Executive Summary

City of Austin 2013
Outdoor Aquatic Facilities and Programs Survey
Executive Summary Report

Overview of the Methodology

Leisure Vision conducted an Outdoor Aquatic Facilities and Programs Survey on behalf of the City of Austin in the fall of 2013. The purpose of the survey was to help understand current usage and satisfaction levels for outdoor aquatic facilities and to determine priorities for improvements to outdoor aquatic facilities and programs operated by the City of Austin Parks and Recreation Department. The survey was designed to obtain statistically valid results from households throughout the City of Austin. The survey was administered by phone.

Leisure Vision worked extensively with City of Austin officials in the development of the survey questionnaire. This work allowed the survey to be tailored to issues of strategic importance to effectively plan the future system.

The goal was to obtain a total of at least 400 completed surveys. This goal was accomplished, with a total of 406 surveys having been completed. The level of confidence is 95% with a margin of error of +/-4.9%.

The following pages summarize major survey findings.

Major Survey Findings

- **Outdoor Aquatic Facility Use in Austin During the Past 12 Months.** Forty-three percent (43%) of households have visited outdoor aquatic facilities in the City of Austin over the past 12 months. Of the 43% of households that have visited outdoor aquatic facilities, 32% have visited the facilities 1-5 times in the past year, 26% visited facilities 6-10 times, and 30% visited the facilities 11-19 times.
- **Outdoor Aquatic Facilities That Households Have Visited the Most Over the Past 12 Months.** Of the 43% of households that have visited outdoor aquatic facilities in Austin during the past 12 months, 57% have visited the Barton Springs pool. The other most frequently visited aquatic facilities include: Deep Eddy Pool (28%), Northwest Pool (10%) and Big Stacy Pool (10%).
- **How Long Respondents Currently Drive to the Aquatic Facility They Use the Most.** Of the 43% of households that have visited outdoor aquatic facilities in Austin during the past 12 months, 25% drive 1-5 minutes to the aquatic facility that they use the most often. In addition, 19% drive 5-10 minutes to the aquatic facility they visit the most, 24% drive 10-15 minutes to the aquatic facility they visit the most, and 26% drive 15-30 minutes to the aquatic facility that they use the most.
- **Rating the Physical Condition of the Facilities Visited.** Of the 43% of households that have visited outdoor aquatic facilities in Austin during the past 12 months, 26% rated the facilities they've visited at "excellent", and 49% rated them as "good". Twenty-percent (20%) of households rated the facilities as "fair", and only 2% rated them as "poor". The remaining 2% indicated "don't know".
- **Participation in Aquatic Programs Offered by the City of Austin Over the Past 12 Months.** Seven percent (7%) of households have participated in aquatic programs offered by the city of Austin over the past 12 months. Of the 7% of households that have participated in aquatic programs offered by the City of Austin, 60% rated the overall quality of the programs as "excellent", and 34% rated them as "good". Three percent (3%) of households rated the programs as "fair", and less than 1% rated them as "poor". The remaining 3% indicated "don't know".
- **Level of Support for Improvements the City of Austin Could Take to Improve Outdoor Aquatic Facilities and Services in the City.** Eighty-two percent (82%) of respondents are either "very supportive" (56%) or "somewhat supportive" (26%) of the City of Austin taking action to improve restrooms. Other similar levels of support for actions the City could take to improve outdoor aquatic facilities and services include: increase the swim season (77%), provide additional shade (76%), upgrade pool houses/bath houses (72%) and increase lighting (70%).
- **Actions Respondents Feel Are Most Important for the City to Provide.** Based on the sum of their top three choices, the actions that respondents feel are most

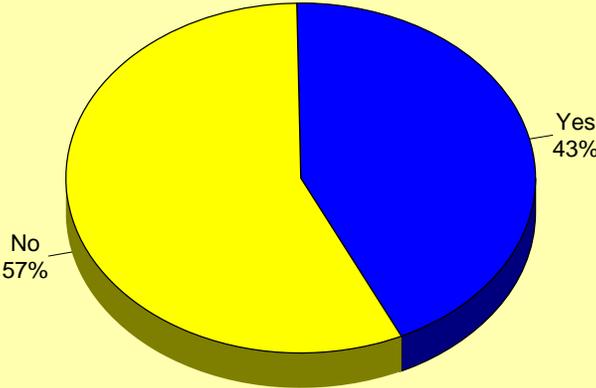

important for the City of Austin to provide at outdoor aquatic facilities are: improve restrooms (30%), provide additional shade (26%), increase the swim season (21%), upgrade pool house/bath houses (18%), and develop additional parking (18%).

- **Outdoor Aquatic Programs That Households Have a Need for.** The outdoor aquatic programs that the highest percentage of households have a need for are: water fitness classes (50%), lap swim times (45%), movie nights (43%), and water safety instructor courses (43%).
- **Outdoor Aquatic Programs That Are the Most Important to Households.** Based on the sum of their top two choices, the outdoor aquatic programs that are most important to households are: water fitness classes (25%), youth learn to swim programs (18%), lap swim times (17%) and water safety instructor courses (15%).
- **Ways Respondents Learn About Outdoor Aquatic Programs or Activities.** The most frequently mentioned ways that households learn about City of Austin outdoor aquatic programs and activities are: word of mouth (32%), parks and recreation website (31%), and the newspaper (26%).
- **How Long Respondents Are Willing to Drive to Attend Aquatic Programs or Use Aquatic Facilities that Have Types of Programs Most Important to Them.** Thirty-five percent (35%) of households are willing to drive at least 15 minutes in order to attend aquatic programs or use facilities that have the types of program space most important to respondent households. Thirty percent (30%) of households are willing to drive 10-15 minutes in order to attend aquatic programs or use facilities that have the types of program space most important to respondent households.
- **How Respondents Feel About Daily User Fees Charged at the Municipal Pools and at Barton Springs.** Seventy-five percent (75%) of respondents feel that the daily user fees charged at the Municipal Pools and at Barton Springs are “about right”. Sixteen percent (16%) of respondents feel that the fees are “too high” and 6% feel that the fees are “too low”.
- **How Respondents Feel About Season Pass Fees Charged at the Municipal Pools and at Barton Springs:** Fifty-four percent (54%) of respondents feel that season pass fees charged at the Municipal Pool and Barton Springs are “too high”. Thirty-seven percent (37%) of respondents feel that the fees are “about right”, and 2% feel the fees are “too low”.
- **Reasons that Prevent Respondent Households from Using Outdoor Aquatic Facilities and Programs More Often.** Based on the sum of respondent choices, the most frequently mentioned reasons preventing households from using outdoor aquatic facilities and programs more often are: “too far from our residence” (19%), “use private pools at a residence” (16%), “pools are too crowded” (15%), and “fees are too high: (15%).
