

2016 WaterWise Irrigation Professional (WWIP) Seminar

Lady Bird Johnson Wildflower Center
4801 La Crosse Avenue, Austin, TX 78739
February 25, 2016

Announcement

Austin Water/Water Conservation will hold the 16th annual WaterWise Irrigation Professional (WWIP) seminar, which is reserved for licensed irrigation professionals, on February 25, 2016 at the Lady Bird Johnson Wildflower Center, 4801 La Crosse Avenue, Austin, TX 78739.

This event, which is sponsored by Austin Water and co-sponsored by the Lower Colorado River Authority, presents topics related to licensed irrigators and others. Attending this seminar provides irrigators with up to eight hours of continuing education credit, which is required by TCEQ for Irrigators category license renewal every three years. Not only does the seminar provide an opportunity for irrigators to obtain continuing education credits toward license renewal, it helps them better serve Austin area customers.

Registration information will be available beginning Friday February 12, 2016. The registration fee is \$56.00 with lunch included. Registration capacity is limited.
