Wendy,

I have discussed my case with several of the assistants to Council members as well as Council member Spellman. Marisa has been kind enough to get involved and has spoken with Mark about a possible postponement of Thursdays hearing on this issue. I understand that he is amenable to the postponement until the January 27<sup>th</sup> council meeting, as am I. This will allow us to finalize our discussions with the neighbors to see if we can get this issue peacefully resolved. Please get back with me if you anticipate any problems with the postponement.

Thank you.

Sean
