WHEREAS, throughout Austin and Travis County, hundreds of doctors, nurses, and clinic workers have devoted their medical careers to ensuring access to safe and legal reproductive health care services, including abortion, while often putting their own safety at great risk of harassment and violence; and

WHEREAS, illegal abortion before 1973 caused the death of hundreds of women annually and serious injury to thousands more, which caused great anguish to families and the fabric of U.S. society; and

WHEREAS, every day reproductive health care providers in Austin and Travis County provide safe reproductive health care services to women statewide, including those most marginalized; and

WHEREAS, the constitutional right to privacy, which includes decisions related to abortion as embodied in Roe v. Wade, enabled women to make their own decisions related to reproductive health care and saved women's lives; and

WHEREAS, abortions performed by qualified health care providers are very safe; and

WHEREAS, the right of women to make their own decisions about reproductive health, which includes access to safe, legal, and accessible abortion care, continues to be undermined by various state and federal initiatives;

NOW, THEREFORE,
