Additional Backup Information

Indian Hills is a mixed-use planned community located west of SH 130 and east of FM 973 in the City of Austin's Desired Development Zone. The planned development for the 240-acre Indian Hills property includes approximately 1,200 medium density apartment units and 1.5 million square feet of office, warehouse, distribution and neighborhood retail uses. The center portion of the site will be used for the extension of Decker Lake Road, the main thoroughfare.

The Public Improvement District provides the financing mechanism through the apportionment, levying and collection of assessments to support the issuance of debt for the basic infrastructure that will support the planned community (water, wastewater and roads).

On November 3, 2011, Special Assessment Revenue Bonds, Subordinate Series, in the amount of \$2,332,349.75, and Senior Series, in the amount of \$2,860,000, were sold to finance the infrastructure improvements. Assessments will be used to make the debt service payments on the bonds, fund required reserves and cover administrative costs of administering the PID.

The Service and Assessment Plan covers a period of at least five years and must be updated annually for the purpose of determining the annual budget for improvements and defining the annual assessment, as required by Chapter 372 of the Texas Local Government Code. The Service and Assessment Plan describes the property included in the PID, outlines financing requirements, defines the authorized improvements and associated costs, explains the assessment plan and assessment methodology, defines the terms of the assessments and allocation among land parcels, covers the payment and collection of assessments and explains the assessment roll process. Council approval is required to adopt the annual service plan update.
