

# Circle C Ranch on Slaughter Creek

Keep balance beam

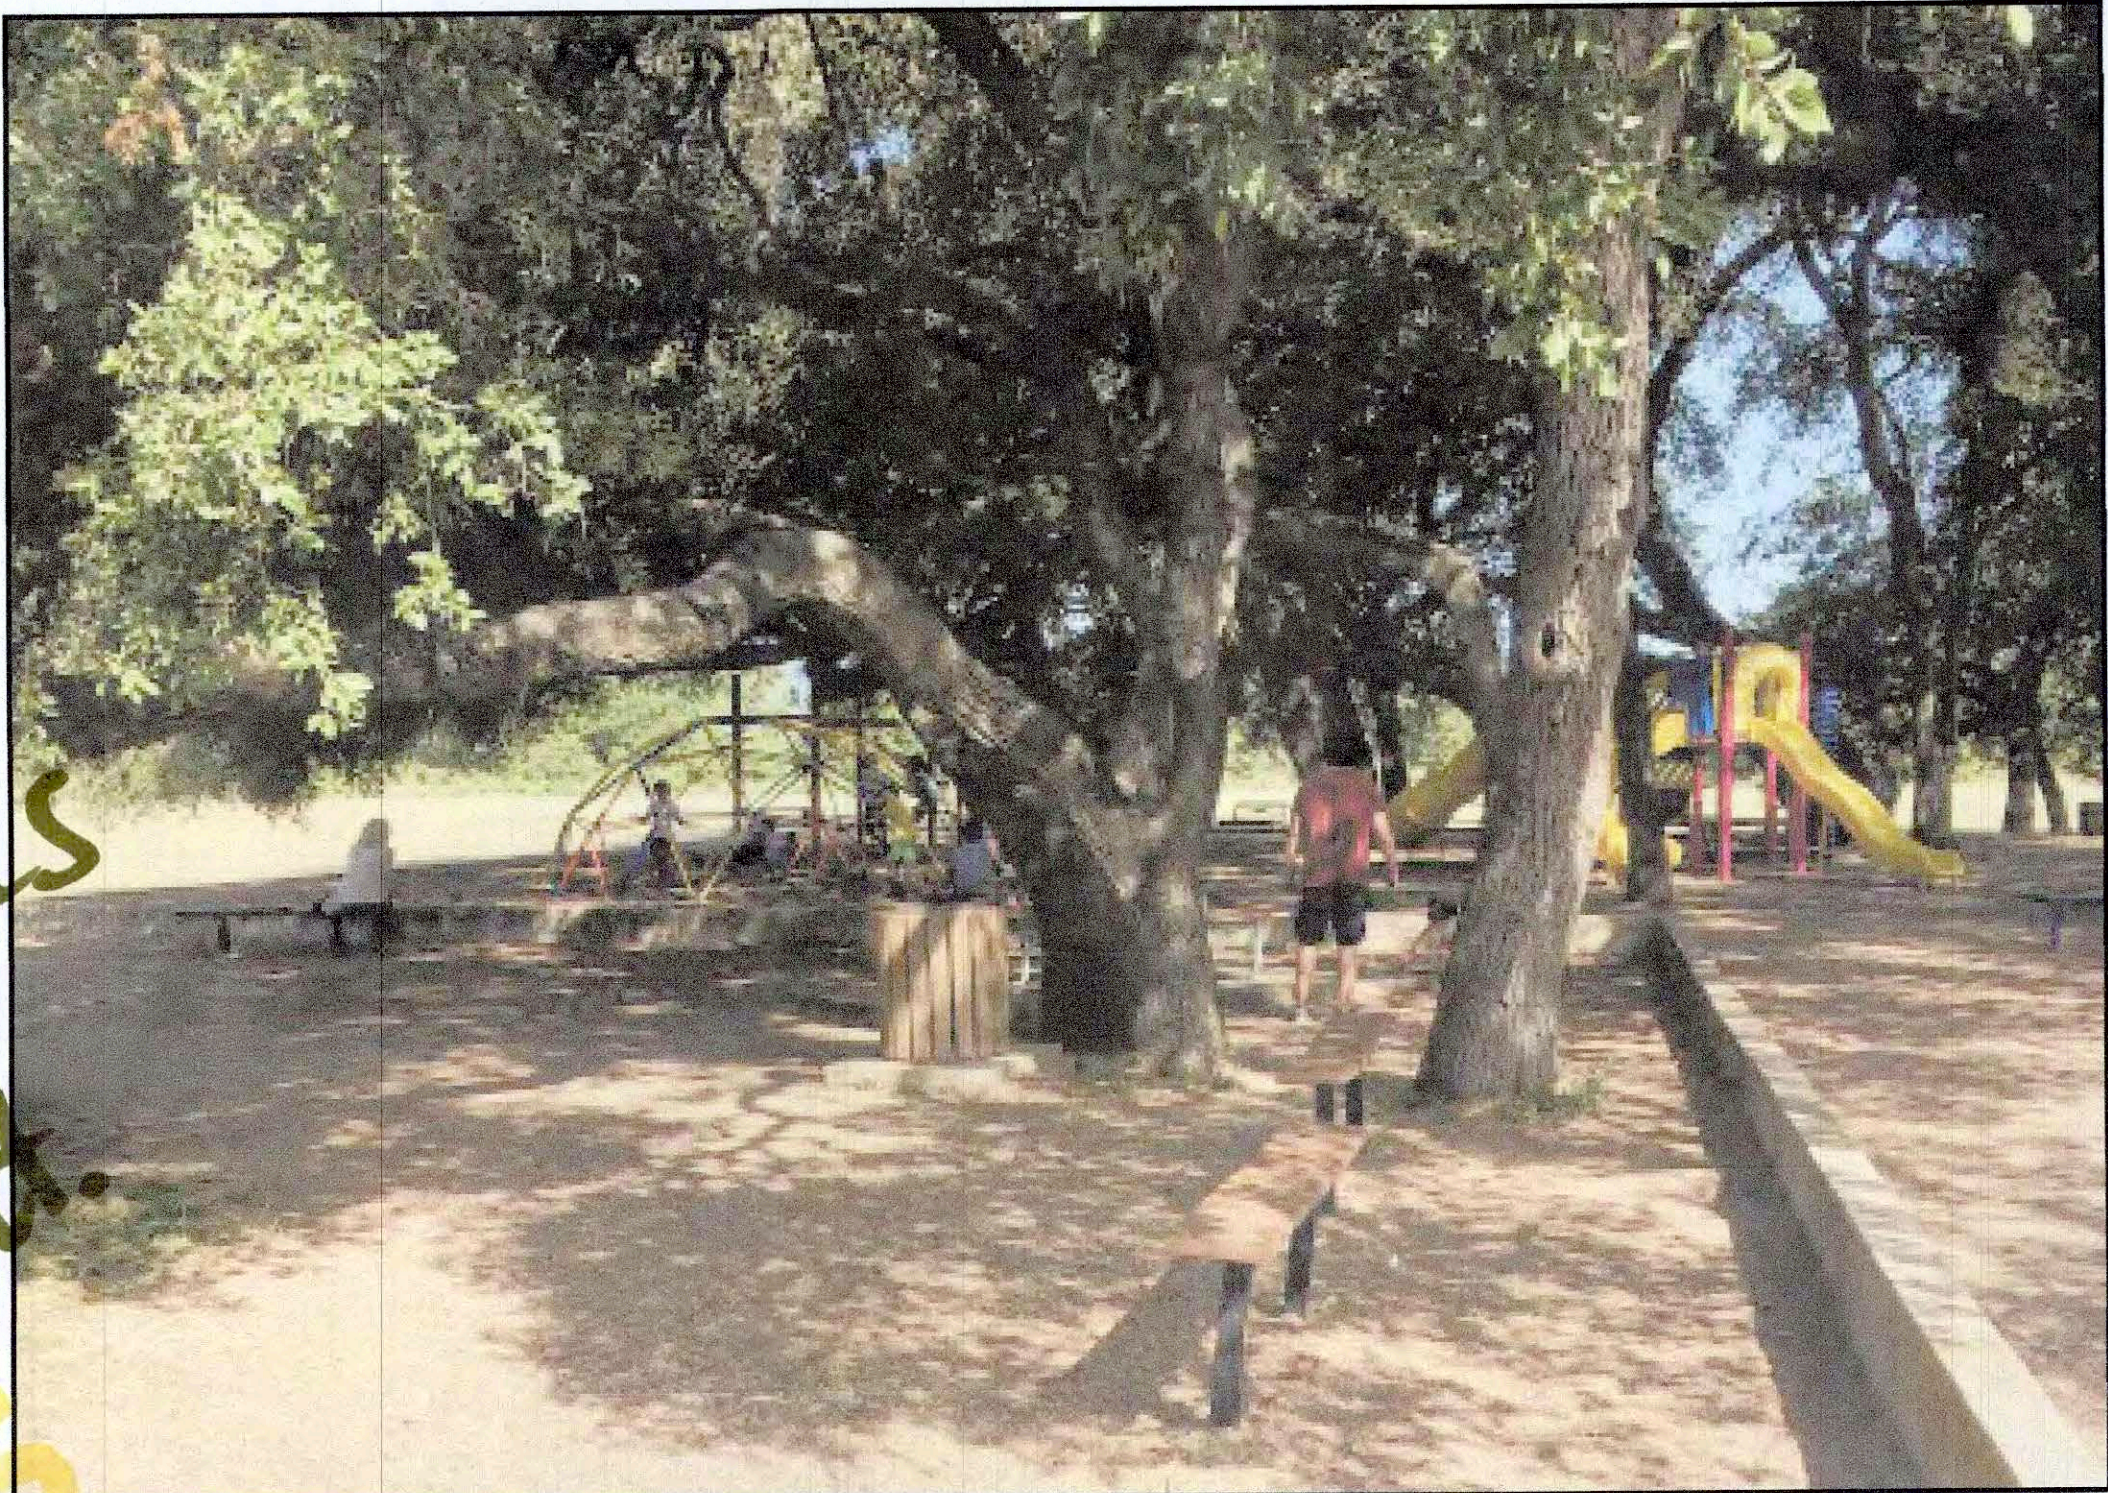

Put shade on the basketball courts

## Project Overview

The purpose of Circle C Playground replacement is to provide inclusive, accessible playground equipment that meets today's playground safety standards. Our goal is to improve the quality of play experiences while providing environmental stewardship in the sensitive area.

**Objectives:**

- 1) Improve accessibility and inclusivity for children of all ages and abilities
- 2) Limit risk to playground safety hazards including low branches and nearby parking lot
- 3) Provide new play features to allow maximum enjoyment of the area
- 4) Protect the heritage live oak trees

Keep utilize this space. Smaller equipment. Sand pits, etc.

No electronics on the equipment.

Yes

## Playground Styles

**Traditional Playground Equipment:**

Post and platform structures with slides and climbers. Play equipment typically will use bright colors.

This is a great idea!!

**Nature Themed Playground Equipment:**

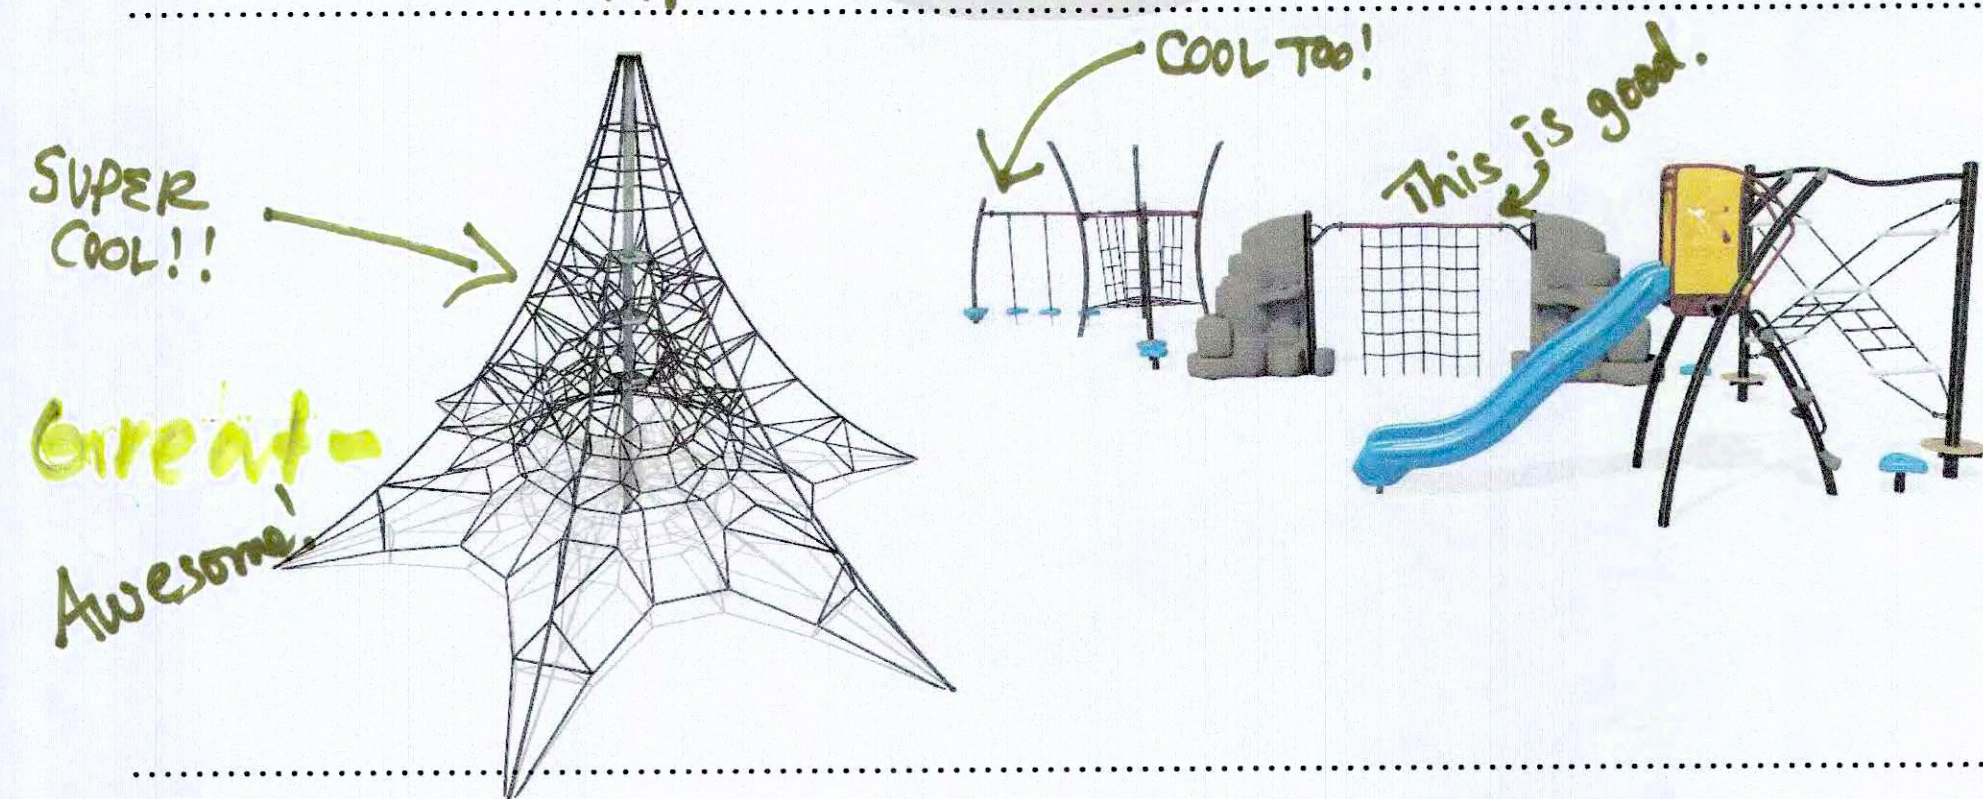

Post and platform structures that use a natural aesthetic and earth tone colors.

As Natural as possible with Net Climbing equipment

**Kinetic Playground Equipment:**

Post climbers and spinners that keep kids moving.

**Net Climbing Equipment:**

Net climbing structure that links to manufactured logs and boulders.

This is great!

**Imagination/Nature Play:**

Natural Boulders, logs and sticks that allow children to use their creativity to play games and other fun activities.

A gunga ball pit would be great

KEEP GRAVEL

## What do you like about the existing playground?

The existing playground equipment will be replaced, but we'd like to know what you enjoy about the space so that we can incorporate similar elements. Please write your comments below.

More rubber - if you're going to take out gravel, which you ~~also~~ shouldn't, rubber is the next best thing. It is also accessible for people with special needs.

YES!

Keep the gravel!

### The Swings

That there are swings.

Necessary

-Need more swings.

### Interactive Panels

Kids rarely play with these.

nobody plays with these

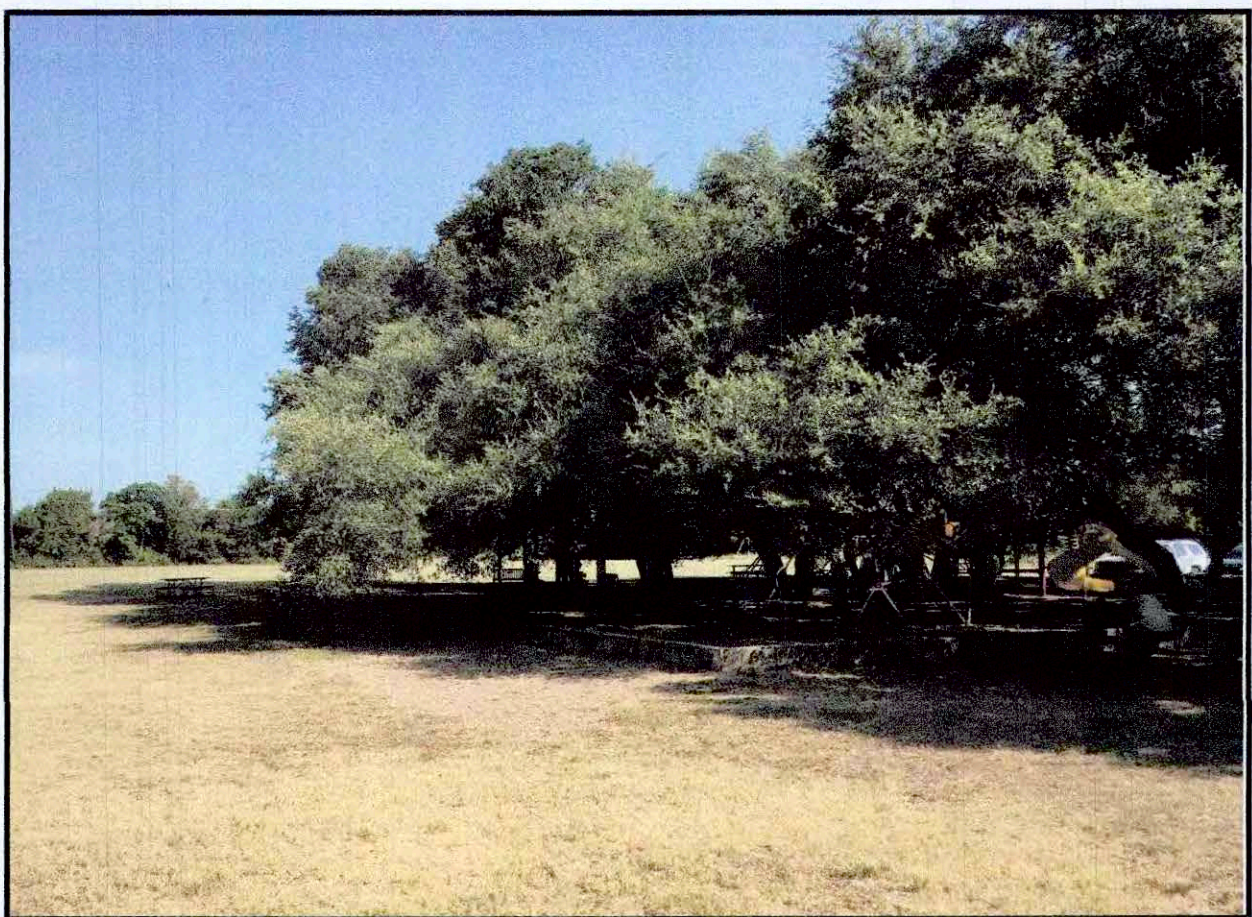

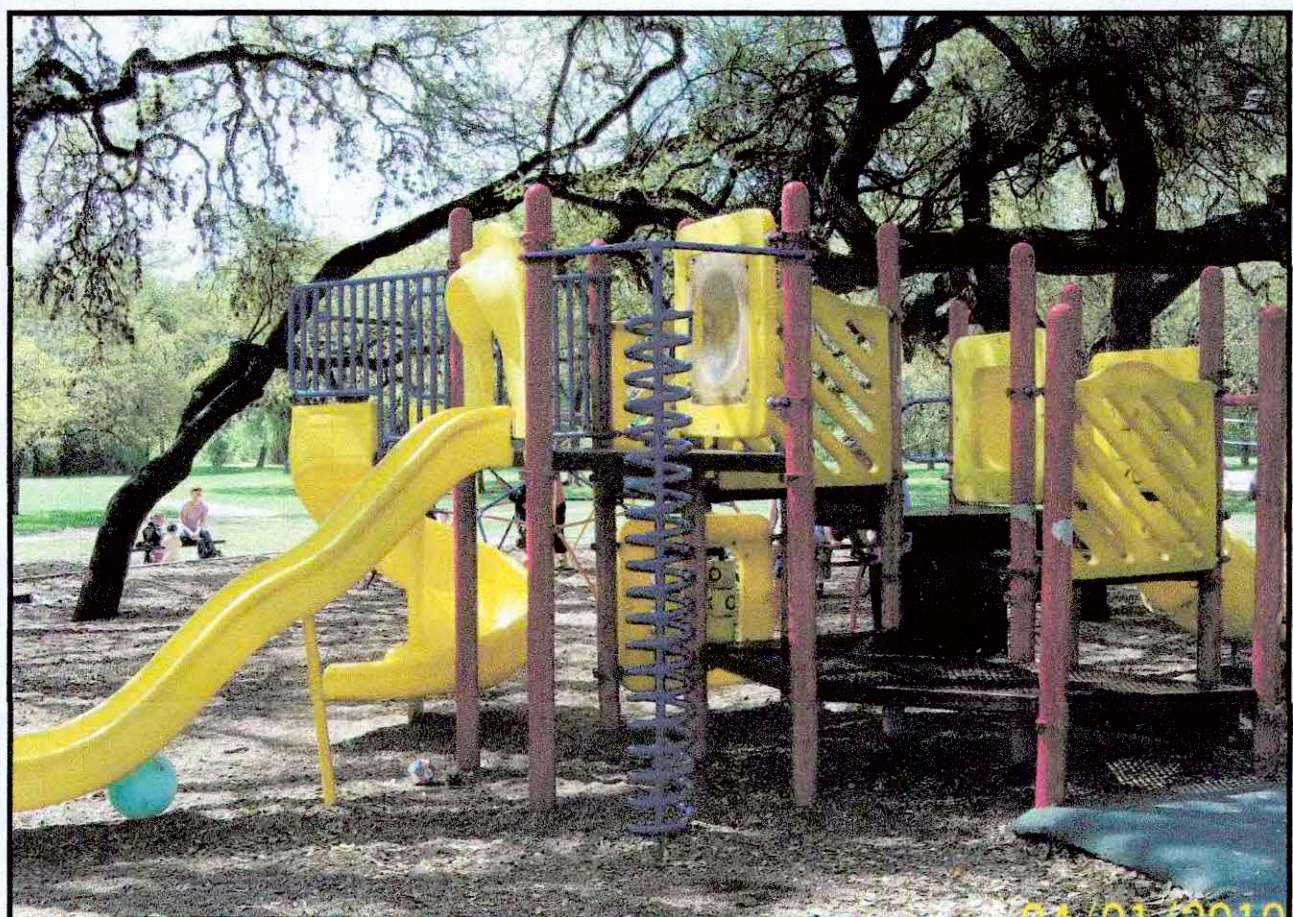

### 2-5 Play Equipment

Nice to have 2 play areas: one for littler, one for bigger.

Agreed

Move baby swings close to this area.

could we get a <sup>entire</sup> interer area for the baby stuff?

### 5-12 Play Equipment

this is a great idea

### Dome Climber

This is our favorite! 6yrs & 9yrs

Love this!

could we make this more challenging the higher you go?

Love this!

### Trees and Shade

Definitely

Playground is awesome because of the shade! Tree

The shade is great! I like the balance between trees & structure

The shade makes this awesome park accessible even during the hottest days

Shade is a need

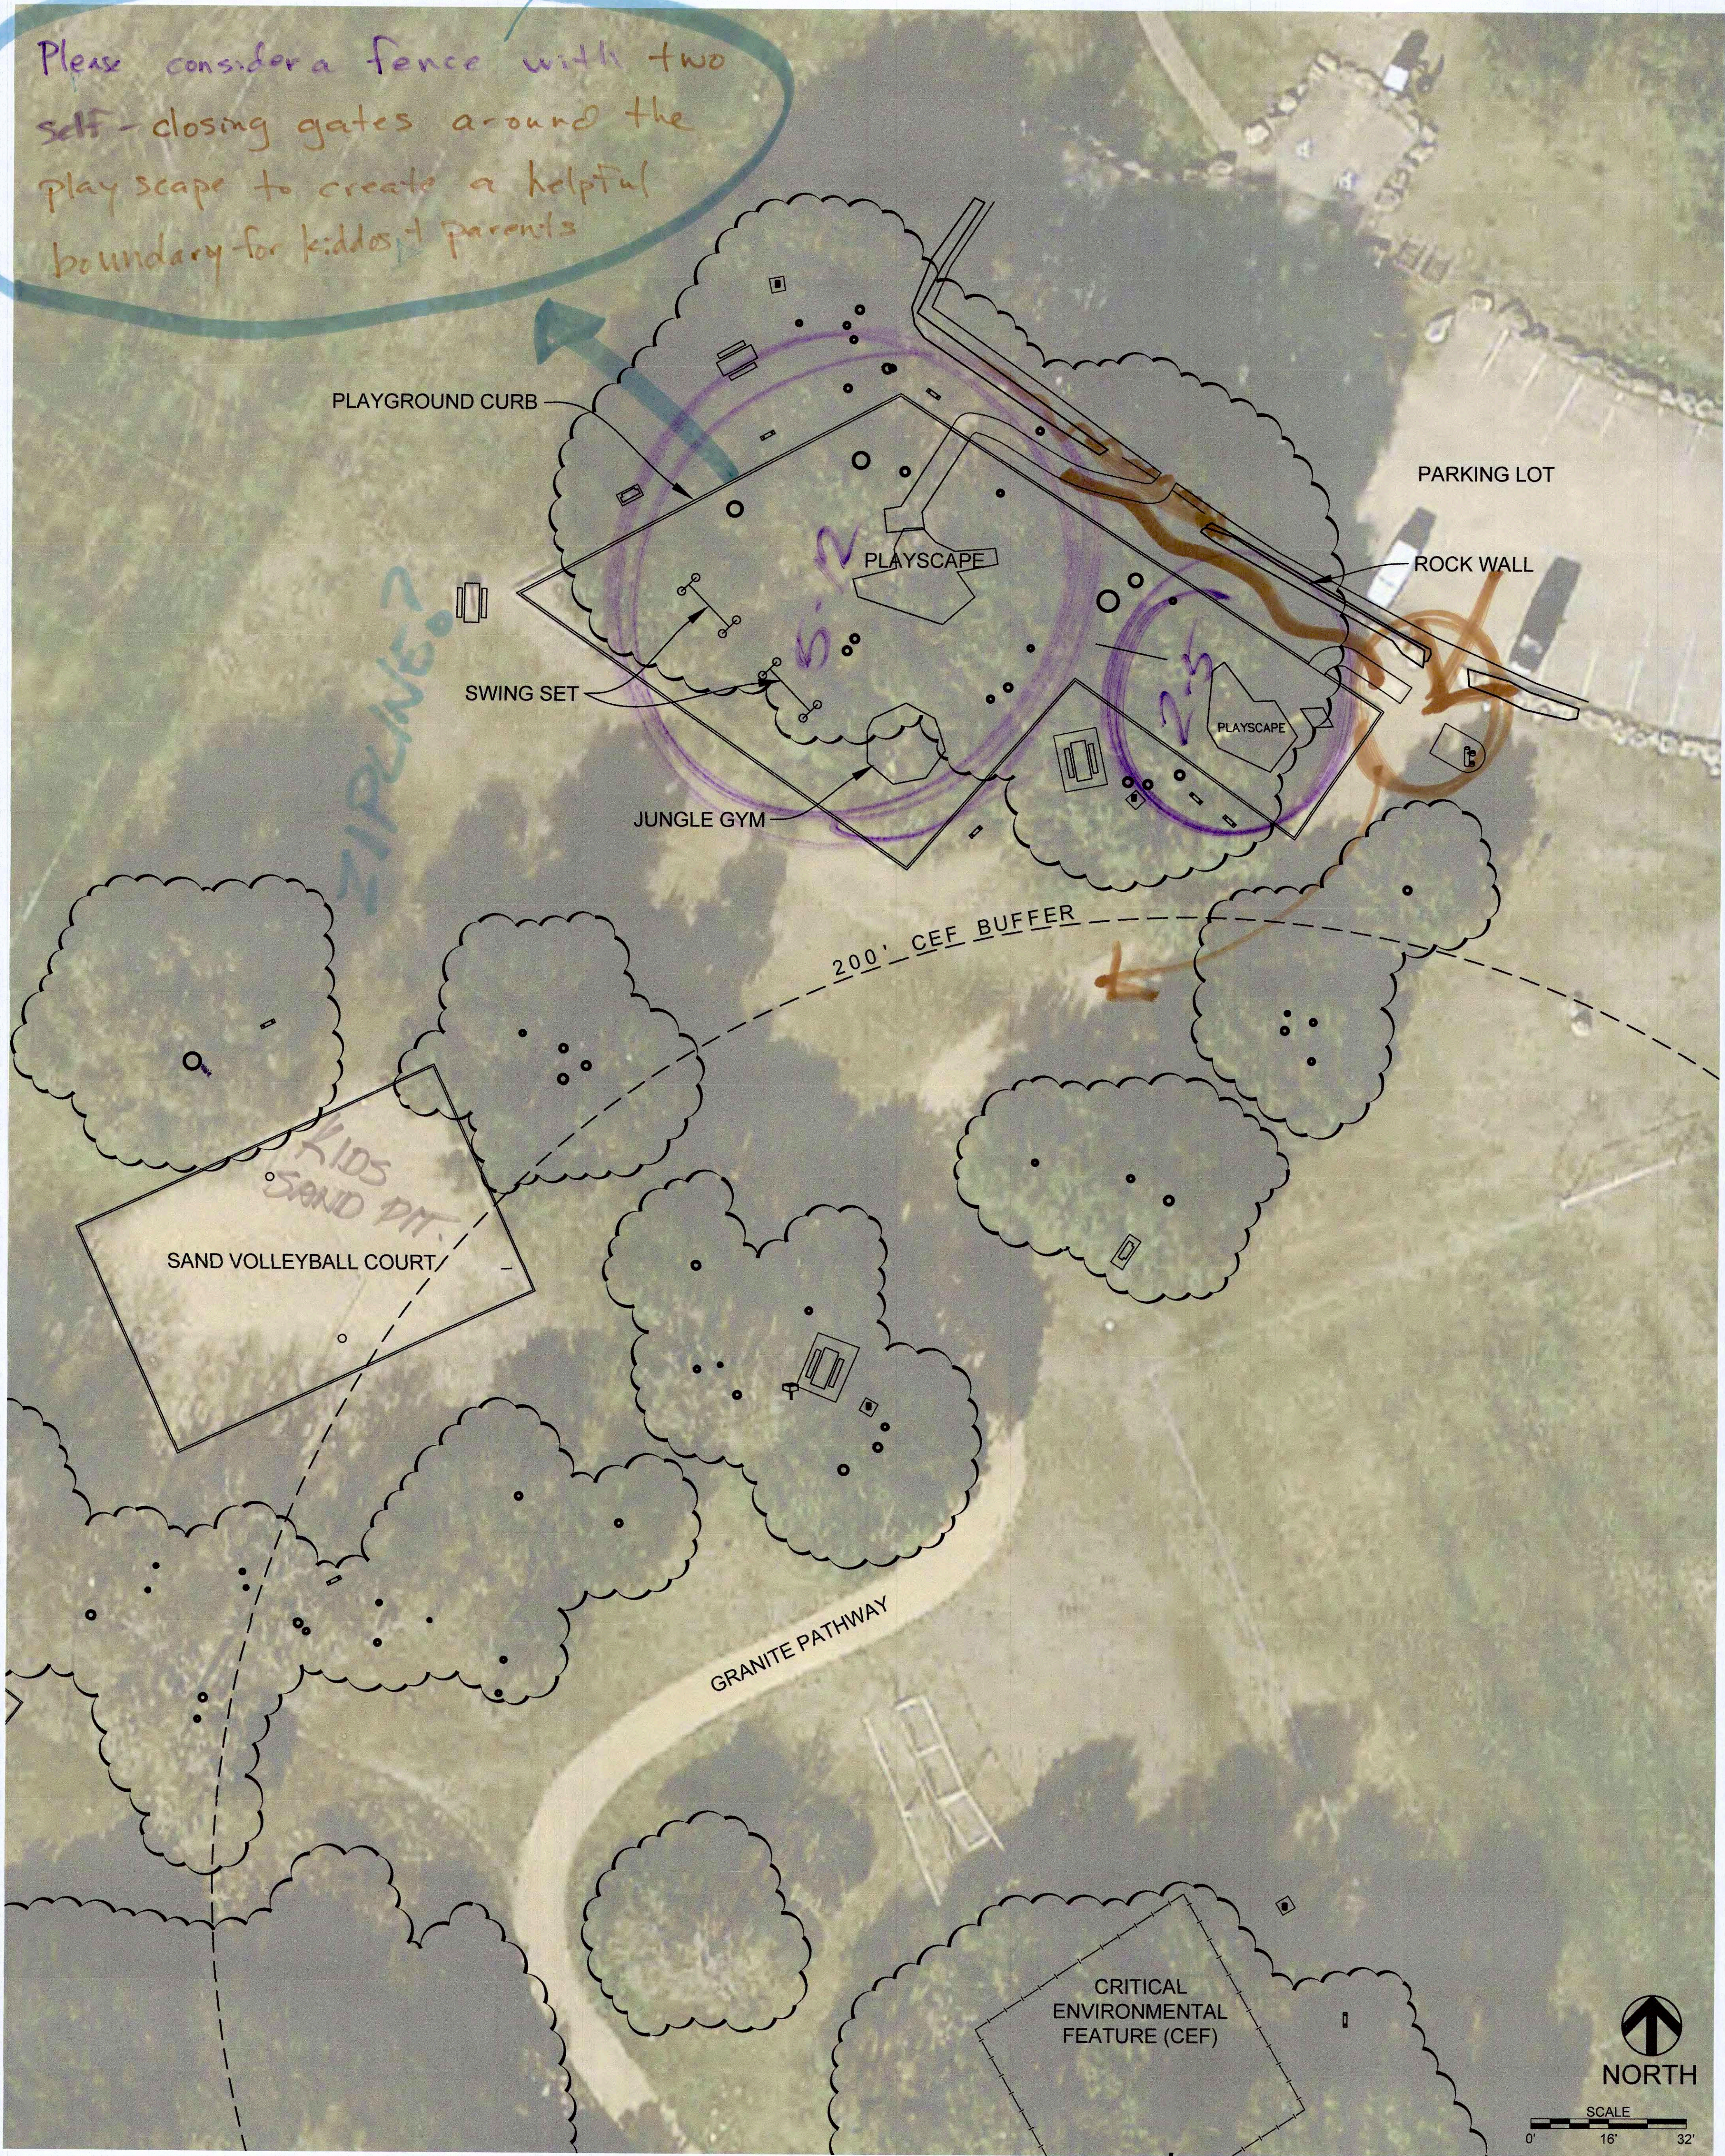

Keep shade. Plant more trees in the middle of new playground space. Trees filter light much better than shades. Trees are the best part
