What further complicates this situation is that Latinas/os are less likely to seek professional mental health treatment (Alegria, Caninos, Rios, Vera, et al., 2002). Latinas/os are more likely to use non-traditional or informal methods of treating mental health or emotional problems, if they get help at all.

QL1.05	Renteria	Contract with Tejano Heritage Celebration		57,000				Removed by CM Coordinate a statewide celebration acknowledging Tejano heritage, education, history, and musical contributions.
QL1.06	Renteria	Contract with Con Mi Madre for group and individual therapy		50,000				Removed by CM Latina adolescents have the highest rates of suicidal ideation and attempt than any other adolescent group, male or female (Youth Risk Behavior Surveillance System, 2015). Not surprisingly, they also report higher rates of depression (Cespedes & Huey, 2008). What further complicates this situation is that Latinas/os are less likely to seek professional mental health treatment (Alegria, Caninos, Rios, Vera, et al., 2002). Latinas/os are more likely to use non-traditional or informal methods of treating mental health or emotional problems, if they get help at all.

UT3.02	Zimmerman	Do not change the Wholesale Monthly Minimum Charge or the Wholesale Volume Unit Charge: All Volumes (Unit Cost Per 1,000 Gallons) for water for North Austin MUD #1, Northtown MUD, Travis Co. WCID #10, Wells Branch MUD.						In March 2016, Austin Water began billing the 4 petitioners in the wholesale rate appeal at the Public Utility Commission of Texas (PUC) ordered water and wastewater fixed charges and volume rates in accordance with the Commission's January 14, 2016 Order. In addition to setting the petitioner rates, the PUC Order states "the city may not increase water or wastewater rates applicable to the petitioners without prior Commission approval". Consequently, AW has not proposed a water or wastewater rate increase in FY 2017 for the 4 petitioners, with rates remaining at the PUC ordered rates. AW plans to seek PUC approval for new rates for the 4 petitioners after the completion of the our cost of service rate study which is beginning later this summer and will be completed in 2017.
