

M/WBE Summary

This authorization provides for funding of pipeline engineering services of approximately \$750,000 for each of the 10 firms for a total amount not to exceed \$7,500,000. The period of service is estimated to be approximately two years or until financial authorization is expended.

This request allows for the development of a professional service agreement with each of the 10 recommended firms. This rotation list will allow assignment of projects based on the City's established rotation list management procedures. Should the City be unsuccessful in negotiating a satisfactory agreement with a recommended firm, negotiations will cease with that firm and the funding will be distributed among the remaining firms.

Participation subgoals stated in the solicitation were: **1.90%** African American; **9.00%** Hispanic; **4.90%** Native/Asian; and **15.80%** WBE. The recommended firms provided MBE/WBE Compliance Plans that met the goals of the solicitation and were approved by the Small and Minority Business Resources Department.

Notification of issuance of a Request for Qualifications (RFQ) for the subject services was sent to three hundred 364 firms on Friday, February 5, 2010. The RFQ was obtained by 139 firms, and 59 firms submitted qualification statements; 13 of the firms which submitted qualification statements were certified MBE/WBE firms.
