# Spring 2012 Jewelry & Metal Classes

## Have fun making wearable art!

- The Metals Department offers fabrication classes in jewelry and metal design.
- The studio is equipped with a vented soldering area, and well-quipped hand tool cabinet. In addition, the shop has the following equipment: rolling mill, drill press, shear and PMC kiln.
- The goal of the Jewelry & Metals Department is to provide an enriching and rewarding experience for each student working in the metal arts.
- Students must be a minimum of 18 years old.

### Sign up early!

Register as soon as possible because each class has a minimum number of students needed for the class to make. If the minimum enrollment is not met, the class can be canceled two business days before the first class. All clay classes are held in the Ceramics Studio; students should bring clay and tools on the first day of class. The DAC does not have the capacity to allow outside pieces and production work is discouraged.

Designing in Metal				Instructor: Nancy Michalewicz
<b>Monday</b>	<b>\$100 / 4 classes</b>	<b>6 – 9 pm</b>	<b>1/9 – 2/6</b>	<b>No class: 1/16</b>
<b>Monday</b>	<b>\$149 / 6 classes</b>	<b>6 – 9 pm</b>	<b>2/27 – 4/2</b>	
<b>Monday</b>	<b>\$124 / 5 classes</b>	<b>6 – 9 pm</b>	<b>4/16 – 5/14</b>	

Hammering, sawing, bending and soldering plus bezel setting stones are among the many techniques for producing beautiful metal jewelry and for making small sculptural pieces. Fabricated work is formed from wire and sheet metal of sterling silver, brass or copper. Components are attached through soldering or cold connection riveting. Spend a fun filled class taking your ideas and designing unique metal pieces. The goal of this class is to learn basic techniques and finish your work professionally. No experience necessary, student must be 18 years old and up. Class held in 5W. Limit 8 students.

Nancy A. Michalewicz earned her MFA in Photography from the University of North Texas, MEd from the University of Texas at Tyler, and BA in Photography from Sam Houston State University. Nancy has taught photography and art classes for the past twenty years. In 1986, she began making jewelry and small sculpture.
