The City of Austin Parks and Recreation Department is developing a new vision and Master Plan for the ESB-MACC. Thousands of comments received from the online survey, June and October public meetings, and focus groups are directing how the site should evolve to meet the community's growing needs. We invite you to join us for a presentation on the proposed master plan prepared by the CasaBella architectural team. **Your input received at this meeting will be considered for the final design revision before it's presented to Boards, Commissions and Council in early 2018.**
