August 17, 2015

Mr. Andrew Perry  
Executive Director  
Austin Executive Airport  
6012 Aviation Drive  
Pflugerville, TX 78660

Dear Mr. Perry:

We understand that you are working through the FAA recommended Height and Hazard Zoning process for protection of the Austin Executive Airport. As the Director of Texas Department of Transportation Aviation division we certainly encourage and approve of this process. This is a vital tool in protecting our Texas airports and the airspace from hazards to air navigation.

We certainly support your efforts since you are following the Texas state law Chapter 241 Municipal and County Zoning Authority around Airports and encourage you and your governmental entities to take the necessary actions to ensure the safety of flight. If TxDot Aviation can be of any assistance please let us know.

Please keep us updated on your progress. Please do not hesitate to call my office at 512-416-4501.

Sincerely,

Dave Fulton  
Director  
Texas Department of Transportation, Aviation

Mr. Andy Perry  
Executive Director  
Austin Executive Airport  
2916 Cardiff Rd  
Brookshire, TX 77423

Dear Mr. Perry:

We understand you are making excellent progress towards implementing appropriate height hazard protection for Austin Executive Airport. This is a very important tool in protecting an airport and its airspace from built objects. These objects include buildings, antennas, power lines, smokestacks, etc., that are tall enough to be hazards to air navigation.

Airports and communities must work together to protect instrument and visual operations at airports. This protection comes in several forms, but by far the easiest method is by prevention. We encourage you to take the necessary actions to ensure that measures are in place to protect the airport to meet the air travel needs of the citizens and businesses in the Austin area.

We also request that you update us on your progress as you implement these controls. If you have any questions, or if our office can be of further assistance to you, please do not hesitate to call Ed Agnew or myself at 817-222-5650.

Sincerely,

A handwritten signature in blue ink that reads "Ben Guttery".

Ben Guttery  
Senior Program Manager  
Texas Airports Development Office
