7.17 **Modifications**: The Contract can be modified or amended only by a written agreement signed by both parties. No pre-printed or similar terms on any of the Contractor or City's invoice, orders or other documents shall have any force or effect to change the terms, covenants, and conditions of the Contract.

Whenever a term defined by the Uniform Commercial Code, as enacted by the State of Texas, is used in the Contract, the UCC definition shall control, unless otherwise defined in the Contract.

Either party may make a written request for a meeting between representatives of each party within fourteen (14) calendar days after receipt of the request or such later period as agreed by the parties. Each party shall include, at a minimum, one (1) senior level individual with decision-making authority regarding the dispute. The purpose of this and any subsequent meeting is to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) calendar days after such meeting, the parties have not succeeded in negotiating a resolution of the dispute, they will proceed directly to mediation as described below. Negotiation may be waived by a written agreement signed by both parties, in which event the parties may proceed directly to mediation as described below.

7.19.2 If the efforts to resolve the dispute through negotiation fail, or the parties waive the negotiation process, the parties may select, within thirty (30) calendar days, a mediator trained in mediation skills to assist with resolution of the dispute. Should they choose this option; the City and the Contractor agree to act in good faith in the selection of the mediator and to give consideration to qualified individuals nominated to act as mediator. Nothing in the Contract prevents the parties from relying on the skills of a person who is trained in the subject matter of the dispute or a contract interpretation expert. If the parties fail to agree on a mediator within thirty (30) calendar days of initiation of the mediation process, the mediator shall be selected by the Travis County Dispute Resolution Center (DRC). The parties agree to participate in mediation in good faith for up to thirty (30) calendar days from the date of the first mediation session. The City will provide a list of services and prices, effective on Contract date.
 - B. Adjusted GOR: The Adjusted GOR is the sum of Gross Operating Receipts less Accounts Receivable (AR) associated with Space Sale Time Payments and Cemetery Maintenance Surcharge which is a surcharge added to each plot sold.
 - C. Subcontractor payments (SCP): The SCP is the payment Contractor makes to subcontractor calculated as a percentage of the sum receipts for each contract year for services related to interment activities. The SCP payment percentage annually negotiated to be effective in October of each year. The percentage rate shall not be less than 80% nor greater than 93%.
 - D. Net Revenues Retained (NRR): NRR is an amount derived by subtracting SCP from the Adjusted GOR as adjusted for time sales, and is computed and reported quarterly,
 - E. Retained Revenue Estimate (RRE): The RRE is a negotiated forecast of NRR developed by the Contractor and approved by the City, determined for the ensuing 12 months, subject to the adjustment provided in Paragraph 6 below, entitled Adjustments.
2. Retained Revenue Estimate Calculations: It is agreed that:
 - A. for each year of the Contract, RRE will be developed as provided herein, and the minimum RRE shall be an amount not less than the previous year's RRE (with such adjustments as may have been made) with adjustment by the current Consumer Price Index (CPI); provided however, that such adjustment shall not be less than 3.3% nor more than 8%. The parties agree to negotiate in good faith concerning inflation adjustments in those years in which the CPI is less than 3.3% or greater than 8%. The CPI shall be the "Revised Consumer's Price Index" for all Urban Consumers as published by the Bureau of Labor Statistics of the U.S. Department of Labor and shall be calculated using October 1, 2005 as the base index.
 - B. the parties may agree to no adjustment in the RRE so long as the amount is not less than the previous year's RRE (with such adjustments as may have been made pursuant to Paragraph 6 below). Should the CPI be discontinued, the parties agree to substitute a similar index.
3. Payments to Contractor. The Contractor will be paid a Contractor's Fee calculated as follows:
 - A. The Contractor will collect all cash revenues generated by the operations of the cemeteries, referred to herein as the Gross Operating Receipts (GOR) and will deposit the receipts into a separate account specifically for City cemetery operations. After adjusting these revenues for accounts receivables (AR) and Cemetery Maintenance Surcharges the Contractor will:
 - i. Pay the Subcontractor the SCP payments, leaving the Contractor with the NRR;
 - ii. From the NRR the Contractor pays all its costs of operating and maintaining cemeteries.

- B. In the event that NRR is less than the Retained Revenue Estimate (RRE), an adjustment, in the form of a City payment to Contractor will be made calculated as follows:
 - i. The City shall pay to the contractor at the end of each contract year 100% of the deficit between the NRR and RRE (with such adjustments as may have been made pursuant to Paragraph 6 below entitled Adjustments).

4. Budgets – RRE Estimate.

- A. The Contractor will participate in City's review of the Cemetery budget annually in sufficient time to contribute and facilitate the City's budget process. The review will discuss capital improvements, lot expansion, gross and net revenues, operational mode and expense, subcontractor payments, improvement plans and cemetery rules. The operating forecast will focus on development of the fiscal year's Retained Revenue Estimate (RRE), projected for each quarter of the coming fiscal year. The budget will be (i) furnished in a timely fashion and (ii) in writing, with assumptions and comments accompanying the budget figures.
- B. Contractor shall not be liable for cost of cemetery expansion betterments or capital improvements that materially extend the life of the facilities. The extent that such improvements have the potential to appreciably increase Contractor's net revenue, Contractor agrees to negotiate in good faith concerning participation in the cost of such improvements.

5. Payments to City. Contractor shall pay to the City at the end of each Contract year 100% of the excess revenues (NRR minus the RRE). No payment shall be made for any year in which the RRE is equal to or is less than the NRR within 60 days of the end of each Contract year.

6. Adjustments.

- A. If the Contractor experiences an increase in Non-controllable Costs (Exhibit A, III, F. 1), the Contractor may request an adjustment in the current year's RRE adequate to cover the entire year's cost increase. The City agrees to promptly confer with the Contractor and to negotiate in good faith to afford the Contractor an appropriate adjustment in the Contractor's Fee for the preceding quarter and for the remainder of the Contract year. The agreed upon adjusted RRE will replace the RRE for the payment computation described in Paragraph 3 above.
- B. Pursuant to Paragraph 3 above, the Contractor may, as set forth in Section 3.2 of the Contract entitled Invoices, submit one or more quarterly invoices for a deficit between the NRR and the RRE, based on quarterly comparison of NRR and RRE. However, an annual restatement and accounting for any payment paid or claimed, will occur at the end of the fiscal year or prorated portion thereof.
