Late Backup

Item #10
Austin Energy

Amendments to the Austin Energy Generation Plan on Local Solar Language:

1. Delete point #2 on page four of nine that reads:
"An additional 100MW of local solar for a local solar portfolio of 200MW contingent upon a rate structure that maintains equity among customers"
2. Renumber point #3, that reads : "Issuing an RFI for 170MWs....", to become point #2
