## Report for the use of Small Unmanned Aircraft Systems

### Texas Government Code 423.008- REPORTING BY LAW ENFORCEMENT AGENCY

Texas Government Code 423.008 requires that no earlier than January 1 and not later than January 15 of each odd-numbered year, a municipal law enforcement agency located in a county or municipality, as applicable, with a population greater than 150,000, that used or operated an unmanned aircraft during the preceding 24 months, shall issue a written report to the Governor, the Lieutenant Governor, and each member of the Legislature.

The Austin Police department (APD) is authorized by the Federal Aviation Administration (FAA) to operate two battery- powered UAV's to conduct flights during this reporting period. This report is only inclusive from January 1, 2021- December 31, 2022. These flights are used solely in a forensic manner to map and reconstruct fatal traffic crash scenes. In accordance with Texas Government Code 423.008, this report includes:

- The number of times the unmanned aircraft was used, organized by date, time, location, and the types of incidents and types of justification for the use;
- The number of criminal investigations aided by the use of an unmanned aircraft and a description of how the unmanned aircraft aided each investigation;
- The number of times the unmanned aircraft was used for a law enforcement operation other than a criminal investigation, the dates and locations of those operations, and a description of how the unmanned aircraft aided each operation;
- The type of information collected on an individual, residence, property, or area that was not the subject of a law enforcement operation and the frequency of the collection of this information; and
- The total cost of acquiring, maintaining, repairing, and operating or otherwise using each unmanned aircraft for the preceding 24 months.
