RE:

Valid Petition for

Case No. C14-2010-0049

Sherri,

Attached is a Valid Petition for Case No. C14-2010-0049 for a portion of tract 135, more particularly known as 9220 N. IH 35.

Thanks,

Harry Diard Larry Hearold

#### PETITION

Date: <u>06/22/2010</u>

File Number: <u>C14-2010-0049</u>

Address of

Rezoning Request: 9220 N. IH 35

To: Austin City Council

I, the undersigned owner of property affected by the requested North Lamar Combined Neighborhood Planning Area zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property located at 9220 N. IH 35 to any classification other than <u>GR-NP</u>.

My reasons for filing this valid pretition are as follows:

- 1) The existing land use of the site is Hotel-Motel, which is a permitted use under the current GR zoning.
- 2) At some point in time after the existing hotel was built in 1974, the U.S. Army Corps of Engineers designated this entire property to be within the 100 year floodplain, due to an undersized drainage culvert under IH 35, which was constructed by TxDOT in 1952. As a result, the City of Austin will not issue permits for any future redevelopment on this site, due to it being located within the 100 year floodplain.
- 3) On December 1, 2008 the City of Austin's Law Department, Code Enforcement Department, and Police Department filed suit to close this property, under the State of Texas Nuisance Abatement Law. Prior to taking this case to trial, the City of Austin agreed to drop the nuisance abatement charges on July 23, 2009. If the City of Austin were to ever initiate similar nuisance abatement charges in the future, this property would be required to obtain a Conditional Use Site Plan prior to reopening, in the event that the proposed Conditional Overly is added. It would become nearly impossible to secure the necessary Planning Commission support for the Conditional Use Site Plan, due to the bad publicity that would be associated with the "alleged" charges associated with the nuisance abatement filing. If the Conditional Use Site Plan application were denied, the existing structure would become unusable. Because the property is located within a 100 year floodplain (due to engineering decisions and design by TxDOT), the property could not be redeveloped for a reasonable alternative use. Under the proposed North Lamar Combined Neighborhood

Overlay, which is intended to change the current legal land use of the site to a conditional use, this site could become unusable for any legal purposes, without even requiring proof that a violation of the State's nuisance abatement law occurred! This site is testimony to the reality of this scenario, since it has already occurred once and could in fact occur again.

I urge you to oppose the proposed Conditional Overlay for this property.

Respectfully submitted,

Joyn, Hall Larry M. Hall

#### Nuisance Abatement

Under the Texas nuisance abatement statute, any property can be closed down by court order if it is being use as a crack house, brothel, gang headquarters, or other base of operations for criminals. The statute works by holding the property owners and managers responsible for what happens on their property.

The Attorney General helps law enforcement use nuisance abatement laws to shut down gang hangouts and to keep gang members from publicly assembling in areas where criminal activity is rampant.

#### Civil lawsuits close down havens for crime

Chapter 125 of the Texas Civil Practice & Remedies Code and Section 101.70 of the Texas Alcoholic Beverage Code are considered the "Texas Nuisance Abatement Statutes." These statutes permit law enforcement agencies to close any piece of property involved in illegal activities, including violations of the Texas Penal Code, the Texas Alcoholic Beverage Code and the Texas Controlled Substances Act.

The Office of the Attorney General (OAG) helps Texas municipalities, local prosecutors and law enforcement agencies (including police departments, sheriff 's offices, task forces and the Texas Alcoholic Beverage Commission) in targeting, processing and filing suit against property owners who allow public and common nuisances to exist on their property.

The purpose of a nuisance abatement lawsuit is not to show or prove that the property owner is guilty of illegal acts, but rather to prove that the property owner allowed the illegal activity to occur on the property and failed to make reasonable attempts to stop it.

Many police departments have become skilled at this procedure and have great success on their own. When local law enforcement lacks the resources or experience in such cases, the OAG will send staff when requested to any area of the state to provide technical assistance in initiating the nuisance abatement process.

Evidence will be compiled and sent to the OAG for review. Arrest reports, calls for police service and search warrants contained in local departmental records, as well as police officers' and residents' affidavits, are all used in this process. When the OAG determines that sufficient evidence exists, a lawsuit will be filed on behalf of the State. In these cases, the OAG will provide legal representation for the duration of the lawsuit.

#### City of Austin helps community improve quality of life by closing hotel

The City of Austin's Police Department Nuisance Abatement Unit, Solid Waste Services' Code Enforcement Division, City of Austin Law Department's Affirmative Litigation Division, and Travis County District Attorney's Office are working together to provide relief to the community from an Austin hotel long known for repeatedly attracting drug and prostitution activity.

The City filed suit on Dec. 1, 2008, against the Budget Lodge Hotel, located in the 9200 block of IH-35. This suit asks the Court to declare the hotel a public nuisance and seeks to immediately end its operations in an effort to protect the surrounding community from the devastating impact of the activities being conducted at the hotel.

"I am pleased that our newly formed Affirmative Litigation Division is working closely with the District Attorney's Office on this important case," said City Attorney David Smith.

From Jan. 1, 2007, through Oct. 1, 2008, APD responded to 463 emergency and non-emergency incidents at the Budget Lodge Hotel. More than 100 of those incidents involved illegal narcotics possession (both sold and used), prostitution, aggravated sexual assault of a child, indecency with a child by contact and aggravated robbery with a deadly weapon. Hotel employees committed a number of the crimes in question. The others were committed by hotel visitors and residents.

"I am proud of our Nuisance Abatement Unit for their diligence and commitment to this community, and the ongoing work to ensure a good quality of life for all," said Police Chief Art Acevedo. "Every officer in our department shares a commitment to assure safety in all parts of our city,"

In addition to the repeated criminal activity at this hotel, inspectors with the City's Code Enforcement Division have issued numerous citations for violations of City Code at the property. This fall, the City's Building and Standards Commission

City of Austin, Budget Lodge agree to permanent injunction prohibiting nuisances on property

On December 1, 2008, the Austin City Attorney's Office and the Travis County District Attorney's Office jointly filed suit on behalf of the City of Austin against the Budget Lodge Hotel, located at Rundberg and I-35. The lawsuit was filed under the state's nuisance abatement statute, in response to the high volume of criminal activity occurring at the hotel.

Today the Budget Lodge agreed to a permanent injunction prohibiting it from maintaining a nuisance on the property. As a condition of this injunction, the Budget Lodge has agreed to implement twenty specific measures to abate the criminal activity on the property.

Nuisance abatement actions like the one against Budget Lodge are effective complements to traditional law enforcement measures in an effort to restore the safety and welfare of neighborhoods. The cooperation of the citizens of this area was essential to the success of the abatement lawsuit.

If Budget Lodge fails to comply with the terms of the agreement, they will have 7 days to correct the problem. Failure to do so could result in the court ordering the property closed for one year.

No action taken; postponed to June 24, 2010, on account that the receiver meet with the neighborhood to come up with a reasonable solution for Tract 32.  6-0, Shade 1 <sup>st</sup> , Martinez 2 <sup>nd</sup> , Spelman off dais	At the May 27, 2010, City Council hearing Robert Kleeman, attorney for the property receivership of Tract 32, was mandated to meet with neighborhood stakeholders to come to a definitive solution for the property's future land use and zoning.  On June 15, 2010, Mr. Kleeman met with a neighborhood representative, PDRD, PARD, and COA Real Estate staff to come to a resolution for Tract 32.  The following conditions were met:  • The receiver would donate an ~1.19 acre portion of the tract to PARD  O Zoning: P-NP  O FLUM: Recreation and Open Space  • Zoning and land uses for the larger portion of the tract will be as follows:  O East: CS-V-CO-NP (Mixed Use FLUM)  O West: W/LO-CO-NP (Commercial FLUM)  • Retain the GR-MU-CO-NP zoning on the portion of the tract fronting Rundberg Lane. "V" will be added per staff recommendation.  • The CO's are the same as found under the Property Owner Land Use and Zoning Recommendation column.  • Remove the condition that restricts access to Longspur Blvd. and Brownie Drive. (These will become the access points to the new park.)  The section of the Land Use chapter of the NLCNPA Plan relating to Tract 32 on pages 79-82 will be changed to reflect these decisions.
