Each party authorizes the other party to submit any information provided under the Agreement or otherwise requested to be disclosed, including information that a party has labeled as confidential or proprietary, to the Office of the Attorney General for a determination as to whether any such information may be excepted from public disclosure under the PIA. Neither party is obligating itself by this Agreement to submit the information to the Attorney General for a determination. Neither party shall have an obligation or duty to advocate the confidentiality of the other party's material to the Attorney General or to any other person or entity. Each party shall make reasonable efforts to notify the other within five business days of receipt of a Public Information Act request for information. It is each party's responsibility and obligation to make any legal argument to the Attorney General or court of competent jurisdiction regarding any exceptions of the information in question from disclosure. Each party waives any claim against the other party and releases from liability a disclosing party, its officers, board members, employees, agents, and attorneys with respect to disclosure of information provided under this Agreement or otherwise created, assembled, maintained, or held by another party, including that information

In the event an audit on this project results in recoupment for any reason whatsoever, Central Health shall be entitled to recoup from City any payments recouped as a result of the audit.

The parties agree to use a mutually agreed upon mediator for mediation as described in Section 154.023 of the Texas Civil Practice and Remedies Code. Unless both
