

Subject: Online Resources for Neighborhoods

Greetings,

Attached you will find electronic versions of each of the handouts you received at last week's "Online Resources" training. Please feel free to share them with your neighbors, post them on your own websites, etc.

Just keep in mind that the various City Departments are always adding/moving pages, and links that work today may not work next time you go there... Thus, I recommend relying on the 2-page handout entitled "Neighborhood Resources Online", as it provides some sense of how resources are catalogued within the departments, in addition to providing the current URLs.

These documents will be consolidated into one larger document and posted somewhere under the Neighborhood Plan Contact Teams page in the near future:

www.austintexas.gov/department/neighborhood-plan-contact-teams. Access to that website is not limited to Contact Teams, although much of the other materials on the Neighborhood Planning pages is relevant only to Neighborhood Plan Areas.

If you have any questions, my contact information is listed below.

Thanks again for attending the training. I hope it proves useful to not only those of you who attended, but your colleagues as well.

Sincerely,

Carol Gibbs
