenance, and small expenditures are expensed as incurred. Property sold, retired, or otherwise disposed of during the year is removed from the accounts and any gains or losses recognized. Fixed assets are depreciated over their estimated useful lives (5 - 27.5 years) by the straight-line method.

Financial Instruments

All financial instruments are carried at amounts that approximate fair value. This includes certificates of deposits, bonds, and securities that are classified as held-to-maturity.

Income Taxes

The Organization is a not-for-profit organization, other than a private foundation, that is exempt from income taxes under Internal Revenue Code Section 501(c)(3).

Rental Income Recognition

The Organization leases housing units for use as single-family residences under operating leases that are renewable on a month-to-month basis to tenants who meet certain low and moderate-income requirements. Rental income is recognized as the rent becomes due under the terms of the lease agreements.

Economic Concentrations

The Organization operates rental property and holds mortgages receivable for property located in Austin, Texas. Future operations could be affected by changes in economic or other conditions in that geographical area or the demand for such housing.

NOTE B – CERTIFICATE OF DEPOSIT

The Organization has an automatically renewing certificate of deposit, with a nine-month original maturity, maturing in June of 2016 and paying interest at 0.05%.

NOTE C – MORTGAGES RECEIVABLE

The Organization mortgaged single-family residences to certain low-income purchasers and is in possession of notes receivable in connection with these mortgages secured by the respectively mortgaged properties whose market values exceed that of the related mortgage note receivable. The Organization maintains a right of first refusal to repurchase the mortgaged properties from their respective owners, should they desire to sell their properties. The notes are to be held to maturity and accordingly are stated at their respective amortized costs equal to the unpaid principal balances.

Blackshear Neighborhood Development Corporation

Notes to Financial Statements

September 30, 2017 and 2016

NOTE C – MORTGAGES RECEIVABLE - CONTINUED

Interest on loans is recognized over the term of the loan and is calculated using the simple-interest method on principal amounts outstanding. The notes are placed on non-accrual when management believes, after considering economic conditions, business conditions, and collection efforts, the loans are impaired or collection of interest is doubtful. Uncollected interest previously accrued is charged off. Interest income on non-accrual loans is recognized only to the extent cash payments are received. Principal of \$45,647 and \$51,877, net of current portions of \$6,504 and \$6,072, are outstanding as of September 30, 2017 and 2016, respectively. The notes receivable is believed to be collectible in their entirety and the allowance for doubtful accounts is immaterial. The mortgages receivable is secured by liens in the related and financed homes. The Organization maintains escrowed funds for taxes and insurance, held in trust, for the respective borrowers with a value of \$6,388 and \$8,591 as of September 30, 2017 and 2016, respectively.

NOTE D – NOTES PAYABLE

The Organization is indebted to Mercy Housing in connection with a \$217,400 note payable. Principal on the note payable, of \$202,656 and \$205,839, was outstanding as of September 30, 2017 and 2016, respectively. The note payable bears interest, payable monthly, at a rate of 6.5%. The terms of the note payable require the associated development activities to be complete within 18 months (the "Construction Phase"), upon which time, the principal outstanding will be due and payable in 120 months from Conversion Date, which is defined as the date the Construction Phase is complete. If the associated development activities are not complete with the Construction Phase, the remaining balance of principal and accrued interest will be due at the end of the Construction Phase. The note payable contains various covenants including that certain low income tenants are served with the housing developed with the funds and that the appraised value of the property achieves certain loan to value requirements, as defined.

The Organization is indebted to Amplify Credit Union in connection with a 180 month \$50,000 note payable. Principal on the note payable of \$45,541 and \$47,147 was outstanding as of September 30, 2017 and 2016, respectively. The note payable bears interest, payable monthly, at a rate of 5.25% for the first 60 months and at the Wall Street Journal Prime Rate plus 2% thereafter. Payments of principal and interest are calculated based on a 240-month amortization. The note matures on October 31, 2029, upon which time all remaining principal and interest is due. The note payable is secured by a first lien on one of the Organization's real property.

Blackshear Neighborhood Development Corporation

Notes to Financial Statements

September 30, 2017 and 2016

NOTE D – NOTES PAYABLE - CONTINUED

Principal maturities over each of the next five years, are as follows:

	<u>Mercy</u>	<u>Amplify</u>	<u>Total</u>
2018	3,397	1,693	5,089
2019	3,624	1,784	5,408
2020	3,867	1,879	5,746
2021	4,126	1,981	6,106
2022	187,951	2,087	190,038
Thereafter	-	36,118	36,118
Total	<u>\$ 202,965</u>	<u>\$ 45,541</u>	<u>\$ 248,506</u>

NOTE E – FAIR VALUES OF FINANCIAL INSTRUMENTS

The Organization's financial instruments consist of cash and notes receivable. The Organization estimates the fair values of all financial instruments do not differ materially from the aggregate carrying values of its financial instruments recorded on the accompanying statements of financial position. The estimated fair value amounts have been determined by the Organization using available market information and appropriate valuation methodologies. Considerable judgment is necessarily required in interpreting market data to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts that the Organization could realize in a current market exchange. None of the financial instruments are held for trading purposes.

NOTE F – COMMITMENTS AND CONTINGENCIES

Contingent Gain

To assist purchasers in the purchase of the homes, the Organization granted an aggregate \$146,200 of mortgages to the purchasers as of September 30, 2017 and 2016, respectively. The Mortgages are subject to a fifteen-thirty year amortizations at 6% and are secured by third lien interests in the mortgaged real property. According to the terms of the Mortgages, the regular monthly payments of principal and interest are considered forgiven as long as the purchaser occupies and owns the home. Additionally, should the purchaser sale, lease, or otherwise transfer or convey the property, the remaining principal and accrued interest will be immediately due and payable at the Organization's preference. The mortgages are amortized against the deferred revenues over the terms of the respective notes. As of September 30, 2017 and 2016, unamortized principal of the notes aggregates \$101,677 and \$106,590, respectively. Should the purchaser sale, lease, or otherwise transfer or convey the property, the unamortized portion of the third lien mortgage receivable will be recognized as income on the date the mortgage is declared due and payable, at the unamortized amount.

Blackshear Neighborhood Development Corporation

Notes to Financial Statements

September 30, 2017 and 2016

NOTE F – COMMITMENTS AND CONTINGENCIES - CONTINUED

Contingent Liability

The Organization received commitments for funding aggregating \$829,605 from the Austin Housing Finance Corporation (“AHFC”). This financing is non-interest bearing and matures in 99 years from the date of origination, being 2108-2114. Further, should the Organization remain in compliance with Rental Housing Development Assistance Loan Program Loan Agreement, the loans will be forgiven. If the organization fails to remain in compliance, the amounts will be due and payable as follows;

- \$100,000 will be payable the earlier of five years following the issuance of the certificate of occupancy by the City of Austin or January 31, 2108.
- \$572,500 will be payable August 1, 2109.

Contingent Liability, Continued

As the proceeds of the AHFC advances comprise the principal of a contingent liability for which the likelihood of realization as a debt is less than probable, no liability has been accrued in these financial statements. The proceeds of this advance have been recognized as a grant to the Organization in the year they were received. Should the Organization fail to remain in compliance, and consequently the proceeds received from the AHFC be caused to be due and payable, the AHFC advances would be recognized as debt at that time against an offsetting loss in that period and would be valued at the discounted present value of the future liability face value at a market rate of return for debt of similar risk.

Temporarily Restricted Net Assets

\$829,605 is temporarily restricted to use in accordance with the Rental Housing Development Assistance Loan Program Loan Agreement with AHFC, as described previously.

NOTE G – SUBSEQUENT EVENTS

The Organization’s subsequent events were evaluated through April 30, 2018, upon which time, the financial statements were available for issuance.

Eskew+Dumez+Ripple

New Orleans, LA

Community Engagement Research Fellow, September 2014 – June 2015

Conducted applied research on community engagement methods in a design-driven architecture and planning practice. Also contributed to the facilitation of community engagement activities for a variety of architectural projects as well as numerous pro-bono projects.

Women.Design.Build

Austin, TX

Co-Founder and Board of Directors Vice President, 2009 – 2014

Design and development of programs that provide creative and educational opportunities for women of all backgrounds interested in learning the trades of design and construction.

BOKA Powell

Austin, TX

Designer, 2008 – 2012

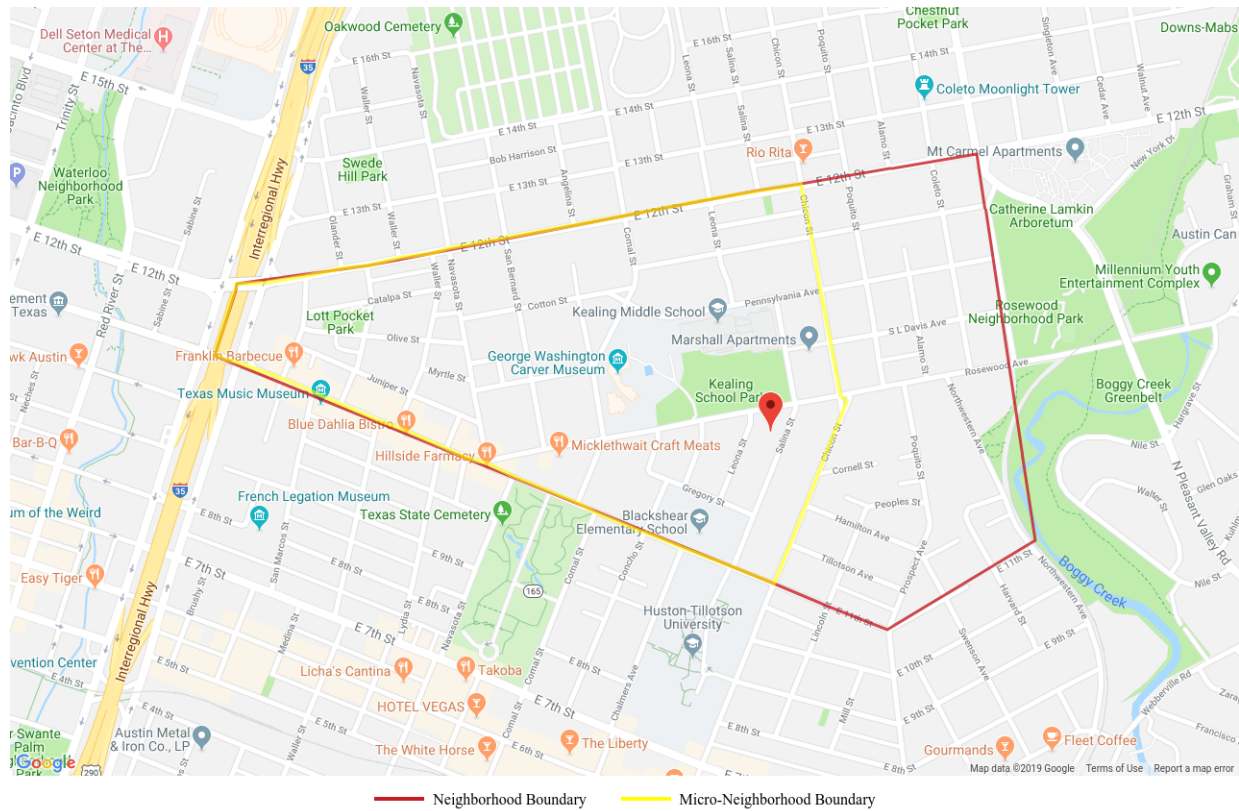

Architectural design, documentation, and information coordination from schematic design through construction documents on mixed-use multi-family housing, hospitality and commercial projects.

Architecture for Humanity Biloxi Model Home Program

Biloxi, MS

Design Fellow, 2007 – 2008

Assisted in all aspects of coastal recovery following Hurricane Katrina. Contributed to program documentation through the publication of a book outlining the program's best practices and lessons learned for further study of disaster recovery efforts.

ABOUT THE 1140 SALINA ST NEIGHBORHOOD

Real Estate Prices and Overview

This neighborhood's median real estate price is \$450,637, which is more expensive than 93.0% of the neighborhoods in Texas and 80.8% of the neighborhoods in the U.S.

The average rental price in this neighborhood is currently \$697, based on NeighborhoodScout's exclusive analysis. Rents here are currently lower in price than 97.1% of Texas neighborhoods.

This is an urban neighborhood (based on population density) located in Austin, Texas.

This neighborhood's real estate is primarily made up of small (studio to two bedroom) to medium sized (three or four bedroom) single-family homes and apartment complexes/high-rise apartments. Most of the residential real estate is occupied by a mixture of owners and renters. Many of the residences in this neighborhood are relatively historic, built no later than 1939, and in some cases, quite a bit earlier. A number of residences were also built between 1940 and 1969.

Home and apartment vacancy rates are 8.3% in this neighborhood. NeighborhoodScout analysis shows that this rate is lower than 53.4% of the neighborhoods in the nation, approximately near the middle range for vacancies.

Notable & Unique Neighborhood Characteristics

When you see a neighborhood for the first time, the most important thing is often the way it looks, like its homes and its setting. Some places look the same, but they only reveal their true character after living in them for a while because they contain a unique mix of occupational or cultural groups. This neighborhood is very unique in some important ways, according to NeighborhoodScout's exclusive exploration and analysis.

Notable & Unique: Modes of Transportation

Would you like to be able to ride your bike to work? If you are attracted to the idea of getting a little exercise of the two-wheeled type while reducing your carbon footprint, bicycling to work might be the answer. But which neighborhood you live in can make this either impossible, or alternatively, a great and realistic option. NeighborhoodScout's analysis revealed that this neighborhood is a fantastic option for bicycle commuters, as 5.3% of commuters here do ride their bikes to and from work on a daily basis. This is a higher amount than we found in 97.7% of the neighborhoods in America.

Also, in this neighborhood, many people's commute means walking from the bedroom to the home office. NeighborhoodScout's analysis found that 13.4% of residents worked from home. This may not seem like a large number, but Scout's research shows that this is a higher percentage of people working from home than 97.0% of the neighborhoods in America. Often people who work from home are engaged in the creative or technological economy, such as is found in areas around Boston, and in Silicon Valley. Other times, people may be engaged in other businesses like trading stocks from home, or running a small beauty salon.

Notable & Unique: Diversity

Did you know that this neighborhood has more Brazilian and Cuban ancestry people living in it than nearly any neighborhood in America? It's true! In fact, 1.4% of this neighborhood's residents have Brazilian ancestry and 2.8% have Cuban ancestry.

This neighborhood is also pretty special linguistically. Significantly, 0.5% of its residents five years old and above primarily speak Persian at home. While this may seem like a small percentage, it is higher than 95.6% of the neighborhoods in America.

The Neighbors

The Neighbors: Income

There are two complementary measures for understanding the income of a neighborhood's residents: the average and the extremes. While a neighborhood may be relatively wealthy overall, it is equally important to understand the rate of people - particularly children - who are living at or below the federal poverty line, which is extremely low income. Some neighborhoods with a lower average income may actually have a lower childhood poverty rate than another with a higher average income, and this helps us understand the conditions and character of a neighborhood.

The neighbors in this neighborhood in Austin are lower-middle income, making it a below average income neighborhood. NeighborhoodScout's research shows that this neighborhood has an income lower than 78.5% of U.S. neighborhoods. With 48.0% of the children here below the federal poverty line, this neighborhood has a higher rate of childhood poverty than 91.3% of U.S. neighborhoods.

The Neighbors: Occupations

The old saying "you are what you eat" is true. But it is also true that you are what you do for a living. The types of occupations your neighbors have shape their character, and together as a group, their collective occupations shape the culture of a place.

In this neighborhood, 51.6% of the working population is employed in executive, management, and professional occupations. The second most important occupational group in this neighborhood is sales and service jobs, from major sales accounts, to working in fast food restaurants, with 23.4% of the residents employed. Other residents here are employed in manufacturing and laborer occupations (15.4%), and 9.5% in clerical, assistant, and tech support occupations.

The Neighbors: Languages

The most common language spoken in this neighborhood is English, spoken by 67.8% of households. Some people also speak Spanish (28.7%).

The Neighbors: Ethnicity / Ancestry

Culture is shared learned behavior. We learn it from our parents, their parents, our houses of worship, and much of our culture – our learned behavior – comes from our ancestors. That is why ancestry and ethnicity can be so interesting and important to understand: places with concentrations of people of one or more ancestries often express those shared learned behaviors and this gives each neighborhood its own culture. Even different neighborhoods in the same city can have drastically different cultures.

In this neighborhood in Austin, TX, residents most commonly identify their ethnicity or ancestry as Mexican (33.8%). There are also a number of people of German ancestry (7.4%), and residents who report English roots (5.7%), and some of the residents are also of Sub-Saharan African ancestry (3.0%), along with some African ancestry residents (3.0%), among others. In addition, 14.4% of the residents of this neighborhood were born in another country.

Getting to Work

How you get to work – car, bus, train or other means – and how much of your day it takes to do so is a large quality of life and financial issue. Especially with gasoline prices rising and expected to continue doing so, the length and means of one's commute can be a financial burden. Some neighborhoods are physically located so that many residents have to drive in their own car, others are set up so many walk to work, or can take a train, bus, or bike. The greatest number of commuters in this neighborhood spend between 15 and 30 minutes commuting one-way to work (47.4% of working residents), which is shorter than the time spent commuting to work for most Americans.

Here most residents (62.9%) drive alone in a private automobile to get to work. In addition, quite a number also carpool with coworkers, friends, or neighbors to get to work (12.9%) and 9.8% of residents also ride the bus for their daily commute. In a neighborhood like this, as in most of the nation, many residents find owning a car useful for getting to work.
