

SECOND AND THIRD READINGS SUMMARY SHEET

ZONING CASE NUMBER: C14-2016-0026 – Pleasant Valley

REQUEST:

Approve second and third readings of an ordinance amending City Code Chapter 25-2 by rezoning property locally known as 5411 East William Cannon Drive and 6709 South Pleasant Valley Road (Onion Creek Watershed) from warehouse/limited office – conditional overlay (W/LO-CO) combining district zoning to general commercial services – conditional overlay (CS-CO) combining district zoning. The Conditional Overlay is for a list of prohibited uses, limits impervious cover to 70 percent, and limits height to 50 feet.

DISTRICT AREA: 2

DEPARTMENT COMMENTS:

The ordinance is consistent with City Council action taken on First Reading.

OWNER: Kalogridis & Kalogridis Development LLC (Mitchell Kalogridis)

APPLICANT: Bill Faust

DATE OF FIRST READING: May 12, 2016, Approved CS-CO combining district zoning, on First Reading (11-0).

CITY COUNCIL HEARING DATE: June 16, 2016

CITY COUNCIL ACTION:

ORDINANCE NUMBER:

ASSIGNED STAFF: Wendy Rhoades
e-mail: wendy.rhoades@austintexas.gov

ZONING CHANGE REVIEW SHEET

CASE: C14-2016-0026 – Pleasant Valley

Z.A.P. DATE: April 19, 2016

ADDRESS: 5411 East William Cannon Drive and 6709 South Pleasant Valley Road

DISTRICT AREA: 2

OWNER/APPLICANT: Kalogridis & Kalogridis
Development LLC (Mitchell Kalogridis)

AGENT: Bill Faust

ZONING FROM: W/LO-CO

TO: CS

AREA: 3.639 acres

SUMMARY STAFF RECOMMENDATION (Revised on April 25, 2016):

The Staff's recommendation is to grant general commercial services – conditional overlay (CS-CO) combining district zoning. The Conditional Overlay limits the number of daily vehicle trips to 2,000 and prohibits the following uses: automotive rentals; automotive repair services, automotive sales, automotive washing (of any type), commercial off-street parking, construction sales and services, equipment repair services, equipment sales, exterminating services, laundry services, monument retail sales, plant nursery, service station, and vehicle storage.

ZONING & PLATTING COMMISSION RECOMMENDATION:

April 19, 2016: *APPROVED CS-CO DISTRICT ZONING AS STAFF RECOMMENDED, WITH ADDITIONAL CONDITIONAL OVERLAYS TO PROHIBIT BAIL BOND SERVICES, COMMERCIAL BLOOD PLASMA CENTER AND PAWN SHOP SERVICES, 70% MAXIMUM IMPERVIOUS COVER AND 50 FOOT HEIGHT LIMIT*
[S. HARRIS; B. EVANS – 2ND] (11-0)

ISSUES:

The Applicant is in agreement with the recommendation of the Zoning and Platting Commission. Since action was taken by the Zoning and Platting Commission, Staff has elected to defer right-of-way dedication to the site plan stage.

DEPARTMENT COMMENTS:

The subject rezoning area is undeveloped and has access to East William Cannon Drive and South Pleasant Valley Drive. The property has had warehouse / limited office – conditional overlay (W/LO-CO) district zoning since February 2008, and the Conditional Overlay is for 2,000 trips and prohibits access to South Pleasant Valley Road. The southern portion of the property contains steep slopes. The adjacent property to the north is developed with a service station and convenience store. Across William Cannon to the north and east, there is undeveloped property, Williamson Creek (DR) and the South Austin Soccer Complex (P).

To the south, there is the Onion Creek Greenbelt, as well as a vacated manufactured home community that was known as Onion Creek Forest (MH). The subdivision was vacated following a voluntary buyout program in response to past flooding events. Across Pleasant Valley Drive to the west there are two churches and undeveloped land (SF-2; GR). Please refer to Exhibits A (Zoning Map), A-1 (Aerial View), B (Recorded Plats), C (2008 Rezoning Ordinance) and D (Slopes on the Property).

The Applicant has requested general commercial services (CS) district zoning in order to pursue development of a convenience storage facility, which is first permitted in this district. As information, it is a conditional use in the W/LO district, and height is limited to 25 feet or one story.

In consideration of the Applicant's request, Staff believes that conditions have changed since W/LO-CO zoning was approved in 2008. The most significant change is the vacation of the residential subdivision to the south. Although unchanged since 2009, another consideration is the steep slopes on the southern portion of the property (a 30 foot change in topography), hence development of the property is largely limited to the more gradually sloped northern portion. The Applicant's proposed convenience storage project does not require high visibility, generate much heavy truck traffic or vehicle trips. Due to the property's proximity to Onion Creek, the Conditional Overlay prohibits the more intensive commercial uses.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	W/LO-CO	Undeveloped
<i>North</i>	DR; LR	Service station with food sales (directly north); Williamson Creek and undeveloped land across East William Cannon Drive
<i>South</i>	W/LO-CO; MH; SF-3	Undeveloped; Onion Creek Greenbelt
<i>East</i>	DR; P	Undeveloped; Soccer fields
<i>West</i>	SF-2; GR	Undeveloped; One manufactured home; Two churches

NUMBER	REQUEST	COMMISSION	CITY COUNCIL
C14-02-0030 – South Austin Soccer Complex – 5400-6300 E William Cannon Dr	DR to P	To Grant	Apvd P (5-9-2002).

RELATED CASES:

The property was annexed into the Full-purpose Jurisdiction on September 14, 1972 (C7-72-4AA).

The northern portion of the rezoning area is platted as the Resubdivision of Lot 1 of Onion Creek Forest, Section 3, recorded in June 1975, and the southern portion is a portion of Onion Creek Forest, Section 3, recorded in March 1974 (C8s-75-079 and C8s-73-157, respectively). Please refer to Exhibit B. In November 1974, the City acquired a 0.87 acre area along the south property line for drainage purposes.

On February 28, 2008, the property was rezoned to W/LO-CO and the Conditional Overlay limits development to 2,000 trips per day and prohibits access to South Pleasant Valley Road (C14-06-0213 – Pleasant Valley Self Storage).

ORDINANCE NO. 20080228-099

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE PROPERTY LOCATED AT THE SOUTHEAST CORNER OF EAST WILLIAM CANNON DRIVE AND SOUTH PLEASANT VALLEY ROAD FROM SINGLE FAMILY RESIDENCE STANDARD LOT (SF-2) DISTRICT AND NEIGHBORHOOD COMMERCIAL (LR) DISTRICT TO WAREHOUSE LIMITED OFFICE-CONDITIONAL OVERLAY (W/LO-CO) COMBINING DISTRICT.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to change the base district from single family residence standard lot (SF-2) district and neighborhood commercial (LR) district to warehouse limited office-conditional overlay (W/LO-CO) combining district on the property described in **Zoning Case No. C14-06-0213**, on file at the Neighborhood Planning and Zoning Department, as follows:

Lot 1B, Resubdivision of Lot 1 of Onion Creek Forest Section 3 Subdivision, a subdivision in the City of Austin, Travis County, Texas, according to the map or plat of record in Plat Book 72, Page 61, of the Plat Records of Travis County, Texas; and

Lot 2, Onion Creek Forest Section 3 Subdivision, a subdivision in the City of Austin, Travis County, Texas, according to the map or plat of record in Plat Book 68, Page 48, of the Plat Records of Travis County, Texas (the "Property"),

locally known as the property located at the southeast corner of East William Cannon Drive and South Pleasant Valley Road, in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit "A".

PART 2. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

- A. A site plan or building permit for the Property may not be approved, released, or issued, if the completed development or uses of the Property, considered cumulatively with all existing or previously authorized development and uses, generate traffic that exceeds 2,000 trips per day.

- B. Vehicular access from the Property to South Pleasant Valley Road is prohibited. All vehicular access to the Property shall be from other adjacent public streets or through other adjacent property.

Except as specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the warehouse limited office (W/LO) base district and other applicable requirements of the City Code.

PART 3. This ordinance takes effect on March 10, 2008.

Subject: William cannon at pleasant valley

Please accept this as our request for ROW dedication be postponed until site plan submission. We have no problem with dedication, however we have been informed that the dedication has been done. We do not have a survey with adequate information to show you at this time.

We will be submitting a site plan as soon as possible after our zoning is complete. Wendy Rhoades, our zoning case manager must have everything in by tomorrow, April 22, 2016 to enable us to get 3 readings at Council! Therefore I am out of time to get a survey finalized. Please send Wendy Rhoades an email allowing us to postpone until site plan.

Thank you very much for your time and effort on my behalf, Bill Faust, 512.923.2523 Sent from my iPhone

SUMMARY STAFF RECOMMENDATION (Revised on April 25, 2016):

The Staff's recommendation is to grant general commercial services – conditional overlay (CS-CO) combining district zoning. The Conditional Overlay limits the number of daily vehicle trips to 2,000 and prohibits the following uses: automotive rentals; automotive repair services, automotive sales, automotive washing (of any type), commercial off-street parking, construction sales and services, equipment repair services, equipment sales, exterminating services, laundry services, monument retail sales, plant nursery, service station, and vehicle storage.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. The proposed zoning should be consistent with the purpose statement of the district sought.

Existing zoning: The warehouse/limited office (W/LO) district is intended for office or warehouse use for a building trade or other business that does not require a highly visible location or generate substantial volumes of heavy truck traffic, that generates low or moderate vehicular trips, and requires less access than a retail use.

Proposed zoning: The general commercial services (CS) district is intended predominantly for commercial and industrial activities of a service nature having operating characteristics or traffic service requirements generally incompatible with residential environments. The CS district is best suited for uses located at intersections of arterial roadways or arterials with collector status. The intention is to promote safe and efficient use of transportation facilities.

2. Zoning changes should allow for reasonable use of the property.

In consideration of the Applicant's request, Staff believes that conditions have changed since W/LO-CO zoning was approved in 2008. The most significant change is the vacation of the residential subdivision to the south. Although unchanged since 2009, another consideration is the steep slopes on the southern portion of the property (a 30 foot change in topography), hence development of the property is largely limited to the more gradually sloped northern portion. The Applicant's proposed convenience storage project does not require high visibility, generate much heavy truck traffic or vehicle trips. Due to the property's proximity to Onion Creek, the Conditional Overlay prohibits the more intensive commercial uses.

EXISTING CONDITIONS**Site Characteristics**

The subject property is undeveloped. The northern portion has gradual slopes (ranging from 576 to 568 feet) and the southern portion is heavily treed and has steep slopes ranging from 566 to 534 feet.

Impervious Cover

The maximum impervious cover allowed by the CS district is 80%, based on the more restrictive watershed regulations. In a Suburban Watershed, impervious cover is calculated using the gross site area.

Comprehensive Planning

This rezoning case is located on the east side of S. Pleasant Valley Road, and the south side of E. William Cannon Drive on an undeveloped piece of property that is approximately 3.7 acres in size. This project is located outside the boundaries of a neighborhood planning area. Surrounding land uses includes a gas station to the north; undeveloped land to the south and east, and undeveloped land and a single family house to the west. The proposed use for this property is a storage facility.

Connectivity: There are public sidewalks located along both street frontages of this property but no transit stops. The Walkscore for this site is 30/100, meaning most errands require a car.

Imagine Austin

The property is located along an ‘**Activity Corridor**’, as identified on the Imagine Austin’s Growth Concept Map. Activity Corridors are characterized by a variety of activities and buildings, which are intended to allow people to reside, work, shop, **access services**, people watch, recreate, and hang out without traveling far distances.

The following IACP policies are relevant to this case:

- **LUT P1.** Align land use and transportation planning and decision-making to achieve a **compact and connected city** in line with the growth concept map.
- **LUT P3.** Promote development in compact centers, communities, or **along corridors** that are connected by roads and transit that are designed to encourage walking and bicycling, and reduce health care, housing and transportation costs.

Based on the property being located along an ‘Activity Corridor’, as identified on the Imagine Austin Growth Concept Map and the policies above, which supports commercial uses, the proposed case appears to comply with the Imagine Austin Comprehensive Plan.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Onion Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is a floodplain within the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Numerous trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 512-974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

Site Plan and Compatibility Standards

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted. E William Cannon and S Pleasant Valley are both Suburban Roadways.

The site is subject to compatibility standards. Along a small portion of the southeast and the west property lines, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the east and west property line.
- No parking or driveways are allowed within 25 feet of the property line.
- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Additional design regulations will be enforced at the time a site plan is submitted.

Transportation

The Austin Metropolitan Area Transportation Plan calls for a total of 140 feet of right-of-way for William Cannon Dr. If the requested zoning is granted, then 70 feet of right-of-way should be dedicated existing centerline of William Cannon in accordance with the Transportation Plan [LDC, Sec. 25-6-51 and 25-6-55]. This has been deferred until the time of site plan.

If the requested zoning is granted, it is recommended that joint access be provided for the 2 lots along William Cannon and Pleasant Valley.

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]

The Public Works Department will want to pull the curb alignments back on Pleasant Valley south of William Cannon to provide space for two through lanes and a protected bicycle lane. The future curb alignment will need to move back 6 feet. On William Cannon the curb alignment does not need to change.

According to the Austin 2014 Bicycle Plan approved by Austin City Council in November, 2014, a protected bike lane is recommended for William Cannon Drive and Pleasant Valley Rd.

At the time the 2006-07 case was under consideration, Transportation review staff looked at the Applicant's proposal for driveway access and gave a preliminary indication that driveway separation requirements (from the intersection and from the existing driveway serving the service station) could be achieved. Therefore, access is possible from either Pleasant Valley Drive or William Cannon Drive.

Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at his own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.
