

COMMUNITY CLIMATE STEERING COMMITTEE Minutes

February 18, 2015 | 2:30 – 4:30 pm

1000 East 11th Street

Agenda

1. Citizen Communications (10 min.)
2. Proposed new actions
 - Robust discussion about new actions – ensure that actions in ENG section are carbon positive through study/justification of actions; consider full lifecycle of products and carbon impacts
 - Include language about targeted programs for low-income households for some of the existing related actions
3. Proposed top actions for recommendations
 - BIE-2, GT-2, BIE-1
 - VFE-1, TDM-4, TDM-1
 - PU-2, MM-3, research and phase in of mandatory recycling/composting programs
4. Climate Plan Draft Report
 - Flow
 - Proposed revisions for discussion
 - Industrial sector seems different than others with the language – try to standardize
 - Transition for personas to explain them
 - Quantify persona groups if possible
 - Overall footprint added to each appendix
 - Co-benefits near personas
 - Add social cost of carbon to background if it fits
 - Report is Starting Point for public discussion, coalesce where there is excitement
5. Next steps
