### Program Info

Max: 20 students/hour

Program Fee: \$65.00

Length: 1 hr in/outdoor

Location: Your school

### Wild About Wildlife

Students investigate the natural world in a safe and fun environment. Get ready for face-to-face encounters with live animals and crazy, hands-on experiments!

Program includes hand-on activities that reinforce the [Science TEKS](#) for kindergarten through 6th grade. The Austin Nature and Science Center provides two instructors and all needed materials. Instructors arrive 15-30 minutes before the scheduled program time. Programs meet 4-12 weeks per semester.
