

## Grow Zone Restoration Plan

<b>Site Name</b>			
<b>Creek Name</b>			
<b>Watershed Name</b>			
<b>Volunteer Contact</b>	Name _____		Phone: _____
	Email: _____		
<b>Associated Volunteer Group(s)</b>	<input type="checkbox"/> Keep Austin Beautiful <input type="checkbox"/> None		
	<input type="checkbox"/> Austin Parks Foundation <input type="checkbox"/> Other: _____		
<b>Moisture and Canopy</b>	<i>Check which of the four conditions are present at the site:</i>	<input type="checkbox"/> upland/open	<input type="checkbox"/> floodplain/open
		<input type="checkbox"/> upland/closed canopy	<input type="checkbox"/> floodplain/closed canopy
	<i>Check which invasives are present at the site:</i>		
<b>Invasives</b>	<input type="checkbox"/> woody	<input type="checkbox"/> bamboo/cane	<input type="checkbox"/> johnsongrass
<b>List the <i>dominant</i> invasives on the site:</b>			
<b>Identify other important aspects of the site:</b> <ul style="list-style-type: none"> <li>_____ There are opportunities for native seeding</li> <li>_____ There are opportunities for tree seedling planting</li> <li>_____ Vegetation is poor along banks or other erosion-prone areas</li> <li>_____ Ragweed is dominant on the site</li> <li>_____ There are other dominant invasive species on the site (such as vines)</li> <li>_____ There may be a need for haul-off of plant material after events</li> <li>_____ There are footpaths in sensitive areas</li> <li>_____ There are creek access points or crossings affecting the banks</li> <li>_____ There is significant woody debris in or near the channel</li> <li>_____ There are potential "tree islands" on site</li> <li>_____ There are opportunities for green stormwater methods (berms, swales, etc)</li> </ul>			

## Grow Zone Restoration Plan

**Notes (optional):**

Describe any unique features or challenges at the site (attach additional pages if you want to). You can also use this space to summarize previous work done or provide web addresses for any blogs or other information about your Grow Zone. You can also attach additional pages showing maps of your site or photos of conditions at your site.

This plan should be reviewed and updated on a regular basis. Please send an updated plan to the City of Austin Grow Zone Coordinator (below) once a year.
