

Austin Water's **Rainwater Harvesting Rebate*** can help you buy equipment for capturing rainwater.

** For tanks greater than 500 gallons (including combined capacity if multiple tanks are connected), you must get pre-approval before you buy and install any equipment.*

WATER SAVINGS

- Water captured from a rainwater harvesting system can supplement, or even replace, the water you would normally use to irrigate your landscape.

REBATE AMOUNT

- Up to \$5,000 per site, based on rainwater storage capacity
 - Non-pressurized (*no pump*): \$0.50 per gallon of capacity, up to half of the equipment cost
 - Pressurized (*has a pump*): \$1.00 per gallon of capacity, up to half of the equipment cost
 - May apply every 12 months for system expansions until the \$5,000 per site limit is met
- Eligible equipment costs (*materials and labor*) include tank, pad, screens, filters, first-flush, and selected piping installation. Ineligible for rebate are costs for gutters, irrigation system, shipping or delivery, and auxiliary water source requirements.
- Applicants will receive the lesser of the per-gallon calculation or half of the eligible equipment cost.

ELIGIBILITY

- **Applicant:**
 - Must be a customer of Austin Water or a **qualifying water provider**
 - Must be the property owner or utility account holder
 - May not have applied in the past 12 months or reached the \$5,000 limit for the site
 - Must intend to keep a system 500 gallons or less in service for five years and a system greater than 500 gallons in service for ten years
 - Agrees to any needed pre- and post-installation inspections by Austin Water
 - Willing to let Austin Water reference the project in outreach materials
- **Rainwater Harvesting System:**
 - Must be a new system or an expansion of an existing system
 - Must meet City subdivision and zoning requirements, including setback and impervious cover limits (*contact **Development Assistance Center** at 512-978-4000*) and any homeowners association regulations
 - Systems with a pump and greater than 500 gallons of capacity (*including combined capacity if multiple tanks are connected*) must meet auxiliary water requirements, including cross connection testing, backflow prevention, and permits prior to rebate approval. (*contact **Special Services** at 512-972-1060*)
 - Austin Watershed Protection Department requests rainwater harvesting systems be registered with the city. **Register your system**

RAINWATER HARVESTING REBATE

- o Equipment must be new and intended for rainwater harvesting
- o Metal tanks must be lined. Transparent tanks/pipe must be painted or enclosed
- o Tanks that are greater than 500 gallons must have a first-flush diversion system and a level base made of gravel, sand, or concrete

CHECKLIST

FOR TANKS 500 GALLONS OR LESS

- Meet all eligibility requirements
- Install the system
- Submit the application within 30 days of installing equipment and include:
 - An itemized, dated, **paid-in-full** receipt with vendor contact and payment information
 - IRS W-9 form** (*commercial & multi-family accounts only*)
 - Send application and receipts to:
Mail: Austin Water Conservation, PO Box 1088, Austin, TX 78767
Email: watercon@austintexas.gov
Fax: 512-974-3504
- Wait 6 to 8 weeks for your Austin Water rebate check

FOR TANKS GREATER THAN 500 GALLONS (INCLUDING COMBINED CAPACITY IF CONNECTED)

- Meet all eligibility requirements
- Submit application for pre-approval **before you buy and install any equipment** and include:
 - Site Drawing:** show locations of buildings, streets, existing/proposed tank(s), water meter, and piping from the tank to the landscaped areas. Identify the size of the catchment area (*usually the roof*) and the area you will water with rainwater
 - System Drawing:** sketch plans for the system, include piping, first-flush diversion system, pump location (*if applicable*), tank material, dimensions, placement, pad materials (*must be gravel, sand, or concrete*) and construction
 - Operation & Maintenance Guide:** describe how the system will function and how you will maintain it
 - Photographs:** show existing area the cistern will be located
 - IRS W-9 form** (*commercial & multi-family accounts only*)
 - Send application materials to:
Mail: Austin Water Conservation, PO Box 1088, Austin, TX 78767
Email: watercon@austintexas.gov
Fax: 512-974-3504
- Receive a pre-approval letter from Austin Water
- Within 90 days after Austin Water issues the pre-approval letter:
 - Buy materials, get any required permits, and install the system

RAINWATER HARVESTING REBATE

- Submit the [rebate calculation worksheet](#), photos of the installed tanks, and itemized, dated, **paid-in-full** receipts with vendor contact and payment information to Austin Water
- Complete a post-installation inspection (*if required*)
- [Register your rainwater harvesting system](#)
- Wait 6 to 8 weeks for your Austin Water rebate check
