Late Backup

Amend Ordinance Adopting an Updated Sidewalk Master Plan

Add to recommendation on page 3, "Key Recommendations for Existing Sidewalks"

Develop and implement an ongoing vegetative obstruction removal program to enhance functionality of the sidewalk by promoting property owner vegetation maintenance responsibilities, enforcing violations, and pro-actively managing (by the City) public tree obstructions. Develop and implement an appeasement approach for residents who do not have physical or mental capabilities or whom are unable to afford maintaining vegetation around sidewalks at their residence
