Your Prescription Drug List

This Prescription Drug List (PDL) outlines the most commonly prescribed medications for certain conditions and organizes them into cost levels, also known as tiers. An important part of the PDL is giving you choices so you and your doctor can choose the best course of treatment for you.

Go to myuhc.com® for complete drug information

Since the PDL may change, we encourage you to visit our website, myuhc.com. This website is the best source for up-to-date information about the medications your pharmacy benefit covers, possible lower-cost options, and cost comparisons.

The screenshot shows the myuhc.com website interface. At the top left is the myuhc.com logo, and at the top right is the UnitedHealthcare logo. Below the logos is a navigation bar with the following items: Home, Claims & Accounts, Physicians & Facilities, **Pharmacies & Prescriptions** (circled with a blue arrow), Benefits & Coverage, Personal Health Record, and Health & Wellness. Above the navigation bar are links for Message Center, Account Settings, Print, Help, Contact Us, Feedback, and Sign Out. The main content area is divided into several sections:

At UnitedHealthcare, we want to help you better understand your medication options.

Your pharmacy benefit offers flexibility and choice in determining the right medication for you. To help you get the most out of your pharmacy benefit, we've included some of the most commonly asked questions about the Prescription Drug List.

What is a Prescription Drug List (PDL)?

This document is a list of commonly prescribed medications. Drugs are listed by common categories or class. They are placed into cost levels known as tiers. It includes both brand and generic prescription medications approved by the U.S. Food and Drug Administration (FDA).

Please note: Where differences are noted between this PDL and your benefit plan documents, the benefit plan documents will rule. It is not a complete list of medications, and not all medications listed may be covered under your plan. Please look at your benefit plan documents provided by your employer or health plan to see what medications are covered under your plan. You may also log on to **myuhc.com** or call the toll-free member phone number on your health plan ID card for more information.

How do I use my Prescription Drug List?

When choosing a medication, you and your doctor should consult the PDL. It will help you and your doctor choose the most cost-effective prescription drugs. This guide tells you if a medication is generic or brand, and if special programs apply. Bring this list with you when you see your doctor. It is organized by common medical conditions. Medications are then listed alphabetically.

If your medication is not listed in this document, please visit **myuhc.com** or call the toll-free member phone number on your health plan ID card.

What are tiers?

Tiers are the different cost levels you pay for a medication. Each tier is assigned a cost, which is determined by your employer or health plan. This is how much you will pay when you fill a prescription. Tier 1 medications are your lowest-cost options. If your medication is placed in Tier 2 or 3, look to see if there is a Tier 1 option available. Discuss these options with your doctor.

Check your benefit plan documents to find out your specific pharmacy plan costs.

\$	Drug Tier	Includes	Helpful Tips
\$ 	Tier 1 Lowest Cost	Lower-cost drugs. Some brands and generics are also included.	Use Tier 1 drugs for the lowest out-of-pocket costs.
\$\$ 	Tier 2 Mid-range Cost	Preferred brand medications.	Use Tier 2 drugs, instead of Tier 3 to help reduce your out-of-pocket costs.
\$\$\$ 	Tier 3 Highest Cost	Mostly higher-cost brand as well as select generic drugs.	Many Tier 3 drugs have lower-cost options in Tier 1 or 2. Ask your doctor if they could work for you.

Please note: If you have a high deductible plan, the tier cost levels may apply once you hit your deductible. Refer to your enrollment and plan materials on myuhc.com, or call the toll-free number on your health plan ID card for more information about your benefit plan.

When does the Prescription Drug List change?

- Medications may move to a lower tier at any time.
- Medications can be up-tiered off cycle when the therapeutically equivalent medication is placed in an equal or lower tier than up-tiered medication.
- Medications may move to a higher tier on January 1.
- Medications may be excluded from coverage on January 1 or July 1.

When a medication changes tiers, you may have to pay a different amount for that medication.

For the most up-to-date list, call customer service at the number on your ID card.

Programs and Limits

Some medications are noted with letters next to them. The letters refer to our pharmacy benefit programs. Your benefit plan determines how these medications may be covered for you.

DSP	Designated Specialty Program – Specialty medications need to be filled at a designated specialty pharmacy for network coverage. Call the number on your ID card or call 1-888-739-5820 for more information.
H	Health Care Reform Preventive – This medication is part of a Health Care Reform preventive benefit and may be available at no cost to you.
N	Notification or Prior Authorization required* – Your doctor is required to provide additional information to us to determine coverage.
RS	Refill and Save Program – Save money on your copayment when you refill your prescription on time as prescribed. Program eligibility may vary.
SL	Supply Limit – Amount of medication covered per copayment or in a specific time period.
1/2T	Half Tablet Program – Save up-to 50% when you split your tablet (double the strength) in half. Program eligibility may vary.

*Depending on your benefit you may have notification or prior authorization requirements for select medications.

To learn more about a pharmacy program or to find out if it applies to you, please visit myuhc.com or call the toll-free member phone number on your health plan ID card.

Should I talk to my doctor about over-the-counter (OTC) medications?

An over-the-counter (OTC) medication may be the right treatment for some conditions. Talk to your doctor about available OTC options.

What is the difference between brand-name and generic medications?

Generic medications contain the same active ingredients (what makes the medication work) as brand-name medications, but they often cost less. Once the patent of a brand-name medication ends, the FDA can approve a generic version with the same active ingredients. These types of medications are known as generic medications. Sometimes, the same company that makes a brand-name medication also makes the generic version.

Is it a generic or brand-name drug?

The drug list shows **brand-name** drugs in **bold** type (for example, **Crestor**) and generic drugs in plain type (for example, Simvastatin).

What if my doctor writes a brand-name prescription?

The next time your doctor gives you a prescription for a brand-name medication, ask if a generic equivalent or lower-cost option is available and if it might be right for you. Generic medications are usually your lowest-cost option, but not always. For some benefit plans if a brand-name drug is prescribed and a generic equivalent is available, your cost share may be the copay PLUS the cost difference between the brand-name drug and generic equivalent. Visit **myuhc.com** to make sure.

Are you taking a specialty medication?

Specialty medications are high-cost and may be used to treat rare or complex conditions. For most plans, these medications are managed through the Specialty Pharmacy Program. Take advantage of personalized support designed to help you get the most out of your treatment plan. Visit **UHCSpecialtyRx.com** or call the toll-free phone number on your health plan ID card to learn more.

Please note, not all specialty medications are listed here. If you're taking a specialty medication that is on Tier 3, call the toll-free number on your health plan ID card to talk with a pharmacist about finding lower-cost options or a financial assistance program.

How do I get updated information about my pharmacy benefit?

Where else can I go for information?

HealthCareLane.com includes short videos to help you learn more about UnitedHealthcare benefits and health insurance information.

UHCTV.com is a fun and easy way to learn about health terms and other health-related topics.

The screenshot displays the myuhc.com website interface. At the top, the myuhc.com logo is on the left and the UnitedHealthcare logo is on the right. A navigation bar contains links for Home, Claims & Accounts, Physicians & Facilities, **Pharmacies & Prescriptions** (highlighted with a blue arrow), Benefits & Coverage, Personal Health Record, and Health & Wellness. Below the navigation bar, the user's name 'Hello, Chrisdemo' is displayed. The main content area is divided into several sections: 'My Coverage' with details like 'Active 01/01/08' and 'Plan Name: Choice Plus'; 'Plan Details' with buttons for 'Account Balances' and 'Benefit Details'; 'Deductible' information showing \$1,000 individual and \$3,000 family; 'Out-of-Pocket Max' showing \$3,000 individual and \$9,000 family; 'myClaims Manager' with a pie chart and a table showing 'Your Responsibility' of \$1,249.00 and 'You Owe' of \$1,101.00; and 'What would you like to do today?' with buttons for 'Manage My Claims', 'View Online Statement', 'Look up My Benefits', 'Find a Doctor', and 'Manage My Prescriptions'. At the bottom, there are sections for 'Information Center', 'Related Web Sites', and 'Ask a Nurse'.
