

City of Austin

Planning and Development Review Department
Case Manager Clark Patterson

Friday, December 03, 2010

Mr. Patterson

On behalf of SaveTownLake.org I hereby request a postponement for thirty days of case # C814-2008-0145, The Park PUD, that is on the City Council agenda for Thursday December 9, 2010 as item # 69.

SaveTownLake.org (STL) is an interested party in all zoning cases involving the Waterfront Overlay Ordinance. This case is within the South Central sub-district of the Waterfront Overlay and is of particular concern to STL. And while the representative for the developer of this project, Mr. Steve Drenner, has met with one of the members of the STL Board of Directors, the full board has just now become aware that this project has come back for consideration and will be before the City Council next week.

As a Board we have not had access to the case back up material until today and therefore have not had an opportunity to review the staff recommendations and how this project relates to the intent of the Waterfront Overlay Ordinance. We are requesting this postponement to allow for a thorough review of the proposal and the opportunity for the full Board of STL to meet and consider our position on the proposed project.

Please let me know as soon as possible if this request will be amenable to the staff and Council.

Sincerely

Thomas Cooke, Chairman of the Board, SaveTownLake.org

CC: Greg Guernsey, Director of Planning and Development Review Department
City Manager Marc Ott and the Austin city Council
